

butcher or other person, use any such house, shop or outhouse at any time as a slaughter-house or for the purpose of slaughtering any animals therein, unless such shop, house or outhouse be distant not less than two hundred yards from any dwelling-house and distant not less than seventy yards from any public street.

10. All slaughter-houses within the Municipality shall be subject to regular inspection under the direction of the Board of Health; and no person shall keep any slaughter-house unless the permission in writing of the Board of Health for the keeping of such slaughter-house has been first obtained, and remains unrevoked. Such permission shall be granted, after approval of such premises upon inspection, subject to the condition that the said houses shall be so kept as not to impair the health of persons residing in their vicinity, and upon such condition being broken the said permission may be revoked by the Board; and all animals to be slaughtered, and all flesh meat exposed for sale, in this Municipality shall be subject to the like inspection.

11. All dairies or other places in which milk is sold or kept for general use, and all cheese-factories and creameries shall be subject to regular inspection under the direction of the Board of Health; and the proprietors shall be required to obtain permission in writing from the Board, to keep such dairy or other place in which milk is sold or kept as aforesaid, or to keep a cheese-factory or creamery, and the same shall not be kept by anyone without such permission, which shall be granted after approval of such premises upon inspection, subject to the condition that all such places as aforesaid are so kept and conducted that the milk shall not contain any matter or thing liable to produce disease either by reason of adulteration, contamination with sewage, absorption of disease germs, infection of cows, or any other generally recognized cause, and upon such condition being broken the said permission may be revoked by the Board.

12. The following code of Rules and Regulations for the preservation of the public health and the prevention of the spread of contagious or infectious diseases shall constitute a part of this By-law, and any person or persons violating or neglecting any of the said Rules and Regulations shall be liable to the fines and penalties imposed by Section 13 of this By-law:—

RULE 1.—No privy vault, cesspool or reservoir into which a privy, water-closet, stable or sink is drained, except it be water-tight, shall be established unless by special permission of the Board, in which case it shall be not less than one hundred feet from any well, spring or other source of water used for culinary purposes.

RULE 2.—Earth privies or earth closets without a vault below the surface of the ground do not come within Rule 1, but sufficient dry earth, wood-ashes or coal-ashes to absorb all the fluid parts of the deposit must be thrown upon the contents of such earth privies and closets daily, and the entire contents must be removed weekly.

RULE 3.—All privy vaults, cesspools or reservoirs named in Rule 1 shall be cleaned out at least once a year, and from the 15th day of May to the 1st day of November in each year shall be thoroughly disinfected by adding to the contents of the vault, cesspool or reservoir, once a month, not less than two pounds of sulphate of iron dissolved in a pailful of water, or other suitable disinfectant.

RULE 4.—Within the limits of this Municipality no night-soil or contents of any cesspool shall be removed unless previously deodorized as above, and during its transportation the material shall be covered with a layer of fresh earth except the removal shall have been by the "Odorless Excavating Process,"
