### ENCOURAGING TOURISTS TO COME

The annual meeting of the Tourist Association is an event of yearly growing interest, for the reason that the people realize more fully each year the value of tourist travel and the possibilities for its development. The provincial government's exhibit at the Sportsman's Show in Boston, coupled with a judicious circulation of good tourist literature, should produce good results. Our own association has done good work along that line, and has also made it easier for the visitor to St. John to see without so much enquiry and difficulty what there is of interest hereabouts. There is still much to be done, and the zealous members of the executive of the association should be encouraged by a large attendance of citizens at the board of trade rooms on Friday evening.

### THE TARIFF.

It will be observed that when the liberal papers publish items from Ottawa stating that this or that manufacturing interest is seeking a re-adjustment of the tariff there is nothing said about bloated monopolists or the iniquity of a protective tariff. This is a healthy sign, and those journals are to be congratulated. Canada's chief competitor in the markets of the world is a country whose tariff is higher than ours. There should be no lowering of duties to give the Americans an advantage in our market, but rather a nearer approach in our tariff against them to the level of theirs against Canadian goods. By holding our own markets we strengthen our own industries, and better enable them to meet competition in markets elsewhere.

### TO TRY NEW METHODS.

The Americans have found that lenient treatment of the Filipinos is not productive of the best results. So Gen. Bell, who has charge of the military district of Batangas, south of Manila, has determined to prosecute the war in a more vigorous fashion. The method to be adopted involves reconcentration camps, and the unsparing punishment of spies and traitors. It will give a certain portion of the American press an opportunity to turn from the discussion of the concentration camps in South Africa and pay some slight attention to matters nearer home. It will also afford an opportunity to men like Representative Smith to prepare and present lengthy resolutions to the effect that spies, traitors and those convicted of murder and the like, should not be severely punished. It certainly is an ill wind that does no one some good.

Dr. Ellis and Morris deserve the complimentary things that are being said about them for the courageous and untiring manner in which their duties were performed during the last few months. They deserve more than kind words, and the citizens will endorse a liberal recognition by the municipal council of the service of these young men. The members of the Evangelical Alliance are also commended for the steps they are taking to formally and substantially acknowledge the services of Rev. H. H. Roach. Nor should the public forget the generous action of Rev. W. O. Raymond, Rev. Fr. Cronin, and the devoted nurses who so promptly responded when their services were needed.

The Telegraph utilizes nearly a column of editorial space this morning to explain why the I. C. R. elevator is idle this winter. The reason given is that Mr. Blair does not wish to worry the C. P. R. by competition. But it was the Grand Trunk and the port of Portland, Me., that Mr. Blair pledged himself to compete against, and he is not doing it. Nor was he always so zealous in his desire not to embarrass the Canadian Pacific railway company. The Telegraph should give its readers a little further explanation.

Any attempt on the part of the pro-Boer politicians in the United States to worry congress into such action as might tend to embarrass England in her relations with South Africa will be met by the example of England when European nations wanted to meddle in the dispute between the United States and Spain. The publication of the facts in that affair is opportune, and will effectively prevent anything more serious than an outburst of rhetoric, which breaks no bones.

The Montreal correspondent of the Wine and Spirit Journal makes the following rather startling statement:—"Your correspondent learns on extremely reliable authority that a charge is to be made against a member of the Dominion Parliament, and a prominent temperance advocate, of trafficking in Yukon liquor permits."

### ANNUAL DINNER.

Of the St. John Iron and Hardware Association Last Night.

The annual dinner of the St. John Iron and Hardware Association was held last evening at the Union Club. These gatherings are always very pleasant affairs, but that of last night was in all respects far ahead of its predecessors. About 40 members were present, including: W. H. Thorne, S. Hayward, P. McMichael, Wm. Jarvis, J. W. Daniel, Geo. Robertson, J. E. Emerson, W. S. Fisher, F. H. Barr, John Keefe, H. Coates, P. Gorman, M. E. Agar, A. M. Rowan, C. H. Lee, J. W. Addison, D. Hudson, H. G. Rogers, Thos. Bell, H. A. McAvity, D. L. Nobles, J. Morris, J. S. Neill, Dr. McCully, W. O. Purdy, T. M. Robinson, J. G. Harrison, J. W. McAvity, J. J. Foote, T. P. Breen, Wm. Greig, Wm. Gunn, J. A. McAvity, Fred. Foster, H. R. Dunn, Chas. McDonald, J. J. Barry, F. C. Lee, Geo. McDonald. W. S. Hayward was in the chair. The dinner was a credit to Union Club catering.

After the good things had been disposed of, to the capacity of the party, the toast list was taken up and business-like, witty and semi-serious speeches came fast on each other's heels, spiced with song and sentiment. The King, by the chair, was duly honored, and W. S. Fisher and W. H. Thorne responded to Our Association. P. McMichael proposed Our Sister Associations, which drew forth a response from J. J. Foote, a song from Wm. Greig and a recitation by J. Morris. W. S. Fisher gave The City of St. John, to which Mayor Daniel replied in felicitous terms, as did also W. M. Jarvis and Ald. Robinson. Miles E. Agar proposed the Iron and Hardware Association, which drew forth a response from J. J. Foote, a song from Wm. Greig and a recitation by J. Morris. W. S. Fisher gave The City of St. John, to which Mayor Daniel replied in felicitous terms, as did also W. M. Jarvis and Ald. Robinson. Miles E. Agar proposed the Iron and Hardware Association, which drew forth a response from J. J. Foote, a song from Wm. Greig and a recitation by J. Morris. W. S. ### MR. TARTE SOUR.

MONTREAL, Jan. 22.—Mr. Tarte is deeply pained these days because some of the Ontario organs of the government, the Globe and the Hamilton Times among others, have expressed a favorable opinion towards the control of the government telegraph lines by the postmaster general. In an editorial in La Patrie tonight he says he is not at all surprised that Tory organs should favor the proposal, as it is in the order of things that they should seek to create dissensions in the liberal party. Then he continues: "The attitude of some of our English liberal contemporaries astonishes us greatly. We would think they were supreme. We doubt strongly if they have reflected on the consequences of the movement they have encouraged. The question of persons in such matters does not count. Mr. Tarte might disappear tomorrow and be easily replaced, but if he disappeared as a result of the despoiling of the ministry of public works, replacing him would be a most embarrassing matter. The conservative party in the province of Quebec was broken like glass the day our compatriots comprehended that their allies in Ontario were making life impossible for them. Certainly, the liberal party is not in this position. On the contrary, they learn from good sources that we stand well with our friends in Ontario and other provinces. That is why we so deeply regret the appearance of this telegraph question."

Consequently, according to Mr. Tarte, it is up to Mulock to give up his grab on the telegraph lines and trouble among the Quebec liberals.

### CORONATION BABIES.

A great many suitable names for girl babies born this coronation year have been suggested. Among them are Corona, Coronatia, Rona, and Edwards. Queenie is a far-fetched attempt, and some correspondents have even proposed names compounded from those of King Edward and Queen Alexandra. For the boys the names Coron, Coronatus, Edward, and King are popular.

Coronius for a boy and Corona for a girl are the two most popular of all. All kinds of most expensive trinkets are being made ready for the coronation. There will be the king's crown in miniature as a brooch, and queen Alexandra's crown will be represented luxuriously or inexpensively, to suit the purse.

### RUSSIA AND ENGLAND.

LONDON, Jan. 23.—The Daily Chronicle learns from an influential source that rumors are current in India of coming trouble in Afghanistan.

It is alleged that Russia will utilize the winter to mass troops upon the northern frontiers, in readiness to invade Afghanistan as soon as the snow melts on the passes. Preparations are being made on the British side. The Punjab manoeuvres have been timed for the unusual season of February and will be on a large scale. Regiments are being quietly massed, ostensibly to fight the Mahud Waziris, but in reality to be in readiness for graver complications. It is likewise rumored that hospitals are being built along the military base, and that the arsenals are being stored with munitions.

WATSON, Ont. Jan. 22.—Harvey Sampson, a young man from Parkhill, married only three weeks ago, was killed by a falling tree near Adamsville today.

QUEBEC, Jan. 22.—A collision occurred yesterday at Forestville, on the I. C. R., between two freight trains. Both engines and several cars were badly smashed up, but no one was injured.

TORONTO, Jan. 22.—The Telegram's special cable from London says: Hon. Edward Blake, M. P., has subscribed one hundred guineas to the Irish parliamentary fund. Archibald Campbell, M. P., was today officially declared member for West York by a majority of 111.

### INCREASED WATER SUPPLY.

Silver Falls Reservoir to Be at Once Enlarged—Other Recommendations to Be Presented.

The alarm caused by the drought last summer and its effect upon the St. John water supply has aroused the city fathers into vigorous action to provide against a recurrence of such conditions. Already land has been purchased at the Silver Falls reservoir, sufficient to permit of a raise in the dam of three feet and an increase in the capacity of the reservoir of 40,000,000 gallons. All the details of the transfer have been arranged, and work will be begun upon the improvements as soon as the season opens.

In addition to this, numerous other improvements in the water service is contemplated. At the regular meeting of the water and sewerage board on Wednesday next, Alderman Millidge will present four recommendations for the increase of the storage capacity of the Little River basin.

He will recommend (1) The acquisition of land at the pumping station at Silver Falls to increase the pumping power.

(2) The acquisition of additional land at the head of the present reservoir sufficient to enlarge the storage capacity by 80,000,000 gallons.

(3) The diversion of a stream known as Ellerslie Brook into Lake Lattimer, to present the only storage reserve, with the object of providing against another prolonged drought.

(4) The expropriation of the whole of Lake Donaldson, by which an additional available supply of water to the amount of 150,000,000 gallons will be provided. Alderman Millidge in presenting his recommendations will discuss fully the reasons for their adoption, and will probably move their reference to a committee of the whole for thorough subsequent discussion.

### WEDDING AT KARS.

Nearly a hundred guests were present at the residence of Miles G. Jenkins, J. P., at Kars, Kings Co., last evening, when his daughter, Miss May Jenkins, was united in marriage to Stephen E. Golding of Wickham. The ceremony was performed by Rev. W. M. Fields.

The bride, charmingly gowned in white organdie and carrying a bouquet of bride roses, was attended by Miss Allie McMullin of this city, who wore a pretty costume of old rose. The groom was supported by the bride's brother, George Jenkins. After the ceremony the guests were served with a bountiful supper and entertained through a very pleasant evening. Mr. and Mrs. Golding will reside at Wickham, where Mrs. Golding will be at home on Tuesday and Wednesday next. The bride was the recipient of numerous and valuable gifts, among which were twenty dollars in gold from the groom, \$100 in gold from her father, and a bedroom suite, a dinner set and a full set of silver tableware from her mother. The groom's present to the bridesmaid was a pretty gold brooch.

Among those who were present from St. John were: Mr. and Mrs. Ira Kierstead, Mr. and Mrs. T. L. Hay, Mr. and Mrs. G. A. Riecker, Mr. and Miss Folkins, Miss Allie McMullin and Miss Annie Park.

### DR. ELLIS ENTERTAINED.

The regular weekly meeting of the Medical Society took place last evening and was well attended.

After the usual business the members adjourned to Washington, when a pleasant hour or so was spent. The physicians present were: Dr. Melvin, presiding, Dr. Lewis of Hillsboro, Dr. McAlpine, Dr. Skinner, Dr. White, Dr. McIntosh, Dr. Emery, Dr. G. A. B. Addy, Dr. Jas. Christie, Dr. McLaren, Dr. Crawford, Dr. Wetmore, Dr. T. D. Walker, Dr. Hetherington, Dr. Holden, Dr. Inches, Dr. Thos. Walker, Dr. Ellis, the guest.

The occasion was a testimonial to Doctors Ellis and Morris. The former occupied a seat at the chairman's right. Dr. Morris was unable to be present on account of urgent duty, and his absence was much regretted. The physicians paid an earnest tribute to the splendid work done by these two physicians. Matters pertaining to the profession were discussed, results of which will be announced later.

### JUST WHAT CARLETON WANTS.

The Bank of New Brunswick has purchased the Rhea building on Union street, Carleton, at present occupied by Quilly's meat store. The bank will open a branch there in a few months, as soon as the building can be refitted. For many years there has been a sort of standing joke that many things would happen when a bank would be seen on the west side. Some of the more sanguine residents have predicted that, in time, the chief business part of the city would be found on that side of the harbor. Part of the dream is coming true.

### BOER DELILAHs.

How Some of the British Plans Have Been Communicated to the Boers.

Bennet Burleigh, the correspondent of the London Telegraph, in a recent letter states that for some time past Lord Kitchener and the authorities have been discovering that our military ciphers and secret codes for correspondence and telegraphing have been regularly communicated to Botha and other Boer leaders. And to curtail a long and rather disagreeable revelation, the eternal woman having been searched for was found mistress of the secret, and the means of its conveyance to the enemy. There were mothers with winosome and not over-scrupulous daughters or acquaintances of their own sex, who dispensed ardent and frequent hospitality to British officers. There choice always lay in the direction of those who had more than casual acquaintance with staff affairs—headquarters for choice. A number were suspected, and plans taken accordingly, while several ladies had to take trips coastwise for their health. What however, was nothing better than—shall I say?—a detective or agent provocateur was set upon the case from the intelligence department. Again the aid of lovely woman was employed by the principal. Her or their modus operandi, was to assist military gallants to make her acquaintance. And the lady always discriminated, preferring field officers, men near headquarters, for friends. Having established an intimacy, the siren would, on a favorable occasion, produce a letter from some friend, say from Belfast, Bloemfontein, or not readily accessible place, and say, "Here is a business note of immediate importance to me. I understand it all except two words (or perhaps more), which are evidently in cypher. Now I know the cypher, it is 'phlegmatic' (or what not). Please like a dear good soul, interpret them, write out the notation for me." And I deplore the fact that such is masculine weakness before woman's strength and wiles, that she more often than not succeeded. Her victims' names at once with the proof, were furnished the authorities. And now, because of that fair one and her Boer predecessors, mayhap a score of officers have perhaps deserved and received reward. Some of them, whose names I know, have been sent back to their regiments; some sent down, Stellenbosch; some sent home; and one, I believe, a Colonial—has had his services dispensed with.

But in all these things history but repeats itself, although many of us are upon the field of today are possibly wanting in sense of true perspective. We, too, have our spies and informers; yet much of our best intelligence has come from lucky finds. In the paper which Colonel Rimington found the other day, when he just missed capturing Louis Botha, but secured instead his papers, hat, and revolver, was some extremely interesting correspondence. The papers may or may not find their way into the next Blue Books. It appears that Louis Botha has been in correspondence with the Swazi queen. He wrote to that dusky sovereign asking her leave to enter her territory in order to punish Steinacker's Horse. The permission was readily granted, for rumor has it that she was jealous and fearful of Steinacker's braves. Louis Botha, as we know, partly succeeded, and sacked Bremersdorp where that column leader had his stores and depot. Of the loot the Swazis have had their share, and the queen has quite recently written in very friendly terms to the Boer general. It may be the ingenious Swazis wants to stand well with Briton and burgher, and the letter should not be considered too seriously.

### HALIFAX CATHOLICS AND CORONATION OATH.

HALIFAX, Jan. 22.—A mass meeting of the Catholics of Halifax was held tonight, called by Archbishop O'Brien, and presided over by him. The object was to protest against some features of the King's accession oath. Those who moved the resolutions, which were unanimously adopted, were Sir Malachi Daly, ex-governor of Nova Scotia; Mr. Justice Meagher of the supreme court, Speaker Power of the Canadian senate, and Hon. William Chisholm of the legislative council. The resolutions are as follows: Resolved, that the Catholics of Halifax, Nova Scotia, in meeting assembled, protest emphatically against the insult offered to our dearest religious convictions in the declaration to the oath of accession, and as loyal Canadian subjects of the Empire, keenly resent both the offensive assertions and insinuations contained therein. Resolved, that as the religious belief of Catholics does not diminish their loyalty nor restrain them from shedding their blood in the cause of the Empire, they protest against and resent the singling out of any article of their faith for special rejection or condemnation by the sovereign, and respectfully ask that this unnecessary and offensive reference be entirely blotted out from the aforesaid declaration; and further, that the resolutions and the proceedings of this article be transmitted by the chairman to the right honorable the secretary of state for the colonies.

### NEW ACCESSION SERVICE.

The new accession service appointed to be used in all English churches on the 22nd of January gathered a good congregation last night at St. John's church. The choir was strengthened by the new orchestra, which gave the opening voluntary. In view of the official nature of the service invitations had been sent by the rector to the mayor and all members of the common council, but some of the civic officials had other pressing engagements and could not go.

The proper psalms and lessons were 101 and 121; Joshua 1, 1-9, and Romans xlii, 1-10. The anthem was Atwood's famous I Was Glad, composed in honor of the accession of King George IV.

The rector preached upon the text I, Samuel x, 24: "And all the people shouted and said: God save the King."

### CARLETON BAPTIST CHURCH CONCERT.

This entertainment is looked forward to as the coming musical event of St. John West. Tickets are selling rapidly. Every one should hear Miss Tarbox's selection entitled Villanelle, also Miss Taylor's violin solo. The duets between Miss Tarbox and Mr. Mayes are of the most classical selections. Prof. Titus and Mr. Mayes also sing a very difficult and fine duet called The Fisherman. As the proceeds are for the building fund of the church the house should be crowded.
