Woodstock, June 20th, 1861.

THE ELECTION AND THE PROTEST.

To the Editor of the Woodstock Journal.

SIR-The Election being over, and the buckwheat and turnips sown. perhaps I may be excused for making a few homely remarks, through the medium of your useful paper, on the Election, which I had not time to do before. We have got two new members at last, at which I think every sensible, right minded man may well rejoice, not being ashamed or afraid to express his satisfaction. It has been said that Mr. Munro's success is something extraordinary, considering his chance, at the eleveth hour. I cannot view it in considering his chance; at the eleveth hour. I cannot view it in that light, as I think, considering the rather peculiar circumstances of the case, Mr. M's. chance was quite as good as that of either of the others, especially that or Mr. Lindsay, Mr. Mr. having had time to see his friends and ascertain their minds, in company with his very particular friend who is well known to be the best of canvassers. Mr. M. was like the Irishmen in the duel,—second man to each, and third man to both, which enabled him to go as much on the others' intesests as his own, especially upon that of Mr. Lindsay. As far as this Parish was concerned, if there had been a little of that corrupting element of which Dr. M. Monagle complains, near the close of the poll, Mr. Lindsay might have been ten or a dozen ahead, just as well as not. Let it suffice that we have got two good men. All ought to be satisfied, for I hope that we shall be at all events less partizanly represented than before. I am entirely at a loss to know what could have induced Dr. M. Monagle to act so gratuitously on this occasion. It appears that the sanguinary-little physician has discovered a dangerous A Special Premium of two cents per pound will be given on all the pure Northern Clover Seed raised by Members of the Society this Season. Competitors for this premium must file with the Secretary, on or before the third Monday in March 1862, an affidavit by himself and another credible person as to the facts of its growth and the quantity, and the whole quantity upon which the premium is asked must be exhibited before the Committee of Management, on some day, to be hereafter and in due time named. verdict, as Dr. Bob would have given the necessary information, and saved his (Dr. M.M's.) ferrage and time. However, the Doctor has given us a very strong prescription. I don't know whether it is intended to operate as an emetic or a carthatic, but it has been said by somebody that desperate diseases require desperate remedies, and I should think the Doctor's nostrum would be fit to Yours respectfully, PLOUGH-BOY.
