THE CITY COUNCIL

Lagar Beer Brewery Asks for Exemption if Established.

Ald. Cowan Thinks the Money Spent on King Street Repairs Wasted —Accounts Passed.

There were present at last evening's session of the city council the mayor and Ald. Scane, McKeough, Martin, Fleming, Cowan and Liddy.

Ald. Scane submitted a list of lands omitted from the assessment roll, which were ordered entered.

A petition was read against the granolithic walk on Witherspoon St. On motion of Ald. McKeough it was received and initiatory proceedings withdrawn and plank walk petition accepted.

Communication was received from Amhersburg Stone Co., offering stone laid down in Chatham for $1.30 per ton.

PROPOSES A BREWERY.

Geo. Sedgemore wrote that he intended to establish a lager beer brewery in the city and asked exemption of taxes on improvement to be made of property secured.

F. Marx was heard in this connection and made a strong plea for the industry in the city's interests.

The matter was left with a committee consisting of Ald. Scane, McKeough and Fleming.

FINANCE REPORT.

Ald. Scane reported:

I.—The claim of L. F. Wilson, through his solicitor, Ward Stanworth, for damages to horse by reason of non-repair of Baxter St., we find the street was out of repair and damages were sustained, and Mr. Wilson agrees to accept $17 in full satisfaction. Recommend payment of that amount.

II.—We recommend the granting of the following petitions to be relieved from payment of dog tax:—F. W. Martin, J. C. Wanless, G. Lepine, Bert Coleman and Rich. Masters.

Adopted.

BOARD OF WORKS.

Ald. Martin reported:

I.—That the bill of the Waterworks Dept. against the corporation for water used in the flush tank on St. Clair street, from Oct. '98 to July '99, amounting to 208,800 gallons, at 16c. per M, and amounting to $33.40, be paid, and we further recommend the discontinuance of the use of said water on account of the cost, until some other arrangement be come to.

II.—That the account of Fred Hales, amounting to $6.48, for flag stones for street crossings, be paid.

III.—That the petition of G. W. Cornell and others, for a man-hole into the sewer at its junction with West and Wellington Sts., be granted by construction of said man-hole or intake.

IV.—Thos. M. Rime, contractor for the cement walks made last year, assures the board that he has ordered both cement and gravel and is expecting them immediately to go on and repair the defective walks now remaining to be done.

V.—Two of the members of the board of works, with the city engineer and contractor, went carefully over the cement walk on north side of Dover St. and had an iron gauge made specially to reach in under the walk to test the thickness of the cement walk, and in from fifteen to twenty tests we found it averaging about the measurement required by the specifications, viz., 1 1-2 inches, and consider it a fairly honest job, making an excellent walk. We therefore recommend that the contractor, Wm. H. Carswell, be paid on account the progress estimates from the engineer.

VI.—Your committee beg to further report that the repairs to King St. are now finished at a cost all told of $311. This includes every item of outlay in connection with the said repairs.

PROPERTY.

Ald. Cowan reported:

Re account from the Bell Telephone Co. for repairs for Fire alarm, amounting to $1.50, we recommend payment.

Adopted.

In connection with clause 5 of the board of works report Ald. Liddy said Inspector Plumridge had told him that there was a difference of $18 per day in favor of the contractor between the walk as laid and the specifications. He did not want to make any accusations, but he thought the matter should be investigated.

The mayor thought if the inspector had made such a statement, it should be investigated and referred the matter to the board of works.

WASTE OF MONEY.

In connection with the repairing of King St. Ald. Cowan said it was too late to protest against the expenditure after it had been authorized and made, but it seemed to him that the money had been just thrown in the hole.

Ald. Martin replied that he agreed perfectly with Ald. Cowan's remarks. In fact, the money had been sunk in a number of holes. The council had agreed to put the money in them, had done so and filled them up.

Ald. Liddy drew attention to the breakwater at the Fifth St. bridge, which needed repairs. Referred to property committee.

Several local improvement by-laws were then put through their initiatory stages.

ON MONDAY NEXT

Police Magistrate Gosnell will Give his Decision

On the Charge Against Willie Houston of Shooting Lyell Stephens

After The Planet went to press yesterday the evidence touching the actual shooting at the time Lyell Stephens was fatally injured at Erie Beach was taken.

WAS AT THE BONFIRE.

Margaret Bell, sworn, said, I was present at the time of the shooting. There were present Mabel Ross, Mizie, Bell, Chas. Bell, Geo. Bell, Lyell Stephens and myself. We were sitting by the bonfire and heard report of a rifle. I had no idea where it was fired. I heard another report and saw the flash from the top of the bank. We heard a third report and Mabel Ross, Geo. Bell and myself were hit with shot. We called out. My brother George and Lyell Stephens picked up some stones and started to run towards the bank. I couldn't see them after they got out of the light of the fire. I didn't hear any report but I heard Lyell Stephens cry out that he was hit and just as he reached the bonfire he fell over. The shooting occurred about 9.45. George Bell, Donald Douglas, Percy Kemp and Rege Rutherford gathered the wood for our fire. The bonfire was not on a log.

Mr. Lewis did not cross examine this witness.

Witness added—Lyell was stirring the bonfire when the shot hit us. He ran towards the lake for stones and then went north to the bank. I think he ran towards the flash. I did not see any of the shot. Something struck me, I thought it was shot, but it might not have been. It brought blood and left a mark next day.

CHAS. BELL

Said he was present on the lake-shore at the time of the shooting. There were two rifle shots fired close together from the bank of the lake. I saw the flash and heard the reports. A third shot was fired and I heard it strike in the sand and some of the party complained of being hit. My brother said something to the parties on the bank after the second shot, calling to them. After the second shot Lyell got up to stir the fire. My brother got up and ran toward the bank calling Lyell to follow him. Lyell followed a few seconds afterward. A fourth shot was fired and then deceased complained of feeling sick. I don't know the words he used. He staggered forward on his hands and knees, got up, came towards the fire and fell again saying that he was hit. I then saw the wound and blood. My brother and I carried him home. I believe Lyell would be seen by the parties above. He would be about 15 or 20 ft. from the fire when he was hit.

Cross-examined by Mr. Lewis — I thought from the first two flashes that the gun was on a level and the shots were going over our heads. I only saw the first two. Didn't pay any attention to the firing. Rather thought it was some joke being played. It was not a very dark night on a very light night. The parties on the bank could see us easier than we could see them. There was nothing but the best of feeling between our party and Willie Houston as far as I know.

SAW LYELL FALL.

George Bell—Heard evidence of my brother Charles and I agree with it. I had run up and thrown the stones, and was coming back when Lyell was hit. He cried, Oh, George, I am hurt or sick or something, and then fell. I afterwards went with Major Coogan to the top of the hill. We found two cartridges, one was an empty and the other was laden. Saw the second flash, the third and the fourth.

After George Bell had given his evidence the announcement was made by the crown attorney that the case had been presented.

Mr. Lewis urged that Mrs. Harry Stevens should have been called by the crown. The only real evidence was the admission of Willie Houston to Mrs. Bell. Mrs. Bell had said she was excited and nervous and that Willie Houston had hesitated and that she had not waited to hear anything further but had gone into the house. The crown had ignored what Willie had added and which Mrs. Harry Stevens had heard. Mr. Lewis contended that in consequence of this, Mrs. Bell's evidence should not be taken into consideration at all. He quoted authorities.

P. M. Gosnell reserved judgment on the point taken. The case was adjourned till Monday, Sept. 11, at 9.30.

Red Hot From the Gun.

Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil War. It caused horrible Ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felons, Corns, Skin Eruptions, Best Pile cure on earth. 25c. a box. Cure guaranteed. Sold by A. I. McCall & Co., Druggists.

TELEGRAPH NEWS

Many delegates are at Hamilton attending the convention to discuss municipal affairs.

The Volksraad has fixed on Thursday to discuss Great Britain's threatening attitude in assembling troops on the Transvaal frontier.

Two of the gang of tramps recently arrested have been identified as participants in the robbery of the Standard bank at Bowmanville by the night-watchman of that town, who, it will be remembered, was gagged at the time.

The British war office has notified a number of Canadian officers who wanted to go to South Africa that it does not expect war. If Canada organizes a regiment for service there it will have to equip it.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on A. I. McCall & Co., Druggists, and get a free trial bottle. Regular size 50c. and $1. Every bottle guaranteed, or price refunded.

It is too often forgotten, that better does not necessarily imply "good."

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by A. I. McCall & Co.

It is easier to wish than it is to work—and more people are in the business.
