

Is Your Husband a Drunkard

Is Your Father a Drinking Man?
Is Your Son on the Downward Way?

YOU CAN SAVE HIM

Write to This Woman
To-Day

She cured her husband, her brother and several of her neighbors, and now she generously offers to tell you of the simple, inexpensive remedy that she so successfully used. The remedy can be given to the patient unnoticed so there is no publicity of your private affairs. She is anxious to help others so we earnestly advise every one of our readers who has a dear one who drinks to drop her a line today. She makes no charge for this help, she has nothing to sell (she asks for no money and accepts none) so there is no reason why you should not write her at once. Of course, she expects that you are yourself personally interested in curing one who drinks, and are not writing out of mere curiosity. Send your letter in confidence to her home. Simply write your name and full address plainly in the coupon below and send it to her.

MRS. MARGARET ANDERSON,
234 Home Avenue, Hillburn, N. Y.

Please tell me about the remedy you used to cure your husband, as I am personally interested in one who drinks.

NEAR PRESCOTT.

A timber merchant was sitting in his office one day musing sadly over the general depression in the wood trade, when a quiet-looking young man entered. "Do you sell beechwood?" asked the stranger.

"Yes, sir," replied the merchant, rising with alacrity, and hoping devoutly to book a large order. "We can supply any quantity on the shortest notice, either in the log or the plank."

"Oh, I don't want so much as that," said the youth, shifting his feet uneasily. "I just want a bit for a fiddle bridge."

YOU'LL feel better for work, play or rest if you eat Quaker Oats at least once a day.

GOSSIP.

An Irishman caught smallpox, and was sent to the pesthouse. The doctor told him he could not recover, and asked him if the priest should be sent for. "No," the Irishman replied; "send for a Jewish rabbi. I don't want to expose one of my own faith."

HILLCREST TAMWORTHS.

Hillcrest Stock Farm is the property of Herbert Germain, the well-known breeder of Tamworth swine. It is situated three miles south of St. George, which is Mr. Germain's post office, and six miles north of Brantford. For a great many years the Hillcrest herd of Tamworths has been one of the very best breeding and show herds of Canada, for a number of years successfully bred and exhibited by Norman Blain, and of late years by Mr. Germain. Especial care has always characterized the selection of breeding stock for this great herd, hence the high standard of excellence and splendid success the herd has always attained. The dozen or so brood sows now doing duty in the herd are certainly a choice lot, built on true bacon lines, weighing from 400 to 700 pounds, many of them prizewinners at Toronto. Seldom indeed has a herd of the bacon reds been graced with so many high-class matrons. The three stock boars now doing duty are equally as noble a lot, very large, and of an ideal type. Winners at Toronto and elsewhere, from such stock as this, are for sale, sows bred and ready to breed, boars fit for service, and young ones of both sexes. Write Mr. Germain to St. George P. O., Ont.

"OLD MELDRUM" SHORTHORNS.

Old Meldrum Stock Farm lies in the County of Wellington, five miles east of Guelph. The owners, Messrs. A. E. & G. Auld, are among the leading Shorthorn breeders of that noted stock county, their herd is always found in nice, thriving condition, and contains many very choice animals, selected as foundation stock, not for pedigree alone, as so many of our breeders have done to their financial sorrow, but selected for their individual excellence, particular attention having been paid to their ability to feed their own calves and have a margin for house use. On blood lines they represent the Nonpareil, Princess Victoria, Fancy, and others tracing to Daisy and Beauty (imp.). On the sires' side, they are the get of such well-known bulls as Imp. Nonpareil Archer, Imp. Scottish Hero, Imp. Scottish Minstrel, Imp. Ben Lomond, Imp. Old Lancaster, Imp. Royal Champion, the great sire, Prince Gloster, etc. The present stock bull is Bud's Emblem 63860, by the Toronto grand champion, Imp. Old Lancaster, dam a Cruickshank Rosebud, by Golden Prince 21068, grandam by Imp. Rajah, great-grandam Imp. Rose of Aberdeen. He is an immensely thick bull, a wonderful doer, and as mellow as a glove. In 1907, he won the junior championship at the Dominion Exhibition at Sherbrooke, Que., this year, at Toronto, in a wonderfully strong class, he was first, and reserve for senior champion. Among the females are such splendidly-bred things as Collynie Rose, a C. Rosebud, by Prince Gloster, Cecelia Miss, a C. Cecelia, by Old Lancaster (imp.), a two-year-old Wedding Gift heifer, by Imp. Scottish Hero, another two-year-old Nonpareil, by Imp. Nonpareil Archer, a junior yearling, Princess Victoria, by Imp. Ben Lomond. This heifer won first at Toronto this fall. Another, same age, by same sire, and out of a daughter by Imp. Old Lancaster. This heifer won fourth in the same class. Fancy 13th, by Imp. Royal Champion, and out of Imp. Fancy 12th, etc. All old enough, are in calf to Bud's Emblem. In young bulls old enough for service, there are three, a roan yearling, by Old Meldrum 68993, and out of a dam tracing to Daisy (imp.), Violet Lancaster 76103 is a roan, 11 months old, by Bud's Emblem, and out of a Daisy bred dam, by Royal Hero. Collynie Minstrel 73314 is a roan yearling, by Imp. Scottish Minstrel, and out of Collynie Rose, a C. Rosebud. Here are a trio of choice bulls that will please anyone wanting something good. There are also for sale a number of choice heifers. Write the Messrs. Auld to Eden Mills P. O., Ont.

Don't Judge a Roofing By Its Looks

On the surface, most ready roofings look the same.

But the weather finds the hidden weakness.

The weather finds the vegetable fibers in the fabric and rots them.

The weather finds the volatile oils which are concealed below the surface. The sun draws these oils, in globules, to the top of the roofing, where they evaporate in the air.

Where there was a globule of air, there remains a hole. And behind each hole is a tiny channel which lets the weather and water into the very heart of the roofing.

When the sun and the wind and weather have sought out the hidden weaknesses, the roofing is porous, instead of solid; watersoaked, instead of waterproof.

You can't tell by looks, which roofing will last twenty years, and which will go to pieces in a single summer.

Seventeen Years of Service

But you can do this: You can tell the original Ruberoid roofing—the only roofing which has lasted seventeen years—from the 300 substitutes which have proven their unworthiness.

Ruberoid was the first ready roofing. Its basis is the best wool felt impregnated with Ruberoid gum.

It is this wonderful flexible gum which no other maker can duplicate.

RUBEROID

(TRADEMARK REGISTERED)

Be sure to look for this registered trademark which is stamped every four feet on the under side of all genuine Ruberoid. This is your protection against substitutes which many dealers brazenly sell as Ruberoid. Ruberoid is usually sold by but one dealer in a town. We will tell you the name of your Ruberoid dealer when you send for our free book.
