

# Yes, it's the cleanest snappiest sport in the World

Shrewd sportsmen everywhere realize that .22 shooting has risen to the level of a real sport. — And experience has quickly taught them that Remington U M C rifles and ammunition give the same measure of excellent results as do our bigger calibres. — Certainly we make our .22 goods with the same fine care, apply the same stringent tests and give the same guarantees of reliability and satisfaction.

Nestle a trim, well-balanced little Remington U M C rifle into your shoulder and your choice is made!

For the world's fastest shooting get a Remington U M C .22 Autoloader — it streams its 16 shots as fast as you can pull the trigger, without reloading. — Then there's the slide-action Remington U M C 16 shot Repeater, and the Single Shot, a good-looking, rugged, inexpensive little weapon. Look them all over. — Nothing but excellence—100 years of experience built into every one.

Remington U M C .22 cartridges—short, long or long rifle, get the results you want because they are made with incomparable Remington U M C facilities and experience. Buy a box today.

The Remington Hammerless Pump Gun for shot shells holds an enviable place on account of its velvet smooth action, bottom ejection, solid breech and its SAFETY. Six shots without reloading.

For loaded shells choose from "Arrow" the aristocrat amongst shells, the "Nitro Club" (both are steel lined) and the "Remington." — All smokeless. — For black powder users there's the "New Club"—a 30-year old favorite.

*For real service, and for anything in Guns and Ammunition, talk to the dealer who shows the Red Ball — the Mark of Remington U M C. He's up-to-date.*
