Builders of Farm Implements - Since 1847

TORONTO, Canada,

July 28, 1938

Mr. J. S. Duncan,
Vice President and General Manager,
Massey-Harris Company, Ltd.,
Toronto, Ontario.

Dear Mr. Duncan:

Replying to your inquiry regarding John Lay.

I beg to advise that this young man has been working in our Service Dept. since being employed by this Branch. He has acquired considerable knowledge of service work on our General line of machines and, during the past month, he has been working on Combines. He has been out on the territory erecting and starting these machines.

I am pleased to advise that Mr. Lay has been making excellent progress in this line of work. He has lots of ambition and is very quick to learn. He has a very pleasing disposition, gets along real well with the men with whom he is working and also with our farmer customers.

We intend to keep Mr. Lay on Combine service work in the country until harvest is completed.

Yours very truly,

(Sgd) R. A. McAllister
