

Making Good Makes Friends

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards. A good, honest square-deal medicine of known composition is

Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy. They regulate and invigorate Stomach, Liver and Bowels.

ACTIVITY IN CHURCH WORK CONGREGATIONALISTS REVIEW PAST YEAR

Reports Show Gratifying Results During the Twelve Months.

The past week has been one of strenuous activity for the members of the Congregational church. The annual business meetings of its various organizations have all been held, culminating in the annual meeting of the church and congregation on Thursday evening last.

The reports presented to this meeting from the different organizations showed that much progress had been made in all departments of the church's work.

The pastor, Rev. H. A. Carson, was able to report a very gratifying increase in the membership, thirty-six having united with the church during the year. This is an increase of 35 per cent. over last year.

The treasurer, A. Brak, presented a report showing that nearly \$2,000 had been through the treasurer's hands from the general income of the church, and when all departments were totaled the amount came within a few dollars of \$3,000.

The Ladies' Aid Society had a very successful year. The society was most active, not only in the financial, but also in the practical side of the church's work. The funds raised by the Society showed a material increase over past years, and the work of visitation, both among the sick and among newcomers, had been well attended to. The officers of the society for 1909 are: Mrs. George Herd, president; Mrs. D. Sprague, vice-president; Mrs. A. Brak, treasurer; Mrs. A. Vegellus, secretary. Reference was made to the fact that for the first time in their history the ladies had had a booth on the fair grounds, and while giving good satisfaction to their customers, were able to report a substantial amount for their funds.

The report presented by the superintendent of the Sunday school provided that institution to be in a most flourishing condition. There are one hundred names on the roll, not including the home department and cradle roll, and the average attendance for the past year was 69. The treasurer of the school was able to report a balance in hand after all expenses were paid. The men's own Bible class had grown from ten in number to twenty-five, and was doing splendid work under the leadership of George Carter, teacher of the class. The officers for the year are: President, A. Housell; treasurer, M. Carter; secretary, R. Smith. The Ladies' Bible class recently organized, was doing good work and already had a membership of twelve. A teacher was

needed for this class, but the superintendent hopes to soon hear of a suitable person for this office. The officers of the class are: President, Miss N. Snowcroft; secretary, Miss E. Vigellus. The report stated that one of the most gratifying features of the year's work was the fact that members of the men's own and scholars of the Sunday school had united with the church during the year, thus showing that officers and teachers were faithful in keeping before them the true ideal of the Sunday school.

The following is the list of officers and teachers: Superintendent, J. E. Andrews, (re-elected); secretary, Miss M. Brak; treasurer, Miss Florence Roberts; organist, Prof. Bleasdale; home department, Miss Cullen and Miss Brak; cradle roll, Miss Winnie Snowcroft; librarian, Miss Brak; teachers, Miss W. Snowcroft, Miss F. Roberts, Miss M. Cullen, Mrs. Housell, Miss Brak and Miss M. Brak. Rev. H. A. Carson and Geo. Carter.

The superintendent, who received the very hearty commendation of the meeting for his efficient work, stated that the aim of the school for 1909 was to have 150 scholars and an enlarged and modernized library.

The Young People's Society of Willing Workers reported having raised nearly \$150 during the year, \$35 of which was for foreign missions. The society had done excellent work and was in a most prosperous condition. The officers are: Miss Nellie Snowcroft, president; Miss May Cullen, secretary; T. Liddiard, treasurer, with Rev. H. A. Carson, hon. president. The representatives of the Young People's Union of the city is Harold Roberts, and to the Citizens' League, John Martin. The different committees elected at the annual meeting were social, literary, missionary, devotional, look out, and flower.

The fellowship fund, which was the offerings taken at the sacramental services during the year, amounted to nearly \$60. This fund was kept for charitable purposes and was used as need was found for it.

It was reported that a sum of nearly \$300 was in hand for the general improvement scheme, and it is expected that this matter will be successfully accomplished at an early date.

The laymen's missionary committee had accomplished some good work during the two months of their existence and had endeavored to stimulate the regular giving into the church funds as well as to call more particular attention to missionary work.

The church officers for the year were appointed as follows: Secretary, L. A. Campbell, W. Williams; treasurer, A. Brak, 1433 Elford street.

Two vacancies occurred on the board of deacons, and these were filled by the unanimous re-election of those retiring, A. Howell and Joe Reid. The finance board of the church follows: Messrs. Andrews, Brak, Stevens, Housell, Carter, Roberts and Carmichael. Membership, reception and music committees were also appointed and the laymen's missionary committee was organized in office. Mrs. George Herd was reappointed correspondent for the Canadian Congregationalist.

The meeting was well attended and was a most enthusiastic and united one.

PREMEDITATED SUICIDE.

Verdict Returned in the Case of Man Found Dead in His Room.

A verdict of "premeditated suicide" was returned Friday afternoon at the inquest held in the city hall on the body of the man who registered at the Queens hotel on Sunday. Albert Ehmman, and was found dead in bed Wednesday afternoon.

The evidence given at the inquest was similar to that already published. Frank Bayley, of the Queens hotel, related the circumstances connected with the finding of the body. Constable Blackstock told of finding a bottle containing carbolic acid in the room and that the man had been found dead in bed. The coroner said the store where the carbolic acid had been purchased had not been fortunately not on the poison list. The jury consisted of W. E. Laird, foreman; H. J. R. Cullen, A. Peden, F. Bitten-court, R. Williams and F. N. Costin.

SERVIAN CABINET.

Belgrade, Jan. 16.—The Servian cabinet for the third time has tendered its resignation, which King Peter is considering.

—The Conservatives met in Labor hall Friday night and selected delegates for the provincial convention which meets Friday.

MOULDING OF IMPERIAL ARMY

SIR FREDERICK BORDEN TALKS OF SCHEME

Project Already Materializing by an Exchange of Officers.

London, Jan. 16.—Before sailing for Canada on the Empress of Britain yesterday, Sir Frederick Borden, in an interview, said:

"On political questions we want to be good neighbors and friends, but on trade questions the United States has taken a line of policy, presumably from national motives, which excludes us. We accept the situation and pursue our own policy. Any concession or reopening of trade questions must come from the United States."

Sir F. Borden also stated: "I had a series of conferences with the Right Hon. Mr. Haldane, members of the Army Council and also general heads of Australia with reference to the proposed Imperial general staff. An advance is being made for steps which are being taken to make regulations and to formulate plans for what was only a general idea. There are, however, certain difficulties as to questions of administration and the like to be overcome. The scheme is hardly yet materialized but still there is progress. The exchange of officers in various parts of the Empire has been going on for some time but this is only part of the scheme. In the case of Canada, for instance, we may have four or five members of the general staff, or in other words, our own general staff, which would form part of the Imperial general staff."

PORT ESSINGTON ISOLATED BY ICE

Number of Railway Camps Reported to Be Short of Supplies.

(Special Correspondence.) Prince Rupert, Jan. 14.—For a distance of forty miles from its mouth the Skeena river is now one solid mass of broken cakes of ice piled high in the air by the force of the tides, and has the appearance of an Antarctic. No steamers have been able to reach Port Essington for a week, and the town is completely isolated.

Some of the tidewater railway camps were reported to be short of supplies, and while the river remains blocked it is impossible to ship any more in. All camps farther up the Skeena were well supplied before the close of navigation, but the tidewater camps were left for winter service, which can usually be carried on. With the severe weather of the past ten days, they, too, have been cut off. Some camps are said to have but little more than a month's supplies, so that unless the weather moderates and the ice moves out, they will have to be closed down and the men discharged.

The next school board meeting is for Wednesday night, and the question of whether Mr. Dempster will sit on the board as a matter of course, though the next highest candidate to be elected, Mr. Dempster will be following. Mr. Dempster will be following. Mr. Dempster will be following.

Local Civil Servants Form an Association and Elect Officers.

Throughout the Dominion of Canada the civil servants have been organized into societies for mutual benefit. Following the example of other cities the civil servants of Victoria have fallen in line and at a meeting in the postoffice building last evening the new association was launched and officers for the coming year elected as follows: President, W. Henderson, resident architect; vice-president, William B. Winsby, customs appraiser; secretary-treasurer, C. Findlay, executive committee, E. Baynes, Reid, Capt. Gaudin, Mr. Shepherd, Walter Winsby, Dr. Milne, J. Wallace, W. Stevens, J. G. Brown and F. W.

Mr. Dempster, who was fourth on the poll, said this morning before knowing that Mr. Tait had come to his decision not to sit on the board, that he would not take any action to dispossess him of the seat. He thought, however, some difficulty might arise if Mr. Tait sat on the board.

George Jay, chairman of school trustees, when told of Mr. Tait's decision and asked as to what action would be taken by the board, said it looked as if another election would be necessary as Mr. Tait having been declared elected, would now fall to qualify and could not take his seat, and as the act states "an election shall take place when a vacancy occurs from any cause whatsoever," another election for the third man may be necessary. However Mr. Jay said the school board would have the matter before them due course and would doubtless take some action, although what that action would be he could not at the present time say.

The next school board meeting is for Wednesday night, and the question of whether Mr. Dempster will sit on the board as a matter of course, though the next highest candidate to be elected, Mr. Dempster will be following. Mr. Dempster will be following.

CANADA'S MARINE POLICE WORK

Suggestion That Old Navy Vessels Should Be Used.

London, Eng., Jan. 16.—Suggestions that discarded vessels of the navy should be assigned to Canadian marine police work finds support here. It is pointed out that Canada would thus save the expense of the construction of ships unless for fighting, and she should be encouraged to invest money in ships fit for service in the navy.

NEW PRIVY COUNCILLORS.

Ottawa, Jan. 16.—The official announcement appears in the Canada Gazette, of the appointment of the Hon. Raoul Dandur and the Hon. R. F. Sutherland, M. P., speakers respectively of the senate and the commons, to be members of the King's Privy Council in Canada, an honor which has been paid to previous speakers of the Canadian houses of parliament.

LEONARD TAIT HAS DECIDED TO RETIRE

He Finds He is Not Qualified to Sit on School Board.

Leonard Tait, elected for school trustees at the municipal elections Thursday, about whose eligibility to hold office as a school trustee some doubt has been thrown, announced this morning that he had decided not to take office, and would so acquaint the proper authorities.

The reason of Mr. Tait's retirement is owing to the fact that he cannot qualify for a seat on the school board, as he is not a resident within the city municipal limits, a condition which is required under the school act.

This morning Mr. Tait said he was very sorry the mistake had been made. It was solely due to the fact that he was unaware of the condition required under the act. He regrets very much not having looked into the school laws governing the election before announcing his candidature.

The question as to what course will be followed now is uncertain. Mr. Northcott, returning officer, has declared Mr. Tait elected, and apparently Mr. Tait's only recourse is to hand in his resignation from the position he has been declared to occupy. The resignation will have to be placed with the school board, but what action will follow after that is at present uncertain.

Mr. Dempster, who was fourth on the poll, said this morning before knowing that Mr. Tait had come to his decision not to sit on the board, that he would not take any action to dispossess him of the seat. He thought, however, some difficulty might arise if Mr. Tait sat on the board.

CHANCE FOR CITIZENS TO HEAR TOM RICHARDSON

Board of Trade Will Allow Sale of Tickets—R. Marpole May Attend.

Active interest is being manifested by the C. P. R. in the convention here next week to discuss development plans for Vancouver Island, and in the luncheon at which Tom Richardson, the Portland publicity man, is to speak. The secretary of the board of trade, F. Elworthy, has received word from the company's coast executive representative, Richard Marpole, stating that he expects to be here on behalf of the E. & N. and the C. P. R. interests generally. In any event, Leonard H. Solly, E. & N. land agent, will represent the E. & N. land grant. Mr. Elworthy has also been advised from North Saanich that W. R. Armstrong will represent that municipality. Every municipality on the island will thus have a delegate present.

An opportunity will be afforded to the citizens of Victoria generally who desire to hear the suggestions of Mr. Richardson, a promotion and publicity work as applied to this city. With that in view the reception committee of the Board of Trade has decided to permit the sale of tickets for the luncheon to be extended outside the membership of the board, and to the limit of the Empress dining-room, where the luncheon will be held on Friday next.

These tickets, costing only \$1 each, can be had from A. T. Goward, G. A. Kirk, D. M. Eberts, C. W. Rhodes, J. E. Wilson and F. Elworthy, secretary of the board. Mr. Richardson's speech will be well worth hearing, and the man who has devised successful plans for the development of other areas and cities is certain to give Victorians some valuable pointers in regard to the line of work the Tourist Association has been trying to do here. Opponents of the civic grant to that association could not do better than hear what an expert has to say of the value of such work to any city.

Mr. Richardson's speech will be well worth hearing, and the man who has devised successful plans for the development of other areas and cities is certain to give Victorians some valuable pointers in regard to the line of work the Tourist Association has been trying to do here. Opponents of the civic grant to that association could not do better than hear what an expert has to say of the value of such work to any city.

These tickets, costing only \$1 each, can be had from A. T. Goward, G. A. Kirk, D. M. Eberts, C. W. Rhodes, J. E. Wilson and F. Elworthy, secretary of the board.
