His Wife Collapses on Hearing Report That Her Cottage at Westfield Was Destroyed by Fire Last Night

FREDERICTON, N. B., July 8.—Mr. Currey continued his testimony this morning in the divorce court.

Mr. Currey related in detail the incidents which led to the trial and how Mrs. Currey went among St. John and Westfield to injure him about his clients and fellow lawyers, a thing which she did in the most disgraceful manner.

It is believed that in the spring of 1908 Kirkconnell and his brother committed the most colossal theft in the history of the Atlantic Coast.

Both alleged thieves were apprehended in Honduras, and one of them, alleged to be the man captured here, escaped by risking his life at night by diving from the boat on which he was being brought to New York.

Letters of administration in the estate of Mrs. Mary Ann Fraser were granted to Mr. W. G. Clark of this city.

MANY OUT TO SEE FLIGHT

Curtiss' Flight Longest Yet Made at Morris Park

NEW YORK, July 7.—Those who left before sunset, saying unpleasant things about flying machines and aeroplanes, missed the three most interesting aeroplane flights ever made in this country.

The longest flight yet made at Morris Park, covering probably a little more than one mile.

When the sun went down the flags ceased to flutter and Mr. Curtiss made his flight. It had been his intention to try for the Scientific American prize, which requires a flight of twenty-five kilometres, or about fifteen and a half miles.

It is possible that in the longest flight he won the president's prize of the Aero Club of America if Cortlandt P. Bishop, the donor of the prize, is willing to waive the sunrise to sunset rule.

A special train was at once made up and provisions and tents at once placed on board. About five hundred men from the Artillery and Royal Canadian Regiment will embark at quickly as they can be got ready and trains will be on the way to Glace Bay before daylight in the morning.

At all events, thinks Mr. Thurber, the Dominion Coal Company is determined to fight to the last ditch and are well prepared for any emergency.
