ed her arrest on charge of robbing the home of C. E. Beck where jewelry valned at more than \$10,000 was stolen She implicated in her thefts a negro, Albert Jones, and a man known as Ralph Smith. The former is under ar-rest and the police are searching for the latter.

In her confession Mrs. Romadaka says her first theft was committed in April. "I saw an advertisement in a paper," said she, "for a trained nurse.

I went to the home of Mrs. David Pfaeand secured the position. I stayed there about a day and a half, stealing a diamond ring, a diamond bracelet and a silver card case."

After detailing similar experiences,

sometimes securing positions in families in one capacity or another, through advertsements, some times deliberately walking in where she found a door open ecuring in each case a few pieces Then I went to Milwaukee for a time and stole a sealskin coat from Mrs. Cady at 186 Eighteenth street. I shipped the coat to Jones and he sold it for \$18. I found how easy it was to steal while I was in Milwaukee. Before coming to Chicago, I got a job as nurse girl and one day while the woman was out I noticed that she left jewelry on her dressing table This gave me the idea that I could get positions and steal jewelry just as easy as not. I came to Chicago last April. I met Jones and he told me how to do the jobs. He gave me two trunk keys and showed me just how to get into a house. I would take the stuff and Jones would sell it. Ldon't know if he stole himself.'

Attorney J. F. Donovan of Milwaukee who represents the womans husband and who will defend her in court says that Mrs. Romadaka was married when 19 years of age. The new life to which her millionaire husband introduced her turned her head. She was kept well supplied with money by Romadaka Mrs .Romadaka was arrested on Sun day evening at a downtown restaurant after jewerly which she was wearing had been recognized by Mrs. Beck, the wife of the restaurant proprietor. Mr. Beck refused to enter a complaint and Ms. Romadaka was allowed to return ever, she was arraigned before municipal judge Sadler at the Harrison street court, the case being continued for ten days. Mrs. Romadaka meantime was released upon bond. Upon inforarrest last night Mrs. Romadaka was again taken into custody and her con-fession was the result. She was held tonight at the Harrison street police

# NELSON FRUIT AT COAST

EASILY BEST DISPLAY SHOWN AT NEW WESTMINSTER

EXACTING CONDITIONS PREVENT PRIZE WINNING.

C. W. Busk and James Hyplop returned from the coast on Wednesday night and James McPhee followed a day later. Speaking of the exhibit sent by the Nelson district to New Westminster fair those who were in charge are evidently gravely dissatisfied with the result from the point of view of competition and are not at all too well satisfied with the judging. Confining themselves to the rules sent ip to Nelson by those in charge of the contained more than one plate of each variety. Other districts were allowed to exhibit boxes of fruit nor were the varieties confined to one plate of each. Hence some of the districts showed heaped abundance which was absent from the Nelson display. From point of view of fruit alone it is impossible for Nelson to compete with agricultural districts which load up their displays with tons of potatoes or cabbages. The total marks for a district exhibit are given at 2,000 of 350 are allotted to fruit while vegetables of all kinds are allotted 500. Hence as Nelson is not an agricultural but rather an arboricultural country, there can be no fair comparison.

If no alterations are made in the rules it only remains, if Nelson is again to enter the competition with any chance of winning, for individual fruit growers to devote a few square feet in their orchards, one for the growing of oats, another for the growing of wheat and so on, making up a car load various produce to send to the coast and so make an attempt to enter a contest where quantity as well as

quality apparently scores.

From the point of view of fruit the upper country had easily the best exibit. Nelson had seventy-five varieties of apples, all grown between Castlegar and Proctor, 21 plates of plums, and several of pears and peaches making a total of 123 different varieties of fruit. Kelowna came next best with 60 varieties of apples, a few plums and some fine peaches. The other fruit diplays, coming from the coast districts, were concealed by the farm produce, huge cheeses and the like. Yet Nelson only got 275 marks for its fruit whereas others are said to have received 350, evidently getting the marks on quantity, since the Nelson display, with each variety named, was the centre of

attraction at the exhibition. From the point of view of advertisement the Nelson exhibit was an eminent success, the fine quality, size and colouring of the fruit drawing a large every day and evoking much favourable comment.

Regina, Sask., Oct. 9 .- A meeting of publishers of western Canada was held here today and was largely attended by newspaper men from all parts of the four provinces. The following were among those present: Duncan Marshall, editor Edmonton Bulletin: J. Mc-Pherson, editor Edmonton Journal; Woods, editor Calgary Herald: F. J. ane, editor Nelson Daily News; E. J. McMillan, editor Moose Jaw News; Kerr, editor Regina Leader: Walter innis, editor Regina Standard; G. M. Thompson, editor Saskatoon Capital; W. Dafoe editor Manitoba Free Press; M. E. Nichols, editor Winnipeg Telegram and R. L. Richardson, edi-

Winnipeg Tribune. The visiting newspaper men were given a great reception by the citizens the afternoon were driven through the city by members of the board of trade, while in the evening they were banqueted at the King's hotel by the city council, mayor J. W. Smith presiding, and about forty others present, including J. G. Turiff, and J. F. Bole, M. P, P.

The health of the visitors was pro sed by Dr. Cowan, chairman of the reception committee, and was responded to by the Winnipeg newspaper men, Duncan Marshall of the Edmonton Buletin, J. D. Woods of the Calgary Herald and F. J. Deane of the Nelson Daily News. All of the speakers explained objects of the recently organized Western Associated Press while Mr. Marshall of the Edmonton Bulletin said that the Western Associated Press had delivered to his paper the best service the

Bulletin had ever received.

Among other speakers were J. F.
Bole, M. P. P., Mr. Cooper, president of the board of trade, ex-mayor Mc-Crae and J. G. Turiff. All the speakers expressed their sympathy and hearty approval of the objects of the associa-

Mr. Turiff said that the public had no idea of the relations existing between the C. P. R. telegraph company and the press until the recent expos ures in the newspapers. He said that if the C. P. R. telegraph company did not settle this matter satisfactorily, he respecive of party, would unite to put an end to the existing intolerable state affairs, and that he would use his influence to that end.

After the banquet the newspaper men present remained in conference which continued until midnight and the whole matter was discussed at length and there was unanimous feeling that it was in the interest of the papers that they stand together and take the Western Associated Press

It was decided to send a telegram to sir Wilfrid Laurier. The despatch was as follows: "Sir Wilfrid Laurier, Ottawa: We, the undersigned publishers of western dailies of the provinces of Manitoba, Saskatchewan, Alberta and Britsh Columba, call your attention to the fact that R. Telegraph company have arbitrarily advanced telegraph rates without notice in some instances over one hundred per cent, that the company furthermore is charging discriminatory rates and has imposed on certain papers com-mercial rates on press messages. We would respectfully ask if there is no machinery of the government that can deal promptly with these conditions, which titute a grave menace to the freedom of the press." (Signed) Duncan Marshall, Edmonton Bulletin; J. McPherson, Edmonton Journal; J. D. Woods, Calgary Herald: F. J. Deane, Nelson Daily News; E. J. McMillan, Moose Jaw News; W. F. Kerr, Regina Leader; Walter McInnis, Regina Standard; G. M. Thompson, Sas-katoon Capital; J. W. Dafoe, Manitoba Free Press: M. E. Mchols, Winnipeg Telegram; R. B. Richardson, Winnipeg Tribune; Thomas Miller, Moose Jaw Times.

The latter gentleman was not present at the meeting but a telegram was received from stating that he was in ent re 25 ft. 5 1-2 in.

Vancouver, Oct. 8 .- R. Marpole, general dent of the western divis on of the C. P. R., left this morning in h's private car for M cola, expecting to be absent for several days. Special importance is attached to this trip inasmuch as survey gangs have been at work localing lines south of Nicola toward Princeton and Similkameen to secure better grades

charter by English capital friendly to the C. P. R. is now well underway and it is thought the C. P. R. plans to cover construction south from Nicola to connect Edith Cavanaugh; 3, Lily Devlin. with a road to be built north from M dway Penticton under the Midway and Ver- Teddie Thurman; 3, Ira Hall. rters. This plan would tap the Similkameen district and would avoid the 2, Ingold Schermerhorn; 3, Allen Dil expected that matters will come to a head dan; & Lilly Oates. when sir Thomas Shaughnessy visits the coast and that an authoritative statement

W. H. Reid, the first prisoner to be tried for complicity in the recent Oriental rots, I was found guilty this afternoon and sentenced to six months imprisonment. Mr. Justice Clement's charge was well balanced but leaned toward conviction.

In view of the present condition of local affairs concerning the Hindus it is probable that immigration officer Munro will deport a large part of the 700 expected hourly on the Tartar. The wires between Ottawa and Vancouver have been kept hot with message on the matter and Munro advises that a strong stand be taken. He points out that though the men may have some money on their arrival it is probable that this will be spent in a few days and further notes that at present the Hindus beginning to spread all over the city and in some cases are terrifying women. Superintendent Scott will be here to wit kinson ness the arrival of the Hindus.

The Japanese finer this afternoon touch- by room 3, with Gertie Annable, Ida Maled at Victoria and nearly three hundred Orientals disembarked, most of whom are ooked for this city.

Manager Danforth of the Banff Springs hotel, stated here today that the C. P. R. is expected to enlarge the hostelry before next season at an expense of \$200,000. As a result of raids on various resort of vagrants now coming into the city, the municipal jail tonight is overcrowded, 75 being herded where accommodation for only twenty-five s provided. After dark chief Chamberlin was scurrying after supthat the majority of the prisoners w. have to sleep on the stone floor.

The license commission this afterno took drastic action with regard to volation of the liquor license laws when cour leading hotels were ordered to close down the police court. It is intimated that still more drastic punishment will be visited Geo. A. Smith, the representative of the Canadian Amateur Athletic Union, this morning issued a statement declaring as professionals every man connected eithe drectly or indirectly with the labrodse games against the Tecumsehs at the Westminster tournament. The condemna tion includes all officials as well as all members of the New Westminster, Van couver and Maple Leaf lacrosse teams. In local athletic circles it is thought that this action will end in all the local athletic organizations cutting loose from the Canadian organization and adhering to the North Pacific association which is heft strict on the question of professionalis

## SCHOLARS ANNUAL SPORT

FIFTH CELEBRATION WAS HELD YESTERDAY

CHILDREN'S ATHLETIC EVENTS ON RECREATION GROUNDS

There were a large number of people relatives and friends of the school children and interested spectators generally who visited the recreation grounds yesterday during the sports. Yesterday was the fifth annual celebration of children's sports day and as the weather was fine the youngsters had a good time indeed. No prizes were offered and the scholars all ran for the honor and glory of the matter and not for mere money. The events were keenly contested and there was certaainly no lack of interest, the lengthy program not pro 'ing long enough and additional events hav ing had to be provided.

The championship was won by

Gore in the senior events with 15 points. The next was S. Newitt with five points and then came H. Brett and D. Hartin with four each. The intermediate championship was wor

by W. Newitt, with 12 points, with A. Poupore and R. Brown second with six points each. The following are the results of the various events. Standing broad jump, Jr.-1, Arthur Wil-

kinson; 2, George Swannell; 3, Wilson New Standing broad jump, Sr.-1, George Gore; 2. Sthwart Newitt: 3. Harold Brett. 8 ft

## WILL EXTEND OPERATIONS

SENATOR COX DISCUSSED WESTERN OUTLOOK.

BE INCREASED.

Winnipeg, Oct. 11.—Senator Geo. A. Cox of Toronto, president of the Canada Life Insurance company, accom-panied by H. L. Watt, secretary trtas-urer, and W. G. Morrow of Peterboro, manager of the Toronto Savings and Loan company, have arrived in peg. Senator Cox stated that this trip is his first in the west for years, "Our trip is taken solely in the interest of the Canada Life Insurance Co., to look over our present interests, which I may say amount to over seven millions, and to examine into conditions with the object of even further extending our operations. During the first nine nonths of the year or until the first of October, we have increased ou mortgage oans in Manitoba, Saskatche have increased our wan and Alberta by one million and ninety thousand dollars and the pur-chase of school debentures and corporation bonds will increase our investments for this period to a further quarter of a million.

We have I believe loaned more money in the west than other panies and despite the temporary check the country has received this year, we fidence than ever in its future.

The rumors current with regard to the small returns of the present crop are, I believe, unfounded and I believe that the shrinkage in quality will be offset in such a degree by the increased values as to return as much money as

in any previous year." Two days were spent by the party in the vicinity of Fernie, B. C. inspecting the coal mines of the Crow's Nest Pass Company at Fernie, Michel and Morrissey where some 3,000 men are employed, and with regard to this por tion of the trip senator Cox said, that four additional mines were at the present time being opened and that every effort would be made to double the output of the company, which is now 4,000 tons daily, in the shortest possible space of time. He stated that to bring about the proposed increase the company was severely handicapped men, and that an endeavor was being made to bring labor from all points. "At the present time," he said, "there is an agent in Wall street who is employing all the available men he can procure for the mines, and they are eing sent to Canada under a contract for so many months. We do not em ploy any Oriental labor whatsoever."

'Asked whether any coal from the ceived from stating that he was in ent re 20 It. 5 1-2 IB.

accord with the sentiments of the meeting 400 yard race boys, Int.-1, Roland Brown; Fernie mines would be distributed on the prairies this coming fall and winsenator Cox said. scarcely any coal sold east of the mountains and our entire output is used by the C. P. R., G. N. and the melters. For the latter purpose, 3,000 tons of coal are converted daily nto coke.'

Speaking of the agitation at present n force among the real estate agents of Winnipeg to secure better financial conditions and their claim that some ifty millions of Canada money had een invested by the Canadian banks in call loans in New York, thereby causing undue tightness in the Canathereby money markets, senator stated that the real estate men were in this regard. apparently in The Canadian banks have branches on the other side of the line," he said, "and I have no doubt that a large proportion of this fifty million was deposited by Americans. In any event if the theory were correct, would it not be better, in view of present exist ing conditions for the Canadian bankng institutions to invest their money n call loans which can be realized upon instantly in case of emergency, instead of in western real estate, where the process of securing ready cash from mortgage loans is extremely slow?" Senator Cox will leave for the east on Sunday next.

FRENCH LANDSLIDE. Great Disaster is Threatened Railroads

Cut Off by Floods.

(Special to The Daily News) Paris, Oct. 11.—A big landslide is occurring in the district of Ardache. The movement of the earth is ascribed to springs. It threatens disaster. A hillslide comprising nearly a million cubic metres of land had been moving for 26 hours in which it has traverse half a mile. It is now travelling fifty yards an hour and has dammed a rive ausing a large lake to form, de ed a road and carried away two bridges. The department is also suffering very severely from floods. The railroads are

cut in fifty places.

A most regrettable fatality occurre on Sunday afternoon last through a shooting misadventure whereby Dave Booth came to his death through the accidental discharge of a gun in the hands of Joe Thompson. Thompson is one of the best known all-round sportsmen in the community and one who has always gone in for clean sport all through his long residence in this city, while Dave Booth was equally well and favorably known. So clear are the facts of the unfortunate accident that the coroner, Dr. Arthur, has thought it unnecessary to hold any inquest and the interment of the remains of the deceased is delayed only until word has been received from his relatives. Shortly the matter happened in the following manner: J. Thompson, Dave Booth. G. Hughes and J. Costigan were

Booth G. Hughes and J. Costgan were engaged on a shooting expedition on Sunday last just above West's landing, about six miles east of the city on the north shore of the lake. At about a quarter of 2 o'clock on Sunday afternoon the four men were at a point about a half mile on the road leading to the ranch of J. J. Campbell. The four were bunched together. A covey of grouse flew up and Thompson snap-ped his gun at them. He found that the gun was already discharged and, stepping back instantly proceeded to re-load it. He put in two fresh cartridges CANADA LIFE'S INVESTMENTS TO and snapped the breech together when it exploded. The only reason Thomp-son can assign for the unexpected explosion was that the snapping of the gun just previously on an empty cart-ridge had left the plunger, which fires the cartridge from the impact of the hammer, projecting. Hence when the breech was closed the projecting plung-

must have fired the cartridge In the meantime when Booth had seen Thompson's shot had misfired he stepned in front and fired at one of the birds He succeeded in wounding it and made another step to the front to discharge the second barrel at the wounded bird when Thompson's gun, immediately be-hind, went off. The distance between the two men could not have been more than six feet. The charge from Thompson's gun, No. 4 shot, tore right through the outside of Booth's right arm, la-cerating the whole of the circumflex arteries in that region, near the top of th earm, and breaking the bone in sev eral places, making altogether a most ghastly looking wound. Yet the main artery, which is situated on the inside of the arm, was untouched.

Booth shouted and said he was shot. Thompson secured a handkerchief from one of the party and bound up the wound. Booth was walked back directy to West's landing something less than a mile away. There Mr. West put on tourniquet to stop the bleeding and. E. Miller's launch was lent to bring the unfortunate man into the city where he was placed in the Home hospital at :30 o'clock. Dr. Hawkey, Wilson Hartin were inattendance and did their best to save the patient and indeed had jury had been done, apparently. It was intended to have an operation tomor had been injured by the gunshot. However the patient was very weak. had lost some blood and was ch on his way down to West's landing and although the tourniquet applied by Mr. West was efficient, yet there had been a good deal of blood lost from the cirnumflex arteries on Booth's way from ing. Moreover it was necessary to take away all foreign substances from the wound for fear of subsequent blood poisoning. In the meantime stimulants were administered to keep up the system but Booth, who was in an anaemie condition, had been unwell for some months and was then suffering from an cute attack of indigestion, could not rally and, failing asleep passed away in Sunday night, barely more than five hours after his admission to the hospital. The cause of death is assigned to shock coupled with loss of blood. The deceased was born in Haslingden

Lancashire, England, and came out to Ontario at an early age. His family moved when he was but a young man to Seattle and from Seattle Dave Booth came here some eight or nine years ago. Mr. Booth was a prospector and timber Word has been sent to his prother, who is keeping an hotel upon Texada island and to his sister, Mrs. Grundy of Fremont street, Seattle, but so far no reply has been received. Great public sympathy is felt for Joe Thompson, whose unusually kindly dis-position has made him feel the unfortunate affair most keenly. It was striking instance of the regard with which Mr. Thompson is held here and of how thoroughly his natural kindne of heart is understood that, as brief word of the accident was passed around on Sunday evening, every one's first thought was for Joe.

Rossland, Oct. 5.-The cherished hopes of the Consolidated that in the Idaho would be found, in time, an equivalent tonnage producer with the Le Roi, seem at the present date more likely of fulfillment than ever. Indeed the late owner of the property, Oliver Durant, who kept the Idaho while selling the Centre Star, declaring his opinion that of the two contiguous properties, the Idaho was the prize, seems to be justifled in an opinion formed in the early days of this camp. There has just been struck upon the four hundred level of the Idaho the main Le Roi-Center Star rein and, as far as can be judged, the vein is as large as on any portion of

the Le Roi or Center Star.

The old theory that the valuable ore bodies of Rossland camp would only be found upon Red Mountain but only within the triangle formed by the con verging dykes known as the Center Star and Josie, that is to say within a space barely 3000 feet across, has now been completely smashed. The discoveries to the west of the western dyke and now the important strike on the Idaho to the east of the big Center Star dyke to the east has demonstrated that the field of Rossland mining, ever upon Red Mountain alone, is much arger than hitherto thought.
The Consolidated is opening up the

Idaho by four levels, 300, 400, 500 and 800 and at a point about 700 feet from the western end line is sinking a shaft which is now down 200 feet. This shaft will serve as an upeast, it being dis-tant from themain shaft, which is within 500 feet of the eastern line of the Le Roi, about 1700 feet, therefore too far to work without a renewal of air. In all the adits opened at the stated in-tervals ore bodies have been come upon of shipping ore but none of these shoots except where they occur in line with the narrow tunnels driven have been opened up. The management is bushing each to the distance wanted and then following up the ore shoots uncovered and it will not be until stoping starts that the real extent of the ore shoots and the amount of their tonnage will be ascertainable. What has been done at present is to prove that the

the eastern dyke into the Idaho. The Center Star mine itself is in splendid condition and the same is also reported of the property on the north,

GREENWOOD LITIGATION

mportant Case Coming on for Trial on October 22nd

Greenwood, Oct. 11-The supreme action in which the heirs of the late judge Haynes are plaintiffs and the B.C. Land and Investment agency, A. E. McPhillips, T. P. Galpin and C. A. Holland, all o Victoria, are defendants, will come up for rial here on Oct. 22, before Mr. justice

The case involves a large amount, which he plaintiffs claim, owing to the alleged wrongful sale of the estate of the deceased

judge.

The estate involved is situated in Okanagan valley and extends from the international boundary line, three miles above Oroville, Wash., for 25 miles up both sides of the lake and river. In 1862 judge Haynes was stationed at Osayoos by the imperial government. At that time Osayoos was the most important point in the interfor as all stock and supplies for the famous Cariboo country were entered there

from U.S. points. Realizing the mildness of the winter at sayoos judge Haynes decied to go into the stock raising business and therefor purchased, from time to time, large tract land till at the time of his death he had 1,000 acres over which herds of cattle an mighty band of horses roamed at will. The Haynes family is well known in the Okanagan and Boundary districts. Joseph Martin, K.C. and C. J. Leggatt will appear for the plaintiffs and E. P. Dav K.C., for the defendants.

EDITOR ABSENT.

Quebec Libel Suit on Trial—Warrant Issued for Defendant.

Quebec, Oct. 11.-In the libel suit of the Hon. Jean Prevost, against Oscar Assilin, editor of the Le Naturaliste Canadien, the defendant again failed to put in an appearance this morning and a bench warrant was issued for his arrest. Assilin is thought to be in Quebec and the reason for appearance is understood to be connected with the request his counsel made to the court this afternoon to have the panel of petit jurors set aside on the ground that it was irregularly prepared. He did not make any specific charge in support of his request and judge Blanchet dismissed the mo-tion. Mr. Lafamme accepted the ruling and announced his intention of appealing to the full court of king's The court then adjourned.

DISOBEYED ORDERS

Phoenix, Oct. 11.—Coroner A. S. Black yesterday empanelled the following jury, to inquire into the death of Alexander Dawson, who was fatally chains; thence south 80 chains; thence east crushed in the Rawhide mine in this camp early Tuesday morning. The jury consisted of C. W. Whittaker, W. L. McInnes, John Balck, Norman Mc-Leod, V. M. Sherbino, George McNie and Robin Nelson. The foreman and shiftboss and others testified to Daw-son having been ordered several times not to enter the dangerous shoot where turned a verdict that the unfortunate young man met his death through disbeying orders.

Dawson, who came from Huntley berdeenshire. Scotland, had been in this camp since May, 1906, and was married. The funeral will be held tomorrow afternoon under the auspices of Phoenix Miners' union No. 8, Rev Samuel Lundie officiating, interment to take place in the Phoenix city cem-

ONTARIO HAPPENINGS

Grocers' Guild on Trial at Hamilton-Dr. Potts is Dying Toronto, Oct. 11—A true bill was retu at the Hamilton assizes today against the lesale Grocers' Guild and the trial will probably take place at a special sitting o he high court. The case was commend ver a year ago the guild having been charged with conspiracy in restraint

The body of Mrs. Cassie Chadwick, who swindled some leading manciers of the United States will be brought from Colmer home.

Jesse Winger, a Bertie township farme was called to his door by two men recently and ordered to hand over his money. He refused and knocked one intruder down. Both pitched in and after a rough and tum ble fight Winger was overpowered and robbed of two dollars, all the money in his

A conultation of doctors was held in Dr Potts' case today and the verdict was, no hope.

The postal authorities have impounded a

lot of letters sent to Canada by a Hungarian lottery at Budapest.

## LAND NOTICES

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the fellowing described lands in West Koote nay district, British Columbia: Commence ing at the center of the east boundary of Clark Marshall's (L. 8088 G -) pre-emption, thence north along east boundary of Mar-shall's, McCormick's and McDevitt's preemption claim 80 chains; thence east 4 chains; thence south 80 chains; thence wes 40 chains to place of commencement, containing 320 acres more or less.

Dated this 24th day of April, 1907. WILLIAM McDEVITT. NELSON LAND DISTRICT, DISTRICT

OF WEST KOOTENAY TAKE NOTICE that I. W. C. Reed of Nelson, B.C., occupation machinist, intend to apply for permission to purchase the

ollowing described land: Commencing at a post planted on the soutr bank of the Pend d'Oreille river, thence 20 chains south, thence 40 chains east, thence 20 chains more or less to the river bank, thence following the river bank 40 chains, more or less, to point of

W. C. REED. J. W. FALLS, Agent. Located 30th July, 1907.
