Mr. Claude Sanagan Explains How Motor Solves Problem

"One of the greatest factors in

The prize winners were as follows: prices. It is forcing real estate operators who make a specialty of sub-division work to open additions

"I understand the house problem in Belleville today is acute and I look forward to seeing the city extended in an easterly and westerly direction as home seekers will undoubtedly go into the outside districts to build homes.

"The result of this is that more and more people are today finding the automobile a necessity and I can safely state that Overland dealers throughout Canada with whom I am in daily contact find this condition to be true. The new Overland car with Triplex Springs is playing an important part in solving this housing problem in every town throughout Canada. There is no reason why it should not help solve the

"Mr. Sanagan, who was a well known newspaper man before joining the Overland staff, spent a few hours inspecting the plant of the St. Charles Motor Bus Company, local Overland agents, and then proceeded on his way to New York and eastern cities in the interest of his
