

127448.

Winnipeg, April 14, 1912.

Sir,

With reference to your communication, dated,
 Paremville, March 28th last, respecting the request of the
 Assembly Band for an architect to visit the village and
 confer with them concerning the preparation of plan for a
 new Council House, I have to inform you that the Department
 has prepared preliminary sketch of a building adapted for
 the purpose. The sketch shows a one story building
 containing a large central hall and two wings opening from
 the central hall. As the Department is desirous of limit-
 ing the cost, the sketch shows a post foundation of a
 slightly increased cost a concrete foundation can be pro-
 vided, if desired.

The height of the building is to be 125 feet
 with a roof and which can be considerably improved if
 desired.

You are requested to submit the sketch to the
 agent for their approval and, if satisfactory, the plan and
 specifications will be completed within a few days after
 the receipt of your reply when the work can be proceeded
 with.

Very sincerely yours,

Asst. Deputy and Secretary.

Wm. H. Jones,

Indian Agent,

Paremville,
