THE FARMER'S PAPER,

The Canadian Agriculturist; The best and Cheapest Farmer's paper published Canada, and the only one now published in Upper Canada.

The second volume of the Agriculturist in its present form commences January, 1850. It is issued monthly, and contains 24 pages, double columns, imperial octavo. During the present year, the advertising sheet will be dispensed with. It will contain numerous illustrations of Mechanics and Farm implements, Farm houses and cottages, &c., Plans for School houses, and Diagrams in explanation of questions in mechanical science, and natural philosophy. Great care will be taken in the selection of matter whether relating to agriculture, Horticulture, Mechanics, Domestic Economy, Education, or general

freely published. Two or three gentlemen of high scientific attainments [one of whom is connected with the University,] have agreed to contribute to the Farmers, subscribe and pay for your paper, and then

write for it; all parties will thus be pleased and be-

and advancement of the real interests of Canada.

Much good has already been done by this paper, and those which preceded it, and of which it is a contintation.

THIS medicine has for many years been used extensively and freely in many critical cases of disease, and with the most happy results, in several parts of Europe, in the private practice of eminent physicians, who have approvingly adopted Dr. Hope's SINGULAR FORMULA.

those which preceded it, and of which it is a continuation. But the proprietors of the Cultivator, and the other papers alluded to, suffered great loss; and the proprietors of the Agriculturist have, so far, been out of pocket, besides the time, labor, and anxiety spent in its publication. Is the reproach that the farmers of Canada will not support an agricultural paper of any kind, to continue? We hope not. Let those who love their country, and desire its improvement, make a little more effort this year, and the reproach may be wiped out forever.

I know not which; and having tried many remedies, prescribed by different parties, I have now no hesitation in stating that your Medicine, called SIR HENRY HAL-FORD'S IMPERIAL BALSAM, has stopped the complaint in the preliminary Stages, four times over, in a few hours. Indeed, although you prescribe it to be taken four times a day, I have never had to resort to it more than twice. Not only myself, but some friends to whom I have given some, were similarly relieved: and in no case have I found it to fail. This is the first FALL, for four years, I have escaped the affliction, and which I attribute, under Providence, to the use of your medicine. Providence, to the use of your medicine.

It is from the fact that the rates of this Company are lower than those of many others, and its judicious management in taking none but those whose lives are considered good—that this Company has already acquired the name of being one of the safest and best institutions of the kind. It issued during the year 1848, 1,505 new policies; added \$214,161. to its investments, and paid losses occasioned by death during same term \$92,200, and has increased during the present year in one month \$30,000, these are plain facts, and are without a parallel in Life Insurance. This Company is under the guardianship of a board of Trustees, elected by its members, and are known to be men of ability and high standing in society, and in whom the public have confidence.
