

THE SEELY AFFAIR

Preliminary Examination Begun Saturday
Several Witnesses Were Examined and Hearing Adjourned Until the Last of the Month

DALHOUSIE, July 25.—The preliminary examination of the Seely-Fontaine affair began this morning before Police Magistrate Windsor. R. A. Lawlor of Chatham for the prosecution, W. A. Mott of Campbellton for the defence, George Mencher of Dalhousie was sworn interpreter. The first witness called, Andrew Fontaine, said to Mr. Lawlor: "I lived in St. Maure, parish of Balmor, in the county of Restigouche. I remember June 12, 1898, as a brother to Peter Fontaine, the deceased. Early on the 12th of June I was awakened by a rap on the door, and on opening it saw two men with revolvers pointed at me. I shut the door. They pushed it open and put the handcuffs on me. I made no resistance. Seely went to Jalbert's. Gallop stayed with me. Then we too went to Jalbert's, not far from my house. I saw two men struggling in front of Jalbert's door and saw them fall to the ground. Heard Jalbert's wife call Peter Fontaine, who was sleeping upstairs in Jalbert's house. I saw him come out and join in the struggle. Heard no shots while the struggle was going on. Gallop hit Jalbert on the head and Jalbert ran towards the barn. I saw Seely and Gallop fire at Peter Fontaine while he was running around the house. I ran to the woods with the handcuffs on. Broke them with a stone and returned in the afternoon, when Dr. Dabrow was present. Found Peter dead."

Cross-examined by Mr. Mott—"I might have seen Seely and Gallop before June 12th, but did not know them. Sometimes my wife put a knife under the button that fastens the door to hold it tight. No knife was under that night. Gallop did not read or show me any paper. He said something in French, but I do not understand it. I was no closer than about 20 feet to the struggling man. I was at the barn when I heard the first shot fired. I started to the barn when Peter started to run."

To Mr. Lawlor—"I started to the barn when I saw Peter running. To Mr. Mott—"Peter lived in St. Maure for some months ago from Steveston, Rhode Island. I do not know whether he lived in Bangor or not at any time. After recess the court opened at 2 p. m. The first witness called was George Jalbert.

To Mr. Lawlor—"I live at St. Maure. My house is near Andrew Fontaine's. Peter Fontaine was my brother-in-law. Peter was living at the home of his wife, Mrs. I. N. Parker, formerly of Hillsboro, Albert Co., on his way to Keswick, his new field of labor, spent a few hours with friends here. He left this morning by the Gibsons' train. Thomas Simmonds of Ottawa spent a few days here this week, the guest of his brother, Charles Simmonds. Before his return home he will visit St. John and St. George. A large number of people were attracted to St. Anthony's Church yesterday morning to witness the marriage of Miss Katherine Marie Hannebury to Peter Hughes, B. A.

door. Then followed an account of the struggle in front of the door, and Peter Fontaine running around the house, the hearing of the gunshot, and the evidence given by the coroner's inquest, but did not swear that he heard shots when the men were struggling on the ground. Fontaine was called and said to Mr. Lawlor: I remember the morning of the 13th of June; my husband went to the door in response to a knock. Two men with a revolver pointed at him. They broke open the door and handcuffed her husband. She followed Gallop and her husband towards Jalbert's house. Then she gave an account of the struggle, the sitting of Jalbert and the hearing of shots.

Cross-examined by Mr. Mott, said: "I was in the field when I saw the man struggling. I saw Seely and Jalbert lying down on the ground. I did not go any closer. I heard ten shots. I counted them. The next witness was Phelomena Fontaine. She said to Mr. Lawlor: "I am the widow of Peter Fontaine. We were married five years ago at Fall River. My parents live there now. I knew him one year before we were married. I had one child, which died when fifteen months old. We lived happily together. He was never in jail as I know. I saw him last on the morning of the 10th of June last, when I left for Fall River on a visit. I lodged complaint against Seely and Gallop. My husband left me not much support."

Here Mr. Mott protested against such questioning by Mr. Lawlor. Cross-examined by Mr. Mott she said: "I lived at Fall River two years after I left here. I cannot remember what year that came before them was the unusual call which had been extended to her enjoying such good health."

HARTLAND MAN UNDER ARREST

Charged with Setting Recent Serious Fire There
Evidence Against L. G. McNally Is Not Very Strong as Yet and Others are Suspected

HARTLAND, N. B., July 25.—As an outcome of the popular suspicion that the recent disastrous fire here was of incendiary origin and of the organized effort to discover the perpetrator, L. G. McNally of this place was arrested today and after a brief preliminary examination was remanded until July 27, pending further investigation. The evidence against McNally is not very strong as yet and rests largely upon the fact that he was seen near the scene of the fire, a long time before it started and on his own stories of his whereabouts that night. Another local man is also suspected and is being kept under surveillance. It is said that McNally was trying to slip out when arrested.

The arrest was made by Constable Julius Myers and the examination was held today before Justices Burnett and Everett. Only two witnesses were examined, G. W. Green and Mrs. Watson. Mr. Green testified to having seen the prisoner about 10 o'clock the night of the fire in the store of the Hartland Drug Company in the Tracy block where the fire started. He was in company with another man. Afterwards Mr. Green heard McNally give various and conflicting accounts of himself for that night. Mrs. Watson said she had had reason to suspect McNally from certain peculiar sayings and actions of his and one day she openly accused him in the street of being the incendiary. At that time, she said, McNally gasped with apparent fright, flushed and displayed general alarm and dismay. The examination will be resumed next Saturday. Some other sensational developments may occur before then.

GIBSON, N. B., July 18.—Miss Eliza Kilburn, matron of the Woodstock hospital, is visiting relatives in this vicinity. Messrs. Henry and Ovide Peters returned home on Saturday, after a tour through Kent County, visiting relatives. Mrs. Gilbert of New York, who was visiting in this neighborhood, left on Saturday for St. John, where she will spend part of the summer. Mr. and Mrs. Harvey returned today from their wedding tour and will spend a few days at the home of the bride before taking up their residence at Quebec.

Mr. and Mrs. Kilburn paid a flying visit to friends here this week. Frank Dinmore, accompanied by his daughter, Miss Annie, left on a driving tour up river. They will spend a week in Zionville, at the residence of John Dinmore before their return. Rev. James Craig, president of the Methodist conference, arrived here yesterday morning on important business, returning to St. John by the evening express. Rev. I. N. Parker, formerly of Hillsboro, Albert Co., on his way to Keswick, his new field of labor, spent a few hours with friends here. He left this morning by the Gibsons' train. Thomas Simmonds of Ottawa spent a few days here this week, the guest of his brother, Charles Simmonds. Before his return home he will visit St. John and St. George.

A large number of people were attracted to St. Anthony's Church yesterday morning to witness the marriage of Miss Katherine Marie Hannebury to Peter Hughes, B. A. door. QUEEN IN TROUSERS: THE OFFICIAL DRESS OF HER MAJESTY OF SIAM

The visit of the enlightened and progressive King of Siam to Europe draws more than passing attention to this country and the royal family. It was a matter of great regret among the aristocracy of England that Her Majesty was not accompanied by the Queen, who is one of the most pious and most accomplished of monarchs. Queen Pongsi, who lives a secluded life at Bangkok, wears Siamese dress, which includes a close fitting tunic, with lace and frills; silk knicker-bockers, white silk stockings and black patent leather shoes with gold buckles. Besides Queen Pongsi, who is the "first queen," there are eighty other royal wives, and his offspring were stated to consist of fifteen sons and two daughters, and even a larger number of uncles. The whole royal family inhabits an immense palace town at Bangkok. The ruler of Siam generally wears Siamese dress at home, but when he travels he abandons silk jackets and knee breeches in favor of European dress and he will arrive at Victoria this evening in conventional frock coat and silk hat.

AUSTRALIA GETS KING'S PRIZE

Elkington Challenge Cup Goes to Graham, of Toronto
Made 132 Out of a Possible 150—The Display Meeting Ended Saturday Afternoon

BISLEY, Eng., July 21.—The Bisley meeting ended this afternoon with the most notable achievement to the credit of the Canadian team being the victory of the Elkington challenge cup, the emblem of the long distance championship, by Sergeant Graham of Toronto. The cup goes to the man with the highest aggregate of scores made in the Secret, Cambridge and the Imperial Tobacco matches at 800, 900 and 1000 yards. In these three matches Graham put on 132 out of a possible 150. The King's prize again leaves England, having been won by Addison of the Australian team with a score of 318. Second place went to Hope, a London volunteer, and third to Pagett of the Yorkshire regiment. The latter was first returned as the winner until it was found that he had inadvertently been credited with one shot too many, and deducting this set him back to third place. Sgt. Caven of Victoria was the Canadian high man, finishing in 31st place and winning 212, while Pte. Milligan, of Toronto was 25th, winning 215. The scores of the Canadians in the three stages of the King's were: 800 900 1,000 T. Sgt. Caven ... 39 47 25 121 Pte. Milligan ... 55 52 28 108 The standing of the competitors is determined by the aggregate of their scores in the three stages. That of the Canadians was: 1st Stage 2nd 3rd Total Sgt. Graham ... 65 64 129 Sgt. Caven ... 39 47 25 121 Pte. Milligan ... 55 52 28 135 The second stage of the St. George's was also fired today. Canada had eight representatives and they finished as follows: Sgt. Graham, 29th, Winnipeg, 28 10; Sgt. Bayles, 63th, 24, and Pte. Stevenson, 68th, winning 24. Today's stage was fifteen shots, 900 yards, and the Canadian scores, together with those in the first stage and the aggregate, were as follows: 1st Stage 2nd 3rd Total Sgt. Graham ... 65 64 129 Sgt. Bayles ... 66 60 126 Pte. Stevenson ... 65 63 129 Bishop Barry ... 59 59 118 was second, winning 28 10.

where he had a narrow escape last year. The boat was perceived by a Hungarian coast-guard, who, however, did not recognize the occupants, but imagined that some smuggler had ventured thus far. He ordered the owner to come ashore to enable the boat to be examined. The crown prince took flight in the late Bishop Rogers. About twelve fugitives, but the prince rapidly got out of range and escaped unharmed by a miracle.

NEW WING FOR THE HOTEL DIEU HOSPITAL

CAMPBELLTON, July 19.—The corner stone of the new wing of the Hotel Dieu Hospital was laid yesterday afternoon at 3 o'clock by his lordship, Bishop Barry. One very interesting fact is that exactly seventeen years ago yesterday a similar stone of the first wing of the hospital was laid by the late Bishop Rogers. About twelve parish priests were in attendance this afternoon, including Father Minarche, a missionary from China, and Father Brilliant of Quebec. The address was given by Rev. Henry O'Leary, D. D., of Bathurst. The usual documents were put in and were signed by Hon. C. H. La Bille, Wm. Currie, M. P., P. and Dr. Murray, mayor of Campbellton. The new wing is to be 100 feet and is to be four stories, including basement. The estimated cost is forty thousand dollars. The present building has a value of twenty thousand dollars. It is expected that the building will be covered by fall and will be ready for occupancy by spring. The foundation work is being done by James J. Foreman, engineer of Quebec. The architect is J. P. Ouellet of Quebec. Dr. Luman is now the senior physician on the hospital staff, in place of the late Dr. Luman, who died in 1906. The building committee of Christ church (Episcopal) has awarded the contract for the extensive repairs to the church and rectory to W. H. Wallace. The rectory will be moved to the front street, turned round, raised up and a stone foundation put under. The church building, which is now at the rear of the lot, will be moved to the corner and a foundation of concrete blocks put under it. A new channel will also be built. The contractor has a machine for making concrete blocks which are said to give splendid satisfaction. Christ church will be the first building in town to use them in foundation work. The repairs to the rectory are being done by the Episcopalians and their energetic pastor, Rev. Mr. Coleman, are to be congratulated on their enterprise, but who was unfortunately slightly injured. The horses were stopped after running about two miles by Mr. Mallett of the Royal Hotel. W. A. Fillion of St. John, and Henry Jenkins, Montreal, were in town this week. The weather of this week has been extremely hot, with frequent thunder showers.

SERVIAN CROWN PRINCE FIRED ON BY OFFICIALS

Young Heir to King Peter's Throne Has Narrow Escape From Death
VIENNA, July 19.—The Servian crown prince was yesterday in serious danger. Attended by Professor Petrowich, the prince went fishing in his motor boat on the river Save, near the village of Umka, the same place

where he had a narrow escape last year. The boat was perceived by a Hungarian coast-guard, who, however, did not recognize the occupants, but imagined that some smuggler had ventured thus far. He ordered the owner to come ashore to enable the boat to be examined. The crown prince took flight in the late Bishop Rogers. About twelve fugitives, but the prince rapidly got out of range and escaped unharmed by a miracle.

FIRE SWEEPS TWO BLOCKS

Victoria, B. C., Meets With Quarter Million Loss.
Confagration Broke Out in Blacksmith Shop on Stone Street—Calvary Baptist Church Destroyed

VICTORIA, B. C., July 25.—One of the most disastrous fires in the history of Victoria took place this afternoon when a strip of the city almost a mile in length was wiped out by fire. The confagration broke out in a blacksmith shop on Stone street, near the water front, and a strong wind from the southwest carried the fire across the city. Two whole blocks bounded by Stone, Herald, Douglas and Chatham streets, were wiped out. Most of the buildings were of brick and were not of much value, but leaving a block the fire swept up the southern side of Herald street, between Douglas and Blanchard, burning all the buildings in the block, and destroying the Calvary Baptist church and a number of dwellings opposite. The fire continued along Green and several adjoining streets until stopped by open spaces and by the volunteer fire-gades, which were down and did not stop the flames. Tonight the fire has practically checked, but the loss will be a quarter of a million dollars. The poor pressure of water greatly handicapped the firemen who, aided by the soldiers of the garrison and a host of volunteers, fought desperately pulling down many buildings in the path of the fire, which was eventually brought under control at 7 p. m. Dynamite was brought in automobiles and Chief Watson would not use it. Meanwhile men, women and children were hurriedly carrying out their belongings from the houses in the block. The poor pressure of water greatly handicapped the firemen who, aided by the soldiers of the garrison and a host of volunteers, fought desperately pulling down many buildings in the path of the fire, which was eventually brought under control at 7 p. m. Dynamite was brought in automobiles and Chief Watson would not use it. Meanwhile men, women and children were hurriedly carrying out their belongings from the houses in the block.

VICTORIA, B. C., July 25.—One of the most disastrous fires in the history of Victoria took place this afternoon when a strip of the city almost a mile in length was wiped out by fire. The confagration broke out in a blacksmith shop on Stone street, near the water front, and a strong wind from the southwest carried the fire across the city. Two whole blocks bounded by Stone, Herald, Douglas and Chatham streets, were wiped out. Most of the buildings were of brick and were not of much value, but leaving a block the fire swept up the southern side of Herald street, between Douglas and Blanchard, burning all the buildings in the block, and destroying the Calvary Baptist church and a number of dwellings opposite. The fire continued along Green and several adjoining streets until stopped by open spaces and by the volunteer fire-gades, which were down and did not stop the flames. Tonight the fire has practically checked, but the loss will be a quarter of a million dollars.
