
INTRODUCTION

OUR 1908 Catalogue presented to the trade the finest line of light vehicles and spring wagons ever offered the Canadian public. For 1909, we shall continue to manufacture the same lines but have "tuned up," so to speak, the entire 1908 catalogue, by adding the handsome new and original designs which are illustrated in this supplement.

We are sure the trade will appreciate our constant effort to keep our various lines ahead of all competition. Our aim has been, and still is, to turn out strictly high grade work, in every detail, and to always improve our various lines wherever possible, as regards design, workmanship and material.

Assuring you of our earnest efforts to please you along the above lines, and soliciting a continuance of your trade,

We are,

Sincerely yours,

McLAUGHLIN CARRIAGE CO., Limited
OSHAWA, ONTARIO, CANADA
