DIOCESE OF PETERBOROUGH.

St. Joseph's Consecrated to the Service of Almighty God. – His Lordship Bishop G'Connor Performs the Solemn Function in the Presence of a Large Congregation — A Splendid Church Structure, Substantial and Elegant—The First Mass Celebrated.

Church Structure. Substantial and Elegant—The First Mass Celebrated on the Elegant Elegant eclesial countries and project and people of St. Joseph's Roman Catholic church, Douro, came yesterday analysis of the Control of the Completed persons being present at 10:30 a.m., to witness the consecration of the completed new church. His Lordship Bishop O'Connor, who laid the corner-stone on May 2th, 1892, performed the ceremony, assisted by Very Rev. Monsignor McEvay, Missionary Apostolic, Hamilton; Very Rev. C. H. Gauthier, parish priest of Brockville, and Vicar General to Archbishop Cleary of Kingston, whom he represented on the occasion; Rev. Father Conolly, Downeyville, and Rev. Father Keilty, rector of St. Joseph's, At the appointed hour the Bishop, in full canonicals, crowned with the mirre and earrying his crozier and accompanied by the clergy, came out of the sacristy and amnounced that the church would be blossed to that the curse of original sin that affected all things, even the hamimate materials of a church, might be consupregation might worshin in the grace and protection of Almighty God. THE CEREMONY BEGAN by the procession of Bishop and clergy, preceded by the crucifer and altar boys, passing down the middle aisle to the door, where certain preservible prayers were recited. The procession then made the circuit of the outside of the building, the Bishop sprinkling holy water on the walls above and below and the clergy chanting certain psalms. I then returned to the interior of the church and proceeding to the altar chanted the Litany of the Saints. The circuit of the outside of the building, the Bishop sprinkling holy water on the walls above and below and the clergy chanting certain psalms. A return was made to the altar, where other prayers were recited. The procession then made the circuit of the outside of the building the building the concept of the distruction of the church a

pied his throne in the sanctuary, attended by Monsignor McEvay, who preached the sermon; and an excellent ELOQUENT AND APPROPRIATE SERMON it was, He took for the subject of his sermon the passage in the Epistle of St. Paul to the Ephesians:—
"Christ levest the Church and delivered Him-

"Christ loved the Church and delivered Him self up for the Church, that it might be with out spot or blemish."

"Christ loved the Church and delivered Himself up for the Church, that it might be without spot or blemish."

In this Epistle St. Paul, the preacher said, laid down clearly the sanctity of the Church, the spouse of Christ. All things should be holy in proportion to their nearness to God, and the Church being united with God must be entirely holy. The Church, considered in relation to the Holy Ghost, through which it acted, must be holy. This holiness was foretold by the prophets and its glory set forth. Christ, who clearly distinguished between the Church and the world, promised the Holy Ghost, to the Church, which came to it on the Day of Pentecost. The Church could not have a head till Christ came to earth, and then not till He had been glorified and till the Holy Ghost was sent. Christ was the head of the Church, the apostles the body, and the Holy Ghost the soul. The apostles were guilty of evil acts towards Christ till the Holy Ghost came upon them. Then, from being weak, unstable and halting, they became courageous, and they went forth to establish the Church—the kingdom of Christ. The gift of the Holy Ghost did not end with the Apostles; it was given the Church with the assurance that it would abide with it forever. The doctrine of the presence of the Holy Ghost in the Church was filled with the Holy Ghost, shared its attributes, and was therefore holy. It was Catholic as to time and place, and apostolic because inspired by the Holy Ghost that fell upon the apostles. It was imperishable because the Author was everlasting. As the soul was the life of the Church authorities down to the present time the Church was filled with the Holy Ghost, shared its attributes, and was therefore holy. It was Catholic as to time and sinners mixed up in the Church was no disproof of her sanctity. There was a Judas among the twelve apostles, and there were tares among the wheat. Evidence was afforded of the presence of the Holy Spirit in the Catholic Church in all centuries and all ages. The saints and marrys—the host which

the first schools, belonged to the Roman Catholic missionaries. In a word, the Church missionaries. In a word, the Church missionaries. In a word, the Church missionaries of the Church, like Christ Himself, has had her trials and her triumphs, and we should be thankful to belong to a grand old Church, and should do nothing to disgrace her. The speaker closed by assuring the congregation that he was glad to see their magnificent church, which was a creditable tribute to their piety and the energy of their priest. They were urged to teach their children to stand up for the Church, and when the end of all came to them they would be taken to dwell with Jesus and Mary.

The Bishop made a brief statement of the financial condition of St. Joseph's. Two and a half years ago he had advised the people to build their church of stone, and they had feared the cost; but they had taken his advice, and the event showed that by the co-operation of the people, who had performed a large amount of work themselves, they had a church at a very moderate cost. They had a beautiful church—a lasting monument of their piety and liberality. The cost of the church had been \$16,008.60 and of this a net balance remained unpaid of \$6,178.73—a very small debt considering the excellence of the church they had. His Lordship said he had great reason to feel proud of the people of Douro; and they, as well as all concerned, from architect to workmen, were deserving of the greatest praise. St. Joseph's was one of the finest churches for its size in the province. During the Mass a liberal offertory was taken by Rev. Father Kielty and Conolly amounting to over \$200.

The erection of this fine church is a credit both to the liberality of the congregation and the energy of the pastor, during whose short pastorate already two new churches have been consecrated—St. Pauls at Lakefield on Sunday, June 11th, 1832.

The News has every faith in the above statement, which was chee, fully made by Mr. Blair, without solicitation, and we give it publicity both as a matter of news, and with the hope that perhaps it may aid another who is suffering similiarly, or from some other of the many aidments this great remedy is designed to cure. Dr. Williams Pink Phils for Pale People are manufactured by the Dr. Williams Medicine Co., of Brockville, Ont., and Schenectady. N. Y., a firm of unquestioned reliability. Pink

Pills are not looked on as a patent medicine but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific from all diseases arising from an impairment of the nervous system, such as less of appetite, depression of spirits, anæmia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, iccomotor ataxia, paralysis, sciatica, rheumatism, st. Vitus' dance, the after effects of la grippe, all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic crysteplas, etc. In the case of men they effect a radical cure in all case arising from mental worry, overwork or excesses of any nature. These pills are not a purgative medicine. They contain only life giving properties, and nothing that cauld injure the most delicate system. They act directly on the blood supplying its life giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way, the blood becoming "built up," are being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of the functions, and thus eliminates diseases from the system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink). Dr. Williams' Pink Pills may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address, at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

A ROYAL ORDER.—An order received in a recent European mail, by the Dr. Williams Medicine Co., of this town, probably stands unique in the history of Canadian or American proprietary medicines. It came from St. Petersburg, Russia, enclosing a rouble note (55 cents) for a box of Dr. Williams' Pink Pills, the sender being the Count de Bodisco, Grand Chamberlain to His Majesty the Czar of Russia. It would appear that even royalty, in far away St. Petersburg, has learned of the virtue of this remarkable Canadian remedy, and turn to it for relief in preference to others. It is more than probable that in the near future this unequalled blood builder and nerve tonic will be the standard remedy throughout the civilized world, as it is to-aay in Canada, the United States and Great Britain. Its virtues cannot be too widely made known. The rouble accompanying the order is a fair sample of Russian bank notes, and in this country is somewhat of a curiosity. The note is at the company's office, and may be seen by any who have not had an opportunity of examining a specimen of Russian curreucy.—Brockville Times.
