

Don't Risk a "Breakdown" in the Midst of Threshing

A broken belt means big wages going to idle hands. The belt that carries the load—day in and day out—is the belt that shows the profit at the end of the season.

"RED WING" Stitched Canvas Thresher Belts have the extra strength and durability built right into them. They give the service as well as the power.

"STAR" and "LUMBER KING" are made of the highest grade rubber material, and are guaranteed to run true in all cases. Our nearest branch is always at your service.
