There being ne further nominations, at the expiration of an hour the clerk declared J. W. Scott elected by acclamation as Mayor of Listowel fer 1879. A poll was demanded for the election of Reeve and Deputy Reeve; which was granted, voting to take place on Monday next, 6th inst., from 9 a. m. to 5 p. m.

Mr. J. W. Scott, the newly elected Mayor, thanked those present (a considerable number of ratepayers) for the honor which they had conferred upon him in re-electing him to such an important position. He had endeavored to discharge the duties of the office during the past year to the best of his shilly. He was gratified at the improvements that had been made in Listowel during that sime, and he was persuaded from present indications that next year would witness equal prosperity. With judicious management in the future he felt that Listowel would rapidly develop into one of the most important towns in Western Ontarie. Mr. Scott in his remarks alluded to the new fire hall which the council had erected on Mill street. He explained that the immediate necessity of the building prevented the council from taking an expression of the ratepayers thereon. He thought it probable that the town would be called upon at an early day to pass a by-law to raise fundation of his former services by again assigning to hive the cludded to the market question, stating that he considered amarket unnecessary at present the also referred to the town's finances, intimating a new High School, and that the cost of the fire hall might be included therein. Mr. Scott briefly alluded to the market question, stating that the considered amarket unnecessary at present the also referred to the town's finances, intimating a half of the did the market question, stating that the considered amarket unnecessary at present the also referred to the town's finances, intimating the half of the

Mr. Thos. Briley, a practical cheese maker from Elma, will be present at the meeting and will probably undertake the management of the concern. The farm of Mr. James Robinson is spoken of as the likely location of the factory. Every farmer in the vicinity should attend the meeting if possible, as the cheese industry is becoming a very important element in the productions of the farm, and the advisability of encouraging such an institution is well (worthy of attention. TO THE PATRONS OF THE

Listowel Standard.

@

With the STANDARD, day by day, I have often come your way, And I hope I often may, at New Year; And to-day I greetings bring, whil: the bells demurely ring, Chime by chime, ting by ting,

re buried quite outright, in the middle of last night,
With a dimly burning light, Seventy-eight;
And I heard the stiffed hum, of our townsmen, as tkey come,
With the Band and beating drum,
Quite elate.

The first call.

and all around the town, they are tramping up and down,
And they never see a frown, from a face;
So the STANDARD Carrier Boy, hopes he neither will annoy,
While he wishes you all joy,
With good grace.

Why and wherefore I have come, unheralded by drum,
For modesty I'm mum, at command;
But I hope you'll understand, by my manner soft and bland,
That I come with open hand,
'ARD I STAND.

When the merry Christmas came, and the yulc-log lent its flame, To the face of squire and dame, in Listowel; a And the laden Christmas tree, waved as though upon a spree, Was free to all but me, Unhappy soul!

But it is a bon-mot name, in every house the same,
