800 BROWN TRYING TO CROSS ICE

Bolshevik Repulsed in An Attempt To Reach Kronstadt.

RIGA, Latvia, March 10.—Bolshevik forces yesterday attempted to reach Kronstadt from Sestoretz across the ice, but were repulsed, according to Moscow advices. Shrapnel broke the ice, and it is reported that 800 of the Bolsheviks were drowned.

Many wounded have been brought in Kronstadt.

LENINE IS WORRIED.

LONDON, March 10.—Nikolai Lenin, the Russian Soviet premier, speaking at the opening of the tenth All-Russian Congress of the Bolshevik Party in Moscow Tuesday with reference to the recent events in Kronstadt, predicted that the revolt in that city would be put down quickly, says a wireless message from Moscow today.

"The rising, organized by France in conjunction with social revolutionaries, will be crushed in a few days," Lenin declared.

"Nevertheless, we are forced to consider most seriously the internal situation of Soviet Russia."

FARMERS MAY ASK APOLOGY

Alleged That Outside Guest Caused Trouble At Banquet.

ST. THOMAS, March 10.—The recent farmers' banquet at Campbellton, West Elgin, which brought about a parliamentary criticism during the week, was not of the disorderly and rowdy character told in a Toronto paper. The spokesman in the district will not allow the county to be beset by the doings at the dinner to be held on Saturday at the county hall, he said, without an inquiry into the facts leading to the reports reaching the Toronto paper.

The members of the U. F. O. deny any responsibility for the acts of an outside guest, who may have brought a small crowd with him, but as to a general distribution of whiskey or that the company was under the influence of intoxicants, the members of the county committee deny the story.

A leading U. F. O. member, on making a local investigation, finds that the alleged scandal had little foundation. It is stated that the outside party may plead guilty on Saturday in the magistrate's court and mutual apologies follow.

FARMERS SECTION OF COMMERCE CHAMBER ORGANIZED AT ESSEX

Board of Directors Elected At Largely-Attended Meeting.

ESSEX, March 10.—A spirit of enthusiasm and co-operation marked the organization meeting and banquet of the farmers' section of the Essex Chamber of Commerce, held here. More than 150 representatives from all over the county were present.

Fourteen men were nominated as candidates for the board of directors of the farmers' section, including Milton C. Fox, Alfred Arner, T. S. Biggar, B. J. Mullens, Roy D. Potter, J. O. Duke, John Lockman, Thomas Plant and Angus MacKinnon.

Dr. C. A. Zavitz of the Ontario Agricultural College, at Guelph, told the present at the meeting of the successes achieved by the Hamilton Board of Trade and the Stratford Chamber of Commerce, with the farmers' sections in connection with those two organizations.

GOOD PRICES AT SALE OF AYRSHIRES

Forty-Five Animals Are Auctioned Off At Woodstock.

WOODSTOCK, March 10.—The annual spring sale of the Southern Ontario County Ayrshire Breeders' Association was well attended, and very good prices were obtained. Forty-five pure-bred animals of approved type sold under the hammer for \$6,325, the average price being slightly over \$140.

The animals were a well-conditioned lot, and although the bidding was not as spirited as usual, it ended in volume as the sale progressed.

The auctioneers were S. Brady, Ingersoll, and P. Longworth, Norwich. Scotch Lassie, a five-year-old cow with 16,000 milk record, was sold in volume to the purchaser, H. A. Stewart of Simcoe, for \$2,600.

A four-year-old, with a 12,246 pound record.

DISMISSED WITH COSTS.

TORONTO, March 10.—Justice Rose this afternoon dismissed with costs the action of Hon. W. E. Roney, attorney-general, against the Great Lakes Company seeking for a declaration that the company was obliged to take power from the Hydro-Electric Commission at cost, and for an injunction restraining the company from obtaining power elsewhere.

DOG GAVE HIS LIFE TO PREVENT HOLD-UP

CHICAGO, March 10.—

Leo, a St. Bernard dog, today gave his life in preventing an attempt to hold up his master's grocery shop. Three bandits walked into Leonard Malone's store and ordered him to throw up his hands. The dog, watching from a corner, hurled his 155 pounds at one of the robbers, sinking his teeth into the man's throat. The man fired and the dog fell dead. The robbers escaped, but did not obtain any loot.

GIRLS ASSERT BOYS LIKE "WILD WOMEN"

Find Fault With Youths of Today, But Say They Can't Do Without 'Em.

DETROIT, March 10.—You're all wrong, boys. The girls have many faults to find with you.

Ten girls, selected at random, were asked the question, "What is the matter with the boys of our day?" and they all had criticisms to air. They believe the boys are not any worse, perhaps, than the boys of any other age about which they have read, but still there are glaring faults that need correction, according to their answers. Some were facetious in their replies, cloaking their criticisms in jokes or wise quips, and others were disgusted, harping on their particular dislikes. One lass, whose name had been concealed, has a private grievance, which may apply only to one man, but which she applies to all.

"Homelike Lass Hasn't a Chance," she said.

"Why," one girl replied quickly, "they are crazy" (crazy is a pet adjective of hers, she explained, and does not mean just what she says). "They have no regard for the beautiful, or even pretty girl, or the sweet girl. As long as a girl is full of pep, even if she is as ugly as a mud fence, and is able to stand the strain of a fast life, they admire her. The homelike girl, be she ever so pretty, hasn't a chance. It's really the 'wild woman' the men fall for, and that's really a fault."

"Joy ride, and the boys ride with you," another replied. "Walk, and you walk alone. Men like a girl who has a car, and if she has none, she doesn't attract them. The poor girl struggles along alone, and the men ride with the rich."

In justice to the men, this probably is a private grievance.

Perhaps only a girl can safely call a real man a coward and get away with it, but they seem to know they can use the word with impunity. Three of them, one group agreed with one another, said boys were cowardly in some respects.

Won't Cut In, One Girl Wails.

"They are afraid to 'cut in' when a girl has a beau," she said, and the others nodded vigorously. "If a girl is seen out with the same boy twice, the other girls think she is engaged, and are afraid to cut in on him."

"Perhaps they have respect for engagement rings and the like," it was suggested.

"No, they haven't," another replied. "The only thing a boy ever wears about a girl's ring is, 'Gee, that bird gave her an expensive rock, and I have heard them say it.'"

"The majority of them do not like to work," one common sense miss replied to the question. "They would rather be stylish and get their money easily, than actually to earn it. That is, most of them. I know several exceptions."

That started a discussion of the two classes of men, as the girls divide them—real men and the fashion plates.

"Percy" Are Criticized.

"Some of them have their hair marcelled," one declared in a "what-do-you-think-of-that" voice. "And have their eyebrows pulled. They are the kind who prefer a girl with lots of paint and little brains. They are effeminate, they are trying to be stylish as hard as the girls are, and that is certainly a fault in a man."

"I'd hate to have to get along without them," seemed to be a pretty general opinion, those interviews were over, but only one expressed it in those words. They found fault on request, but voluntarily offered ameliorating explanations at the end of their discussions. Which same is offered the inferior male as a small pill of consolation.

TOBACCO GROWERS URGE HIGHER DUTY

Want Government To Increase the Tax On Imported Leaf.

OTTAWA, May 10.—(By Canadian Press.)—Tobacco growers from Quebec and Ontario appeared before Sir Henry Drayton, minister of finance, today to urge higher customs duties on imported leaf tobacco. The present duty, including inland revenue, is 12c a pound. The delegation asked that it be increased to 18c a pound for unstemmed leaf, and 22c for stemmed leaf. The additional duty on stemmed tobacco was urged on the ground that it would encourage stemming in Canada of imported leaf and thereby find more employment for Canadian labor.

Included in the delegation were representatives of tobacco growers in the Ontario counties of Essex, Kent, Middlesex, East and West Elgin, Norfolk, Lambton, Welland, Prince Edward and Oxford, who were accompanied by five members of the House of Commons, Mr. J. H. (South Essex) (Kent), Dr. W. Brien (South Essex) and Mr. E. Armstrong (Lambton East).

Mr. Armstrong promised the delegation very consideration of their representations.

LITTLE GIRL IS SWEPT TO DEATH IN CITY SEWER

Stumbled Into Manhole While Crossing Street With Mother.

MONTREAL, March 10.—(By Canadian Press.)—Squads of men are at work in the sewers of this city tonight searching for the body of Lilly Manning, 8 years of age, who, this afternoon, when with her mother and her little sister Gertie, stumbled and fell into the open manhole on St. James street, opposite the St. Antoine Market.

Mrs. Joseph Manning, the mother, says: "I was crossing the street with my two little girls, and I did not notice the man-hole. I was carrying Gertie across the street, and Lilly was walking a little behind me. Suddenly she seemed to stumble, and I saw her sort of double up and fall into the hole, head first. All she said was 'Oh, no!'"

The mother shouted down the man-hole, but no answer came. She rushed to the edge of the water level which runs to a depth of four feet at this point. A man rushed up and, after a moment's hesitation, jumped into the hole and waited fifteen minutes for the body to appear. He saw nothing.

There was no guard around and no grating over the manhole at the time of the accident, and the police are stated to have remarked it was dangerous.
