

Donations, either of land or money, will be thankfully received by the Committee. In order to facilitate the benevolent intentions of any parties, who may feel disposed to assist the Society in their efforts to sustain the College, a form of bequest is given below : "I give, devise, and bequeath to the Incorporated Society called and known as 'The Alumni of King's College, Windsor,' and to their successors and assigns, the sum of — (or my lot of land containing — acres at A. with the appurtenances) for the uses and objects of the said Society; the receipt of the Treasurer for the time being of such Society, to be a sufficient discharge to my executors."

As many persons are not aware of the moderate amount of the necessary expenses of an Undergraduate at King's College, a table of fees is subjoined.

Table of Fees payable at King's College, Windsor, Nova Scotia.

Tutor, per annum, cur'y.	£4	9	0
Professor of Divinity,	1	2	3
Professor of Mathematics and Nat. Philosophy,	1	2	3
Professor of Modern Languages,	2	0	0
Library,	1	2	3
Road Money, &c.	0	5	0
To the Steward, 12s. 6d. per week, during residence.			
Matriculation Fee, 5s. 7d.			

The Terms appointed for Matriculation are the last week in June and the first week in September. There should be a full three years attendance at Lectures. These are designed to embrace the successive study of the most approved Classics, the several branches of Mathematics and Natural Philosophy and Logic, the Evidences of Religion, Divinity and Hebrew. For such Students as reside after passing the examination for degree, separate classes are formed in the subjects required of Candidates for Ordination, and proficiency is tested by an examination similar to the "Voluntary," at the English Universities.

It is perhaps not generally known, that a Subscriber of £100 has the privilege of nominating a Student, who shall pass through College without payment of fees.
