STOCK GOSSIP.

PARK HILL FARM, PETITE COTE.

The Ayrshire herd of James Drummond &
Sons is headed by Victor 5891, sired by Rob
Roy, dam Victoria, which had a record of
10,500 lbs. of milk in one year. He is a very
successful show bull, and sire of a lot of very
fine stock. The old cow, Viola 3rd, is looking
exceedingly well. She is a wonderfully heavy
milker, and the dam of a large number of
prize winners. This cow will likely appear in
the show ring again the coming season. Viola
5th, a daughter of Viola 3rd, was placed first
last year in Ottawa in a very strong class. She
is likely to take the place of her dam. Maggie
Sands 3rd, a most promising two-year-old, won
second premium last year in Ottawa. In one
stable we noticed seven fine 2 and 3-year-old
heifers, which are most promising. They will
all be milking this season. Among the yearling
heifers Princess of Park Hill, dam Viola 4th, is a
most promising heifer, and will likely be heard
of later. The balance of the young stock, some
10 or 15, are looking exceptionally well. Nelson
of Park Hill, rising two years old, is a large,
well proportioned animal, showing good dairy
points. As a calf and as a yearling she cap-
tured first prizes at all the leading shows, viz.,
Montreal, Toronto, London, and Ottawa. A
young bull, rising one year old, was 1st in
Ottawa in a very strong class, and 2nd in Que-
bec. There is also a very fine young calf about
nine months old.

ASHTON GRANGE FARM.

Wm. Tait, St. Laurent, P.Q., is the breeder
of large Yorkshires. The herd is a most excel-
lent, uniform lot, and is headed by Ashton Hero
1908, Prince of Isleigh 348, and Oak Lodge
Grandeur 1793, which are all proving to be good
sires. Prince of Isleigh has plenty of size,
good length, with broad back and deep sides.
There are twenty breeding sows in the herd and
are a very uniform lot. Jessie 1230, imp., is a
good, lengthy, deep sow, and is raising a nice
litter of pigs. Village Girl 1232, imp., bred by
Saunders Spencer, is a good, smooth, all round
animal just lately farrowed. Maplewood
Princess 788 is descended from Walker Jones
strain. She has proved to be a very excellent
breeder, many of which have won leading
prizes. The uniformity of this herd was par-
ticularly striking at the time of our visit.

BROOK HILL AYRSHIRES AND YORKSHIRES.

Brook Hill, the property of W. F. & J. A.
Stevens, Trout River, is situated on the Trout
River, a few miles west from Huntingdon. It
comprises 250 acres, splendidly adapted for
mixed farming. There are two living springs
running across the farm. The herd of 50 Ayr-
shires is headed by Uncle Sam 6874, sired by
Byron Bonfrew Mansueta 5662, dam Nellie
Osborne 5356. He is a very promising young
bull, and should prove a good sire. He is of a
beautiful light color, has a good shoulder and
straight upper and under lines. Fedora 5532,
sire Golden Guinea 4454, dam Lady Dufferin
3rd 4745, is a wonderful performer at the mill.
She has raised four calves and has never been
dry before this winter since she first calved.
Her record is 45 to 50 lbs. per day. She has
also proved to be a first class stock producer.
Heather Queen 4746 is a good all-round cow,
having an excellent udder with large teats,
and is an easy milker. She has given as high
as 50 lbs. per day. She was sired by Duke of
Argyle 2921, dam Pride of Brook Hill 2913.
Nettie 2nd 4747, by Duke of Argyle 2921, by
Dowdrop 2914, is, perhaps, the heaviest milker
in the herd. She has given 50 lbs. per day and
will carry her milk twelve months in the year.
It is difficult to dry her. Ruby 4748, sire Duke
of Argyle, dam Nettie, 2910, is another splendid
performer, and is a good all-round cow. Lady
Alice 4751, sire Duke of Argyle, dam Lassie
3460, is of good standing dark red and white color.
She is not a show cow, but a good milker and an
excellent breeder. Among the younger ones,
Hazel 5825, a four-year-old, promises to breed
well, and is a copious milker. Duchess of
Fyfe is a very promising two-year-old, as well
as her mate, Minnie May. Geraldine is a light
colored, nice straight heifer. Among the
female calves Nancy Hanks is specially prom-
ising as well as a number of others, both males
and females. The demand the last season was
good in Quebec, Maritime Provinces, Ontario,
also the United States. The average income
from each cow for the past three years has
been \$65 per head; \$56 is derived from butter
and the balance in calves and pigs. This firm
is breeding large Yorkshire hogs. The founda-
tion stock is from the herds of Messrs. Joseph
Featherstone and Wm. Goodger. Purity 1117
was bred by Joseph Featherstone, and Jewel
Boy 1421 was bred by J. C. Mair, Howick, P.Q.
Holywell Purity 1291 is from Mr. Featherstone's
herd. The balance of the brood sows were
bred on the farm.
