DARTMOUTH, Sept. 24th, 1896.

MESSRS. C. GATES & CO., Middletown, N. H.

This is to certify that while living at Belmont, in Coös County, about 17 years ago, I took a very heavy cold and had severe enough and an attack of bilious fever which required many days to get over and in a monsoon friends forced my going into decline, I procured some of your Pills and Syrup, which I took and soon began to improve, and kept on taking till I fully recovered. Five years ago I was seized with an attack of La Grippe, which reduced me so much that I could scarcely walk without falling over, and then took eighteen bottles of your Pills and Syrup, which built me up and made me thoroughly well. We continue to use your medicine and never think of being without them in the house.

I am willing to make oath to the truthfulness of the above statement.

Yours very sincerely,

HENRY ARCHIBALD,

Digny Courier: Mr. Carman O'Dell, of Annapolis, has received a letter from a New York lawyer asking for information about the O'Dells of Nova Scotia. It appears that one Daniel O'Dell died in the United States

some time ago and was worth considerable money and may be a relative of the O'Dells here and in St. John. Mr. O'Dell says he had an uncle who for 35 years nothing had been known of, and who was supposed to have been dead. It is to be hoped there will be a "pot" in it for the namesakes at Annapolis.

Premier Greenway, of Manitoba, is preparing a circular letter, to be sent to every member of the Provincial Legislature, asking them to point out one good intelligent farmer of their district to come to Winnipeg to lay his views before the Tariff Commission, which is expected to sit in Winnipeg early in February.

Here is a sample of how the recent snow storm was received in Maine, it is from the Bangor Commercial: Oh, "beautiful; beautiful snow"—you are most welcome. Come down in big flakes; come in sheets come in rafts—come any way? Give the millmen an opportunity to get their pulp wood down; let the boys have a chance to coast, fill the necks of the schoolgirls and sift your white crystals into their golden-brown tresses; play with the ladies skirts—they won't mind it; do anything you want to—the town is yours. And don't leave us till April!

We have received a neat pamphlet containing a historical sketch of the West Yarmouth Baptist church, written by its pastor, a copy of the church covenant and a list of officers and members of the church; also a portrait of the pastor, Rev. B. H. Thomas and cuts of the church and parsonage. The latter has the appearance of being a very pleasant and comfortable house for the pastor. The West Yarmouth church was organized in 1833. During its history 400 persons have been baptized into its fellowship; its present membership is 275, of whom 20 were received during the past year.

PILL-AGE

Dr. Agnew's Liver Pills, 20c. a vial, are planned after the most modern in medical science.

They are as great an improvement over the go years old strong dose pill formulas as a bicycle is over an ox cart in travel.

Cinnamon Drop Coated makes them pleasant to take—being purely vegetable makes them absolutely safe—they never grip and they never fail—40 doses, 20 cents at all druggists.

One loaf of bread may be light, sweet and digestible. You may use the same materials for another and have it heavy, sour and soggy. The knack is in putting the ingredients together just right. A substitute for Scott's Emulsion may have the same ingredients and yet not be a perfect substitute, for no one knows how to put the parts together as we do. The secret of "how" is our business—twenty-five years of experience has taught us the best way.

Two sizes, 10cts. and \$1.00.
