Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores physical strength in the only possible way, by enabling the assimilation of the nutrition contained in food.

SPLENDID ENTERTAINMENT FOR CHRISTMAS NIGHT. The Wesleyan Male Quartette now enters upon its sinth season of pro-fessional work and its fourth season fessional work and its fourth season under the exclusive management of the American Lyceum Union. Doubtless among the youngest of the male quartettes in the concert field, yet it has won a place that the Union looks upon 'with pardonable pride. During the past season it has sung more than two hundred concerts, and the indications point to the coming season as one of unprecedented activity and favor. The distinguishable work of the Quartette is characterized by its brilliant ensemble; its able work of the Quartette is charac-terized by its brilliant ensemble; its faithful interpretation; its perfect vocal blending. The training of each individual composing the Quartette has been in the best conservatories, and in individual training we can most conscientinusly say it is in all most conscientiously say it is in all respects the best male quartette ob-tainable. A well-known musician of Pennsylvania, after hearing the Quartette, sums up his impressions

thus:

Quartette, sums up his impressions thus:

"For an entertainment that makes you laugh and makes you cry, awakens your spiritual emotions and every generous impulse; for tones that touch and vibrate every fibre of your being; for melodies that live in memory and enrich your whole life; for voices that his their combination are the finest, most perfect, most melodious, tuneful and harmonious—hear the Wesleyan Quartette."

Miss Boynton has been before the public as a professional reader for four seasons, and has delighted her audiences with her superb readings, the natural and dramatic are most happily blended in all her work, while humor has most genuine treatment and becomes a marked feature of her charming delineations. Her naturalness has not been marred by artistic study, for her art is real and true to nature.

WESTMINSTER ABBEY CHOIR. The Westminster Abbey Choir will be at the Grand on Monday, December 28th.

The Westminster Glee and Concert Party give a program that is delightful as it is unique. They will revive the ancient part songs, glees and madignals that are classics in English music; they will illustrate the humorous catch songs so popular in elden times, and will interpret the choicest gems of classic and modern English ballads. The wonderful soprano voices of the boys, sweeten than any prima donna's notes, will be a most magnetic feature; a solo by a male alto voice will be a charming novelty and a "surpassing interest, and an essential part of all the programs will be the Coronation anthem, while the sucred programs will include several of the numbers sung at the Coronation service.
