Mining Town in Arizona Has Been Wiped Out by the Flames

Publicity Campaign BRINGING SETTLERS Typical Instance of Well-to-Do Easterners Who Succumb to Potent Charm of Island

That the world-wide publicity campaign engaged in by the Vancouver Island Development League is attracting the finest class of settlers from all points is shown by continual visits which the league's Victoria headquarters is receiving from people who have been brought here through its inducements and have become captivated by the charms and opportunities presented to them. These settlers are almost without exception keen business people possessed of considerable means and, as the league secretary expressed it to a Times reporter to-day, "to settle one of them in the island is of more consequence than to attract a hundred transient tourists."

MILITIA WILL STOP FIGHT

LANGFORD-KAUFMAN BOUT CALLED OUT TO PREVENT

Governor of California Says There Will Be No More Fighting in State

(Times Leased Wire). San Francisco, Cal., June 17.—"We have had enough of prize fights and prize fight promoters," said Governor Gillett to-day, commenting on his action in calling out the militia to prevent the Langford-Kaufman battle here to-morrow.

"When they lick the state of California they can go ahead and lick each other, but not before I don't care what they do or what they say, the law is not to be broken again in California. We will stop the fight to-morrow, and every other one."

Governor Gillett was in conference with Adjutant-General Lauck at the Palace hotel and at noon decided to order out state troops to prevent the fight. He thereupon sent a formal telegram to General Lauck at the adjutant-general's office in Sacramento ordering that the action be taken.

The troops will be held in readiness all day to-morrow to rush to the Blot and Eighth and Howard streets, where the fight is scheduled to take place. The state militia is in encampment at various presidios in California, and it is probable that two companies at least will be used.

Attorney-General Webb has announced his intention of being at the ripside to determine the legality of the fight in case the courts do not immediately grant an injunction to the state officials to prevent the fight. When he decides that the bout is illegal he will call upon the courts for warrants for the arrest of the principals on charges of felony.

Should the officers of the law in San Francisco county fail to take action on the warrants the militia will execute the orders of the attorney-general and interfere.

Promoter's Statement. "The Langford-Kaufman fight will be held." This was the emphatic statement of Promoter Louis Blot to-day in regard to statements by Attorney-General Webb that he will prevent the match from taking place, either through injunction proceedings or else by stopping the battle after a round or two and having the principals and referee arrested for violation of the state law relating to prize fighting.

"If Webb tries to get out an injunction to-day we are prepared to fight it. We will fight it to the bitter end. It will be a week by the court then Webb cannot interfere, as he has no right to declare martial law by stepping in and raiding a place until the mayor of this city has given him that he is unable to enforce the law and calls upon Gillett to help him."

Conner to the United States senate to-day gave the prosecution a hard blow when he went on the stand and repudiated the confession. Link testified that when Browne requested him to vote for Lorimer he said he would as he had already promised Lorimer his support. He denied emphatically that he was bribed.

ON CROSS-EXAMINATION Link charged that the state's attorney and the police "bullyragged" him, and that when he asked to see his wife they told him to "choose between his wife and penitentiary."

THE STATEMENTS OF LINK created a great sensation.

WOMAN LOSES LIFE IN FIRE

PERISHES WHEN FLAMES DESTROY HER HOME

(Special to the Times). Port Arthur, June 17.—At least one person is dead as a result of the forest fires which have been devastating this district for several days.

Mrs. Christopher Evans, of O'Connor township, was smothered in the burning of her home while her husband was away with other settlers fighting the advance of the flames, believing his own place to be in no immediate danger.

Fred and H. Winslow, brothers, who lost heavily by the destruction of logs in the vicinity of Kakabeeka have not reported to any of the villagers for a couple of days and while there is no certainty they have been lost it is feared to have been the case.

Flames are still licking up the woods and timber and endangering settlers. The heavy thunderstorm which burst over Port Arthur this morning does not seem to have been general. Though there was a heavy rainfall here there was practically none even as close as Port William. Kakabeeka district got a little, but according to telephone reports only enough to lay the dust.

HYMERS SECTION FARED BETTER, getting a copious rain which has put an end to the serious fires there at least for a time and has given settlers and villagers a chance to rest from labors which have been exhausting their energies for several days past.

THE INDICATIONS TO-NIGHT are again for rain.

FOUR INJURED IN WRECK. Arlington, Ore., June 17.—Fireman Hinkis and Brakeman A. O. Strule, of the Dallas, and two tramps are in a serious condition to-day as a result of injuries sustained last night when an extra O. R. & N. freight train was wrecked on a curve a mile east of here.

THE TRAIN was travelling at a high rate of speed when the engine struck a huge boulder which had fallen on the tracks from the cliffs above. The tender of the locomotive was hurled into the Columbia river, 18 freight cars were made into kindling wood and the wreck took up for 300 feet. The wreck blocked traffic for several hours.

Strule, the most seriously injured, is not expected to live.
