president. At the first meeting a strong deputation was appointed to wait on the town council and urge the submitting of a by-law for construction of a waterworks system. A by-law for this purpose met defeat at the last municipal election by 19 votes.

Canada is to have two new stamps—one of 13 cents and one of 15 cents. Since the letter registration fee has been increased from 5 to 10 cents, the combined postage and registration fee is 13 cents; to most foreign lands, 15 cents. This is the reason for the demand for the two denominations. Meanwhile, it is said that the 7-cent stamp is in use comparatively little and will be withdrawn from circulation.

Now that the cold weather is approaching the usual influx of visitors may be expected from the Western provinces and Northern Ontario. No doubt they will tell the same old story that "we don't feel the cold up here." Westerners as a rule are exceedingly loyal to their home provinces, consequently they are generally received with a grain of salt. A married lady writing to a Toronto daily explains why the cold is not felt. She says: "I have known my husband to wear in the very cold weather rabbit-fur in his moccasins, with seven pairs of heavy stockings, pyjamas over his underwear, a flannel shirt, a heavy woolen shirt, a waistcoat and jacket, mackinaw pants, and a mackinaw coat—or perhaps a sheepskin! Then they wear wool visor caps frequently, which pull down over the ears when the wind is high. And that is the real reason." One would think that carrying around all this truck would keep anyone "hot up" some.

"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it. "Autos in Collision." How often this heading has appeared in the papers this fall. Either the roads will have to be wider or the drivers will have to be saner.

Probably Envious.

"After a few months in other states, I was returning to Indianapolis. I remarked a traveling salesman, 'and I don't mind telling you I was glad to be getting back home. As I sat down beside the stranger I told him how good it was to be back in the land of cornfields.'

"So we started to talk about the beauty spots of Mother Nature. It is nothing more than natural for any Hoosier to talk about his own state. And I had to ask him whether he had ever been in Brown county.

"The stranger looked out of the car window a minute, saying softly to himself: 'Brown county, Brown county.' When he looked around at me again he said:

"Yes, I have been there. That's the place where the squirrels have to carry a lunch with them when they go across the county, is it not?"—Indianapolis News.
