## Less Smut

in 1908 Crop than for  
several years

The inspection of the total crop of Western Canada is reported to Chief Grain Inspector, Winnipeg.  
By actual comparison of figures taken from his office, it shows there was much less smut this year than for several years previously.

### More Formaldehyde used this year than ever before

The story of the smut, illustrated by drawings will be published in this space. Watch for it—it is interesting.  
Pamphlet regarding smut mailed free on request.
