## CAUGHT A BAD COLD.

DEVELOPED BRONCHITIS.  
HE COULD HARDLY SPEAK.

Bronchitis begins with a tightness  
across the chest, difficulty of breathing,  
hoarseness, and there is a dry, harsh,  
croupy cough.

After a few days mucus begins to be  
secreted. This is at first white, but later of a  
greenish or yellow color and is occasionally  
streaked with blood.

Cure the first symptoms of bronchitis  
by the use of Dr. Wood's Norway Pine  
Syrup and thus prevent it becoming  
chronic and perhaps turning to con-  
sumption.

Mrs. Edward Travers, Campbellton,  
N.B., writes:—"I thought it my duty to  
write and let you know what your  
wonderful medicine has done for me.  
I caught a very bad cold which developed  
into bronchitis. I was so choked up I  
could hardly breathe. I tried many  
medicines but they did me no good,  
and I had almost given up in despair.  
A friend advised me to try Dr. Wood's  
Norway Pine Syrup, and I got a bottle  
and felt much better, and by the time  
I had taken four I was completely cured,  
and I can assure you I cannot say too  
much in its praise, as it is all you claim  
for it, and more."

Dr. Wood's Norway Pine Syrup is  
put up in a yellow wrapper; three pence  
per bottle. Trade mark, price 35 cents.  
Manufactured only by The T. Mil-  
burn Co., Limited, Toronto, Ont.

# FISTIC FATS

BY TOM ANDREWS

"White Hopes galore, but few worth  
the name," remarked an old-time heavy-  
weight to me the other day, while dis-  
cussing the Oklahoma giant—Carl  
Morris.

"By the way," said the old-timer,  
"they're talking about this Morris be-  
ing a comer, but why don't they give  
the real Morris a chance. I mean this  
young fellow in Boston called 'Andy'."

"I have followed this chap for  
months and I notice that he is always  
going against the hardest men in his  
class and generally winning. I think  
he will take the starch out of Carl  
Morris and also Palmer and Kennedy  
it given the chance."

And the "old sport" is right—"Andy"  
Morris has been showing up better  
than any of the eastern heavies. He  
has beaten most of the "hops" around  
New York and Boston and only re-  
cently broke two ribs for Tony Ross  
in Pittsburgh, when they met. He is  
young and strong and has ring ambi-  
tion.

"Andy" needs a match with Jim  
Barry, Tony Ross, Jim Ryan or any  
of the tough men of that class at New  
Orleans, as he wants to try the long  
distance game. He is planning an  
Australian trip next season and if he  
shows well the balance of this year  
will be given a contract for 1912 by  
Hugh McIntosh.

Negotiations are on for a match of  
20 rounds at New Orleans, between  
Abe Attell, featherweight champion  
and Johnny Kilbane, the Cleveland lad  
who needs a title. There is talk of  
their meeting at San Francisco, but  
Kilbane assures me that nothing has  
been settled and if he can come to  
terms with the New Orleans prom-  
oters he would give them the preference.

Attell also likes the southern club,  
where he drew over \$11,000 with  
Frank Conley. He knows he will  
draw more with Kilbane. The chances  
are the match would be staged dur-  
ing the Mardi Gras.

Grover Hayes tells me that he  
should have had a draw with Joe Man-  
dot, at New Orleans, claiming he was  
the best of the early rounds and came  
strong at the finish. Grover is pre-  
tending to be a reliable and his story usually  
carries some weight. He admits that Man-  
dot is a great boy, though, but asks  
another match over the Marathon  
course to prove his words.

## FOGLER AND CLARKE WIN THE SIX DAY BICYCLE RACE

New York, Dec. 16.—Joe Fogler, of  
Brooklyn, and John Clarke, of Man-  
chester, won the six-day bicy-  
cle race, which ended at 10 o'clock  
tonight in Madison Square Garden.  
The Fogler-Clarke team finished a lap  
ahead of six other teams, which were  
bunched in a tie for second place.

The final, before a second which  
packed the big garden, lacked the ex-  
citement that has attended the wind-  
up of six-day races in recent years.

The victory was decided by a mile-  
sprint between members of teams  
made by the second division teams to  
regain the ground lost in the early  
morning.

Fogler and Clarke won the race by  
peddling 2,718 miles and nine laps in  
the 42 hours of the contest. To the  
six teams immediately following 2-  
718 miles and 8 laps were credited.  
The winners were eighteen miles and  
two laps behind the record of 2,721  
miles and one lap made by McFar-  
land and Moran in 1908.

The final score was as follows:  
Fogler and Clarke, 2,718 miles 9  
laps; Kramer and Moran, 2,718 miles  
8 laps; Drobach, Pre and Collins, Cam-  
eron and Martin, Demara and Law-  
rence, Lorenz and Saldow, 2,718 miles  
8 laps; Hill and Bedell, 2,718 miles  
8 laps; Georget and Brocco, 2,717  
miles; Lapize and Vanhouwer, 2-  
717 miles, 8 laps.

Frank Kramer, of East Orange, N. J.,  
the national sprint champion, and  
James Moran, of Chelsea, Mass., were  
the second place winners. Kramer  
won the position for his team in the  
sprint in which he with Drobach, Lor-  
enz, Magin, Lawrence and Pre, were  
nominated to represent their teams  
from a standing start. Kramer took  
the lead in the third lap, cutting a  
fast pace until the sixth lap, when  
Magin punctured the tire and the  
race was stopped. Kramer for a time  
refused to go on, claiming that the  
bell was rung, for the final lap and  
he in the lead. Kramer finally put  
in a written protest to the referee  
and agreed to start.

After a delay of an hour they were  
sent away. Lorenz did not start, claim-  
ing that he rode 10 laps to Kramer's 8  
and declaring that he won second mo-  
ney. He put in a protest.

The five men finished as follows:  
Kramer, Lawrence, Drobach, Magin  
and Pre.

The order of standing of the first  
six teams was as follows:  
Fogler and Clarke,  
Kramer and Moran,  
Demara and Lawrence,  
Hill and Bedell,  
Cameron and Magin,  
Pre and Collins.

More interest was shown by the  
general public in this year's race than  
in any in years, the attendance break-  
ing all records. In one way in partic-  
ular it was unique, and this was that  
only one lap was stolen during the  
week, and that one, the lap that gave  
the lead and ultimate victory to Fog-  
ler and Clarke, and effectively dispos-  
ed of Kramer and Moran, regarded as  
the most dangerous rivals of the Aus-  
tralian and the Brooklynite.

**JONES OF CORNELL INJURED**

Itasca, N. Y., Dec. 16.—John Paul  
Jones, Cornell's first runner, who  
broke the world's record for the mile  
run in the Intercollegiate track meet  
last spring, will not run again this  
winter because of an injury. It was  
expected that he would participate in  
the indoor relay races about the  
country.

Some apprehension is felt among  
college men, as to whether he will be  
able to run in the Intercollegiate next  
spring, but his physician today ex-  
pressed belief that Jones would be  
in shape by the time the meet in the  
spring is getting on a sprain of the  
tendon of Achilles.

**BOSTON TEAM DEFEATS THE WESTMOUNTS**

Philadelphia, Dec. 16.—The Boston  
Athletic Association hockey team de-  
feated the Westmounts of Montreal in  
a one sided game at the Boston Arena  
tonight. The score was 9 to 1.

**NO CHANGES IN COLLEGE FOOTBALL**

Ottawa, Dec. 16.—The Intercollegiate  
Amateur Football Union at its an-  
nual meeting in the Russell House on  
Saturday afternoon, placed itself on  
record as being opposed to any fur-  
ther changes in the playing rules.

No amendments were made to the  
college constitutions and the dele-  
gates to the Canadian Rugby under-  
standing, which will be held at Mont-  
real the second Saturday in January,  
were instructed to vote against any  
innovations, should such be suggest-  
ed.

**YOUNG EARNE GETS BETTER OF GIBBONS**

Philadelphia, Dec. 16.—Young Earne  
of Philadelphia and Mike Gibbons of  
St. Paul, welterweights, fought six  
fast rounds here tonight, and at the  
finish the local boy had a little the  
better of the bout.

Erne forced the fighting the first  
four rounds, but the fifth was a slug-  
ging bee and was an even break. The  
sixth round also went to Erne by a  
small margin.

Funny some of the reports had Dave  
Smith, who fought Jimmy Clabby, a  
draw in Australia the other day, fight-  
ing a battle with Georges Carpentier,  
the French champion middleweight,  
when in fact Carpentier was in Paris  
and is to be matched with Harry  
Lewis for the French title. Perhaps  
they mean Marcel Moreau, the  
Frenchman, who is supposed to be on  
his way to Australia.

Three months ago I met some of  
the New York boxing promoters, also  
a couple of Boston men, and suggest-  
ed they would make a hit by match-  
ing Mike Gibbons, the St. Paul welter-  
weight, with one of the Lewis boys or  
some good 145 pounder. They ridi-  
culed the idea, saying that Gibbons  
had never been heard of outside the  
woods, that he was a bloomer, etc.

Now look over the eastern sport  
sheets and see what a change has  
taken place regarding Michael.

**GOTCH WILL NOT RETIRE FROM MAT**

New York, Dec. 17.—Promoters of  
the Zbyzco-Ralcievich wrestling  
match, which will be staged in Mad-  
ison Square Garden on Christmas  
night, announced today the receipt of  
a telegram from Frank Gotch, the  
champion of the world, declaring he  
would be ready to meet the winner of  
the match by the latter part of Janu-  
ary. It was declared to be evidence  
that Gotch has no intention of retir-  
ing from the mat, as some stories  
have had it.

**DODO BALL ACTS LIKE BOOMERANG**

"I thought I was something of a  
believer myself when I invaded your  
city," observed Jim Haley, ruefully.  
"But I find I was a mere novice in  
the gentle art. I got into a very lively  
game of dodo ball, and I was doing  
fairly well, and rolling over every-  
body except a little thickset fel-  
low who had us all nailed to the floor  
every time."

"Then I had my eyes opened to the  
intensity of this world—and my eye-  
teeth cut, as it were. The gentleman  
was playing with a 'dodo' ball, which  
is a queer kind of a ball made by  
taking halves of two different balls  
and gluing them together. The  
heavier half of the two enables the  
sphere to make a sweep that means a  
strike every time."

"That was certainly some surprise  
to me, and after I'd recovered I  
thought to myself what a fine scheme  
the dodo idea would be to introduce  
into sports generally. It grew on me  
so that I had visions of international  
cups won at billiards with dodo balls  
that couldn't miss and I figured that  
a dodo ball on the diamond ought to  
capture the pennant in one-and-three  
order and revolutionize pitching."

"I even thought about carrying it  
back home and introducing it into  
local croquet circles, so I could break  
all records at the next Sunday school  
tournament, to say nothing of putting  
the town football team wise."

"Finally I concluded to start in  
with the first bowling match on the  
town's most prominent alley and  
make all the other crack bowlers of  
the village look like the veriest pil-  
ers. So I secured two hefty spheres  
and carefully sawed them up. Then I  
pasted the halves of two different  
balls together and got a first rate  
looking article out of it. The halves  
were about the same complexion and  
the Siamese operation wasn't notice-  
able unless you used a microscope."

"Then I waited for the first big  
match and entered. I made a few  
miserable claims to be bats with and  
then got the beating going."

"The local stars rolled first and  
cleaned up the usual number of  
strikes and spares, which was away  
ahead of my past average. Then I  
came to the bat with my dodo ball  
and struck and got a first rate  
looking article out of it. The halves  
were about the same complexion and  
the Siamese operation wasn't notice-  
able unless you used a microscope."
