VOL 9, NO. 28

To U.S. \$1.50 A YEAR.

BAY ROBERTS, NFLD., FRIDAY, NOVEMBER 9, 1917.

\$1.00 A YEAR, IN ADVANCE

Published by
Authority

Under the provisions of "The Prohibition Act, 1917," His Excellency the Governor in Council has been pleased to approve the following Rules and Regulations, submitted by the Board of Liquor Control.

R. A. SQUIRES,
Colonial Secretary.

Department of Colonial Secretary,
23rd of October, 1917.

Prohibition Act. Rules and Regulations.

A.—The strength of Intoxicating Liquors supplied by the Controller to Licensed Druggists and Licensed Practitioners and dispensed by Controller, Licensed Druggist or Licensed Practitioner shall be 20 per cent. under proof for Brandy, Gin, Rum and Whiskey. The strength of Port Wine, Claret, Sherry, Porter, Stout, Benedictine, Vermouth, Champagne, Liqueurs, Ale and Beer shall be as imported by Controller.

B.—All prescriptions for private patients for Intoxicating liquors to be limited to one prescription at any one time of not more than 8 ozs. per patient, for all Districts supplied by Licensed Druggists and Licensed Practitioners, and outside the Electoral District of St. John's where not so supplied the amount to be limited to a 12 ozs. prescription per patient, except as provided hereinafter. No person is to receive more than one prescription per week, and the Controller, Licensed Druggist and Licensed Practitioner shall refuse to fill more than one prescription for any one person from any other medical practitioner within the said period of one week.

C.—All prescriptions for Port Wine, Claret, Sherry and Champagne shall be limited to a 24 oz. prescription per patient.

D.—All prescriptions for Stout, Porter, Ale and Beer shall be limited to 1 doz. pint bottles per two weeks.

E.—Medical Practitioners may prescribe under Section B. up to the aggregate amount of three gallons only per month each where Licensed Druggists and Licensed Practitioners are established, and 4½ gallons in Electoral Districts where not so supplied.

F.—Medical Practitioners may prescribe under Section C. up to the aggregate amount of five gallons only per month.

G.—The total amount may be exceeded by any Medical Practitioner at the discretion of the Controller up to five prescriptions per month, and any further amount by a special ruling of the Board.

H.—The unused amount which may be to the Doctor's credit any month will not be carried forward.

I.—The Controller shall notify each Medical Practitioner weekly as to the amount of any intoxicating liquor remaining subject to his prescriptions.

J.—When any Medical Practitioner reaches the limited amount at his disposal, the Controller shall notify by post all Licensed Druggists and Licensed Practitioners to refuse further prescriptions signed by that doctor for that month.

K.—Prescriptions shall be written only on printed forms numbered consecutively, supplied by the Controller. The forms to contain spaces for name and address of patient, character of liquor, prescribed dose, doctor's name and date.

L.—The controller, Licensed Druggist and Licensed Practitioner shall cause to be written on prescription the name of the messenger who procures the liquor.

M.—Gummed labels showing the name of the patient, character and strength of liquor, prescribed dose

doctor's name, date, and by whom supplied, shall be placed on each package when prescription is filled.

N.—All manufacturers who obtain intoxicating liquors for manufacturing purposes shall keep a record of the amount supplied by the Controller and report weekly the uses to which same were put, stating the amount of goods manufactured and the percentage of alcohol used. The Controller shall refuse to re-sell to any manufacturer until such returns are received.

O.—The Controller shall have the right to regulate the amount of intoxicating liquor to be supplied to Licensed Druggists and Licensed Practitioner, according to the probable number of prescriptions to be filled by each per month.

P.—The Controller shall keep a separate record for each Medical Practitioner, Licensed Druggist and Licensed Practitioner, and shall prepare and submit a statement to the Board on Monday of each week, showing the number of prescriptions given by each Medical Practitioner, and quantity of intoxicating liquor supplied from each doctor's allotment, and the balance (if any) remaining to his credit; and also showing the amount of intoxicating liquor ordered by Licensed Druggists and Licensed Practitioners located in the Electoral District of St. John's, and the amount supplied by them on prescriptions, also the amount supplied by the Controller on prescriptions.

Q.—The report for Licensed Druggists and Licensed Practitioners located outside the Electoral District of St. John's shall be made not more than one week later. The report shall also include an inventory of all stock on hand, stating character and strength. The strength of draught liquor to be certified to by H. M. Government Analyst by distillation.

FOR SALE

Public Notice

For the purpose of revising the Lists of Grand and Petty Jurors for that part of the Electoral District of Harbor Grace contained within a radius of seven miles from the Court House, Harbor Grace, a Court of Revision will be held in the Court House, Harbor Grace, on THURSDAY, the 6th day of November next, and on each alternate day until Thursday the 16th day of November from 11 a.m. to 3 p.m. Of which all persons concerned will take due notice and govern themselves accordingly.

W. A. OKE,
Revising Magistrate.
Magistrate's Office,
Hr. Grace, Oct. 26, 1917.

Christmas Parcels

The Christmas rush is great in normal times. With millions of men under arms it is a tremendous strain on all Postal Staffs, and delays are unavoidable.

In the Old Country 75 per cent. of trained Postal Officials are with the Army, and their work is being done by untrained men and women.

For the Home parcels to reach England before Christmas, the sooner they are posted the surer will their timely delivery be.

Please pack securely. Do not use sharp edged boxes. Square boxes should always have their edges padded.

J. ALEX ROBINSON,
Postmaster-General.

Advertising is the life of
trade.

Dress Tweeds

TWEEDS are going to be very popular this Fall, largely on account of their good wearing qualities.

We show a large range of the best colors and mixtures, at

We cannot guarantee to insert items of news or advertisements received after the Thursday morning. All small and transient advertisements must be paid for at the time of insertion. The number of insertions must be specified.

BAY ROBERTS, FRIDAY, NOV. 9, 1917.

The Managing Director of the Newfoundland Shipbuilding Co., Capt. Anonson, invited a number of the leading men of the Country to inspect the Company's plant at Harbor Grace on Wednesday, Oct. 24th, and a special train conveyed these gentlemen to the site.

Among the visitors were Hon. W. F. Loyd, acting Premier; Hon. W. W. Halfyard, Minister of Agriculture and Mines; Mr. J. G. Stone, Minister of Marine and Fisheries; Hon. W. F. Coaker, W. J. Ellis and Tasker Cook, Norwegian Consul; Messrs. Eric Bowring, W. A. Munn, Fred Hayward, F. P. Blackwood, K. C., J. W. N. Johnstone, G. P. A. Reid, C., representatives of the St. John's Press and the Editor of the Guardian.

A number of Harbor Grace citizens met the visitors at the site of the old railway station and motor cars and carriages conveyed the party to the company's extensive premises, where they were cordially received by the officials.

Mr. C. L. T. Roehrer, B. Sc., took charge of the visitors and showed and explained the various details of his company's plans, which when fully developed, will become an enterprise of great magnitude, and mean much to the future development of Harbor Grace, the District and the country in general.

The company plans big undertakings in connection with wooden shipbuilding, steel shipbuilding, herring barrel factory, cold storage plant, etc. They will also engage in the general fishing business of the country.

Mr. C. Laarson, a mining engineer, will explore the mineral resources of the country, the idea being to secure iron ore and establish a smelting plant in connection principally with the construction of steel ships.

The area to be covered by the plant will be 800x200 ft., or about 16 acres. Already about 150 men are employed grading the land, erecting buildings, constructing piers, etc. The work is

PURE RICH BLOOD PREVENTS DISEASE

Red blood—that is, blood that is impure or impoverished, thin and pale—is responsible for more ailments than anything else. It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions and is the most common cause of disease.

Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red-blood corpuscles, and building up the whole system. Get it today.

to be rushed, so that the company may lay the first keel in January. The loss of the S. S. Norge with a cargo of machinery and material is a serious draw back to the progress of the work.

A large shed will be erected on the water front in which five wooden ships of 450 tons each will be built simultaneously. All the blacksmithing and sailmaking will be done on the plant. An average of one vessel per month ready for sea is anticipated.

Hundreds of men will be employed the coming winter, under the foreman ship of Mr. C. F. Lange, cutting timber. The sum of \$300,000 has, we understand, already been spent, and about \$1,000,000 will have to be expended before the first ship is completed.

The benefits accruing from this large expenditure will readily be seen. We have conversed with some of the company's officials, and they have impressed us as being men of practical and progressive ideas, backed up by large capital, just the men we need in this old new country for the development of enterprise and its staple industry, the fisheries.

Since the inspection of the plant by the Government has appointed a committee to consider the question of a bonus on shipbuilding particularly as it applies to the Har Grace company, and we earnestly trust that some amicable settlement will be arranged so that the company may remain with us and develop all their plans.

The company decided to build ships here in consideration of the Government bounty of \$20 per ton. But the Government has recently decided to limit the bounty to vessels of 120 tons and under. This decision affects the operations of the company, because of the size ship they plan to build. We believe, however, that an agreement should and will be reached between the Government and the Company which will be mutually advantageous to both.

Our new stock of Serge and Tweeds have just been opened, and having ordered these before the rise in price of Woolens, we are able to give our customers the advantage of old prices.

Order that suit or raincoat now as the season is advancing, as you will have to pay considerably more later on.

JOHN MAUNDER,
281-283 Duckworth Street,
St. John's.

For Sale
