SAMPLE BOTTLE CURED HER

Of Eczema on Her Hands.

We are always glad of an opportunity to send a sample bottle of D. D. D. Prescription to an eczema sufferer, because we are sure it will stop the awful, torturing itch at once, and start the patient on the road to recovery. But no one expects the necessarily small sample bottle to complete the cure.

That is what it did, however, for Madame Mathilda Boudreau, of Amherst, Magdalen Islands. Writing on June 18th last, she says:

"I was suffering with eczema on the hands for about three months when I started using D. D. D. Prescription, and after I used a sample bottle I was entirely cured. I recommend D. D. D. to anybody suffering with skin disease."

D. D. D. directly attacks the germs in the skin which cause eczema-kills themrelieves the torturing itch at once, and restores the skin to a healthy condition. For free sample bottle of D. D. D. Prescription, write to the D. D. D. Laboratory, Department A, 23 Jordan St., Toronto.

For sale by all druggists.

Little Eleanor's mother was an Irish-American, while her father was a German. One day, after Eleanor had been subjected to rather severe disciplinary measures at the hands of her father, she called her mother into another room, closed the door significantly, and said: 'Mother, I don't want to meddle in your business, but I wish you'd send that husband of yours back to German

Could Not Sleep In The Dark.

Doctor Said Heart and Nerves Were Responsible.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rossmore, Ont., writes:—"About two years ago I began to be troubled with a smothering sensation at night, when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. I saw Milburn's Heart and Nerve Pills advertised and got a lox to try them. I took three boxes and can now lie down and sleep without the light burning and can rest well. I can recommend them highly to all nervous and run

down women. Price 50 cents per box or 3 for \$1.25 at all dealers, or mailed direct on receipt of price, by the T. Milburn Co., Limited,

QUESTIONS AND ANSWERS. Miscellaneous.

RUPTURED COLT.

A horse colt, one year old, got ruptured at the navel when he was about six weeks old. It is about the size of a hen's egg. Do you think it will go away itself, or would it be better to have an operation on him? I had a mare colt some time ago the same, but it went away itself. The vet., when castrating this colt, wanted to operate on him, but I thought he would be all right. Some have told me it will not come all right on a horse colt.

OLD SUBSCRIBER.

Ans.—It is very likely that, in time, it will cure itself. A simple treatment for such a case is to take a Burgundy-pitch plaster about six inches square, made by spreading the pitch on a piece of moleskin, or leather. Split a cork in two lengthwise, put one half, flat side down, on the center of the plaster, and, after warming thoroughly, apply it to the rupture with the round side of the cork pressed into the opening. Take a small smoothing - iron, well warmed, and iron over the plaster on the outside, to make it adhere perfectly. The rupture will likely be healed before it comes off.

VOLUME OF CRUSHED AND RUB-BLE STONE.

How many yards of gravel (crushed stone) are there in a cord of stone, measured before it is crushed? Could you tell about how much it shrinks, if it shrinks any, by being crushed?

Ans.-Volume before and after crushing will depend on how closely the rubble stone depend on how closely the rubble stone is piled when measured. Also, crushed stone shrinks in the wagon, or on cars, from the shaking and hauling, and the measurement of crushed stone thus varies between the crusher and the work. Crushed stone, loose, is nearly 50 per cent. voids, and if rubble stone is reasonably piled, the voids will not exceed this, so that there would be no shrinkage after crushing.

"Instead of a shrinkage, the volume would increase. One cord of rubble should expand to $1\frac{1}{4}$ or $1\frac{1}{3}$ cords of crushed material. A cord contains 128 cubic feet, and a cubic yard, 27 cubic W. A. McLEAN, feet." Engineer of Highways.

HORSE - TRADING.

What is best to do under these circumstances: I traded horses with a horse trader who claimed to be a veterinary surgeon. He guaranteed his mare to be sound and a good driver, and said if she was not, within three days I could return her. The mare I traded was blind, and a kicker. His father had seen my mare and said he knew her. I told him he kicked, and what more he wanted to know his father would tell him After consulting his father, we traded, I to give him \$25 boot. I gave him \$5, and was to give him \$20 on delivery of the mare. His brother delivered the mare the next day, and my boss made out a check, with my permission, for \$20, not to the man I traded with, but to his brother, who delivered the mare. After he left, I hitched the mare up and found she was lame and would not pull the buggy. My boss phoned to the bank and told them not to cash the check. When he found he could not get the cash, he 'phoned me. I told him the reason, and to bring my mare back. He said he would. He came back, but did not bring the mare. I traded this mare back to this man who had the check. Again, before trading, I asked him what he intended doing about it. He said he did not know where it was, it was likely burned. Since then he has sent my hoss a solicitor's letter, threatening to sue him for the \$20. Can be collect same?

What is the best thing to do to stop them cashing check? Shall I advertise it in papers? NEW SUBSCRIBER.

Ans.-Judging from your statement of facts, alone, we do not see that your employer can be compelled to pay the twenty dellars, or any sum; nor do we see that you need do anything further regarding the check.
