BERLIN, Dec. 10.—The British steamer Caledonia was sunk by a German submarine on Dec. 4th, after she had tried to ram the undersea boat, it was officially announced to-day. The Captain has been made prisoner.

An announcement by Lloyds on December 8th stated the Anchor Line Caledonia is believed to have been sunk. The Caledonia was 9,223 tons gross, 500 feet long, and was for some time in the service of the British Government. She was built at Glasgow in 1904.

The German announcement that the British steamer Caledonia attempted to ram the submarine and that Captain Blaikie was made prisoner, may furnish an opportunity to test the temper of the new Government. The Germans executed Capt. Charles Fryatt of the merchant steamer Brussels last July for a similar action, and many demands were heard in England that the Government should have notified the Germans of reprisals in such an event.

LONDON, Dec. 10.—The Northcliffe organ, the Weekly Despatch, predicts Lloyd George's War programme as follows:—(1) Arming of merchantmen. (2) Preparation for Spring offensive. (3) Mobilization of all between 16 and 60. (4) Making effective the blockade. (5) Issuing of food tickets. (6) Increasing of home food production. (7) The banning of work material to war. (8) The prohibition of luxuries. (9) Adoption of meatless days.

LISBON, Dec. 9.—An official statement issued to-day by the Portuguese War Office says: "Enemy artillery opened fire on the left bank of the Rovuma boundaries between German and Portuguese Africa. The enemy occupied the post of Maudgl, which we abandoned in good order, without loss."

OFFICIAL BRITISH

LONDON, Dec. 10.—The official report from British headquarters in France, issued tonight, reads:—This morning we raided hostile trenches in the neighbourhood of Neuville St. Vaast and Souchez, inflicting loss on the enemy and capturing a machine gun. Our trench mortars successfully bombarded enemy lines north of Ploegsteert and east of Arras. Hostile artillery is less active to-day, except in pres and La Basse areas, and west of LeSars.

THE "FOGOTA" REPORTED

The S.S. Fogota, Capt. Dalton, was reported to-day, passing Battle Hr., Labrador, at midnight, after a run of 28 hours from port. The vessel is making good progress and should reach Rigolette to-morrow.

LONDON, Dec. 10.—An official statement issued to-day by the Austro-Hungarian headquarters, as received here from Vienna, says:—The Russians and Rumanians are in full flight before Field Marshal Von Mackensen's Danube army, and that the Rumanian army which was in front of Von Falkenhayn's right wing has been annihilated. Russian forces which tried to join the Rumanians from the mountain region, it adds, are retreating.

LONDON, Dec. 10.—Lloyds' shipping agency announces the following:—The British steamer Britannia, 1,814 tons, is believed to be sunk; the Norwegian steamers Modum and Falk have been torpedoed, crews saved; Spanish steamer Bravo, 1,214 tons gross, also torpedoed; crew landed.

LISBON, Dec. 10.—The British steamer Britannia has been sunk by a submarine, and the Captain made prisoner. Twenty-three survivors of the crew have arrived and fifteen are missing.

Says the Allies Were to Blame

WASHINGTON, Dec. 11.—A statement regarding a clash in Athens following the Allied demand on Greece to give up arms and ammunition to the Allies, was presented to the State Department on Saturday evening by the Greek Legation and declared that full responsibility for the incident rested on the Allied commanders, and charges that the Anglo-French fleet continued its bombardment of the city after an armistice was decided upon.

German U Boat Is Sighted

NORFOLK, Va., Dec. 11.—Members of the crew of the United States naval auxiliary ship "Preteus" declared on arrival here to-day that a German war submarine was sighted off the Virginia Capes ten days ago. Officers of the Preteus declined to deny or confirm the reports. The men said the U boat and Preteus kept in sight for an hour.

Greek Situation Critical

Athens, Dec. 11.—The situation here is believed to be approaching the critical moment. Garrett Drovers, American Minister, was in conference with King Constantine for more than an hour today. The Spanish Minister left for Valencia on ostensible leave of absence, placing the Legation in the hands of Charge D'Affaires.

The Greeks Were Ready

COPENHAGEN, Dec. 11.—Discussing the Greek situation the Berlin "Vossische Zeitung" says as soon as the Entente blockade of Greece was made Greece began making preparations to meet it. The Greek army, according to this newspaper, is well supplied with arms and ammunition, and food tickets, it adds, were issued.

DOES NOT AIM TO STOP THE WAR
League to Enforce Peace Looks Only for Permanent Peace in Future

NEW YORK, Dec. 4.—To clear up a misunderstanding said to exist in some quarters as to the purpose of the League to Enforce Peace, the board of managers of the league, at a meeting here last night, adopted a resolution asserting that the league is not a "stop the war" movement, but contemplates a league of nations to be established after the war to prevent conflicts in the future. The league is committed only by its pro-

Food Embargo Plan Rouses Opposition
WASHINGTON, Dec. 4.—Representative Mann, of Illinois, Republican leader of the House, and Representative Borland, of Missouri, went on record to-day as opposed to Representative Fitzgerald's plan for an embargo on foodstuffs. Mr. Borland and Representative McLemore, of Texas, each have a substitute proposal for a scheme to reduce the cost of living.

Mr. Mann said the embargo would not be a remedy for the high prices of foodstuffs. He called it a "Socialistic measure," saying that an embargo for retaliatory purposes might be justified but not one to regular prices.

"The country is not ready for regulation of prices by the Government," he added, "and that is what a food embargo would mean Government regulation of other things would inevitably follow, and the eventual result would be the extinction of individual initiative."

Mr. Borland wants an investigation by the Federal Trade Commission or a Congressional committee to determine whether or not prices are being manipulated by a "food trust." He will introduce a resolution calling for an inquiry into the possible use of cold storage plants by speculators.

Mr. McLemore, known as author of the resolution to warn Americans of armed merchantmen, favors the proposed embargo, but has a further scheme, which involves requiring all persons who store foodstuffs in cold storage plants to dispose of at least 10 per cent. of their stock at the end of every thirty days.

Representative Fitzgerald said that he would have two bills ready for introduction Monday, bearing on the proposed embargo.

gramme and the authorized interpretation thereof and not by views expressed by individual members." It was stated in the resolution.
