

# PREMIER HAZEN SPOKE WORDS OF COMFORT TO DECEASED'S FAMILY—FUNERAL AT HARVEY YESTERDAY LARGELY ATTENDED.

death of the late representative for York county, Mr. Robinson. He did so at this time because he was not present on Monday when the others had spoken. He could only add his personal testimony to the high esteem in which the deceased gentleman was held by the members on the Opposition side as well as by his colleagues in the government.

## Special to The Standard.

Harvey, March 5.—No greater tributes have ever been paid to the memory of a departed York county man in public life, than the last sad tribute which was paid today to the memory of the late Thomas Robinson, M. P., by the people of Harvey and this section of the county, and by the premier and government.

The whole countryside turned out to pay their last tribute of respect to the dead legislator, whose sudden death on Sunday night was such a shock. There were several hundred people here for the funeral, but not only from the Harvey section, but from the parishes of Prince William, Kingslear, McAdam and Damfries, as well as from nearby sections of Sunbury county.

When the funeral formed up and started from here to the cemetery, three miles away, the procession of 150 and 200 teams following the hearse while scores remained at the village or else started for their homes at once.

From Frederick Premier Hazen and the members of the government and the members of the legislature, including G. W. Robinson, the leader of the opposition, arrived by a special train, the party numbering 73 in all, and including five ex-ministers, as well as Warden Rogers, the present presiding officer of the municipal council, a large delegation from the Frederick, Conservative club, officials of the legislature and the provincial departments, and citizens of Frederick of both sides of politics. There were in all about 75 people on the special train.

The funeral services at the Robinson home were conducted by Rev. M. J. McPherson, the pastor of the Presbyterian church, assisted by Rev. Dr. W. H. Smith, pastor of St. Paul's Presbyterian church, Frederick, and at the request of the ministers and the members of the deceased's family, Premier Hazen spoke. The premier's address was unique in many ways, it being, as he stated, an occasion unparalleled in his career, that many of the premier's auditors who had heard him speak on many different occasions declared afterwards that he never before under any circumstances spoke so effectively, or with such feeling as he did this afternoon.

His statement had been accepted by the hon. Attorney General, but it was not allowed to be read in the House. It was a grave reservation and describe it with a lack of memory on the part of the hon. gentleman.

At the conclusion of the funeral services the casket was carried by Premier Hazen and the other members of the government present, to the hearse, which was placed at the foot of the hill in front of the hotel. The members of the legislature, the governor's representative, officials of the legislature and the provincial departments, warden of York county, ex-wardens and members of the county council, the large delegation from the Frederick, Conservative club, and other friends, who came from Frederick followed the remains to the hearse in the order named.

When the casket was placed in the hearse members of the family and other mourners and residents of Harvey and vicinity followed in sleighs to the Harvey cemetery, where the remains were interred.

The floral tributes included a handsome wreath from Premier Hazen, members of the government, and also one from the Young Men's Conservative Club, of Frederick.

The special train, which was in charge of Conductor James Paterson, left here at 4:04 o'clock and made the run of 41 miles to Frederick in an hour.

# OPPOSITION MOST PREPARED TO INSURE IT CANNOT BE AN INSURRECTION?

Continued from page 1.  
As a matter of fact, the question of calling the general election had not been considered. Apparently the honorable gentleman had fallen into his error by misjudging the calibre of the government, realizing that under a false financial report to bring on an election while a survey was being made on the St. John Valley Railway.

## Mr. Sproul Replies.

Mr. Sproul said that he was not animated by any desire in rising to continue the debate to obtrude himself or his views upon the House of the country, but in view of the fact that immediately after the close of last session, the press opposed to the administration commenced a campaign of studied and persistent misrepresentation and slander which had been continued down to the present day and was countenanced by hon. gentlemen opposite and received their sympathy and co-operation, he thought he might fairly claim the indulgence of the House while he explained the reasons why he had given and would continue to give such support to the government as his ability permitted.

## The Dizzy Telegraph.

Conspicuous among the offenders in this respect had been the dizzy Telegraph and its evening reprint. No rumor however vague or insubstantial had been allowed to escape their notice but all had been exploited. Such a course having been adopted by the press and the hon. gentlemen opposite, he proposed to devote some attention to discuss matters contained in the speech.

The hon. member who had just spoken (Mr. Copp) had made a bluff of being valorous but he must be ranked among long range fighters and that doughty hero the ex-surveyor general, who with his warlike blood, not blue blood, lost his belligerent air and explained to the House that he had no reference to anybody when he used the expression attributed to him about silver spoons and blue blood.

His statement had been accepted by the hon. Attorney General, but it was not allowed to be read in the House. It was a grave reservation and describe it with a lack of memory on the part of the hon. gentleman.

# EL PASO, TEX., MARCH 7.—IT'S REAL FUN TO BE A WOUNDED INSURRECTION, PROVIDED YOU CAN HAVE HEAPS OF CARE AND ATTENTION FROM PRETTY, SMILING, ADMIRING SENIORS.

El Paso, Tex., March 7.—It's real fun to be a wounded insurrection, provided you can have heaps of care and attention from pretty, smiling, admiring seniors. That's what the patients in the improvised insurrection hospital here think. Diaz's soldiers don't shoot straight, anyhow, so most of the wounded aren't very serious and how the nurses do assure the wounded heroes of the insurrection cause, brought over the border one or two at a time under Red Cross protection since the first operations under Juarez. The nurses are all from the best Mexican families in El Paso and gladly give their services. The hospital is maintained at the expense of provisional government.

## Wants City Represented.

A communication was read from W. D. Lightfall, secretary of the Union of Canadian Municipalities, asking the city to send representatives to the annual meeting at Quebec and presenting a bill for \$150 for the annual dues.

## City's Bank Agreement.

The chamberlain said the city's agreement with the Bank of New Brunswick expired on July 1. He thought a committee should be appointed to renew the agreement at once. The money market was now very easy. The bank charged the city 4 1/2 per cent., and allowed 3 1/2 per cent. on the city's deposits. The chairman and the chamberlain were appointed to take up the matter.

## Major Currie Declared.

Major Currie declared that the premier had not stated the fact when he said that Lord Elgin had no mandate for the reciprocity agreement of 1854. He said Sir Wilfrid must have known that the Canadian lines to Great Britain had passed an address to the imperial government asking permission for the negotiations to be opened. This occurred eight years before the treaty was carried through. It had been discussed and considered in every phase and on every side and it was unfair of the premier to say that the man in charge of the connection of Ambassador Bryce with the reciprocity agreement, Major Currie said Mr. Bryce was a well known trader and was friendly to the United States.

## As regards the first, the situation would remain unaffected, as the bonding privilege anyway allowed to Canada now had a route to the sea on the United States for consumption there.

As regards the first, the situation would remain unaffected, as the bonding privilege anyway allowed to Canada now had a route to the sea on the United States for consumption there. The premier's sneers answered. Major Currie condemned the premier for descending to personalities with other Canadian lines to Great Britain because the distances were shorter. On the subject of inter-provincial trade he argued that Canada had a right to the same natural products, and that it is not bad farming for Quebec to export hay. The cattle trade would revive. As for trade with the United States, he declared that the British in favor of reciprocity, supporting this by numerous resolutions passed by Liberal associations or the executives of such associations.

On motion it was decided to remit Mrs. Hollis' taxes, and pay her the money earned by her husband. Ald. Potts—Do the members ever get into corners? If you can produce such an order, I'll stand a dinner for the whole council. The chamberlain said he wanted authority to close up the place of business in the Market Building unless the tenant paid \$150 for easement or right of way on North Market street. He said there were several tenants who were slow about paying. A motion authorizing the chamberlain to proceed was passed.

## Arbitrary Market Rate.

Ald. Potts said the market committee was taking an arbitrary method of conducting the affairs of the market. Legal notice had been served on the committee that the collector of tolls would hold them responsible for interfering with his rights. He thought the collector of tolls should be relieved of his duties for the remaining two months, and that the market committee be allowed to collect the tolls. The committee stood at the door, refused to allow traders to come in unless they paid \$5, and drove business away from the market. He moved that the market committee be instructed to take over the collection of tolls next week, the collector to settle all accounts up to that time. Ald. Potts thought the board had authority to deal with financial matters in connection with the market. If a man came to the market now with a dozen of eggs for his neighbor, he couldn't get in without paying \$5. Ald. Likely and Ald. Willet thought the board was not competent to deal with Ald. Potts' grievance. Ald. Potts said the question was whether the city could not make more money by collecting the fees on its own account. He was speaking as a representative of the city, which would have to pay for interfering with the rights of the collector anyway. Ald. McCordick—All the board has

# LAURIER TRIES TO STAY PANIC

This was followed by a declaration that Canada is chiefly an agricultural country, the wheat and cereal crops of the country, and the depletion of the door of the ninety million market opened to take advantage of the Canadian goods to save untaxed to Mr. Foster, whom he taunted with his misfortunes in business. Up to this point the prime minister had been making a general argument, but he turned to specific objections. He enumerated—(1) That the carrying trade will be deflected from Canadian to American channels. (2) That it will imperil our industries.
