

Japs Occupy

(Continued from Page 1)
on leave of absence of American Ambassador Guthrie, is interpreted here as indicating that Japan and the United States are in accord on this question.

INTERNATIONAL WRONG
London, May 6.—The Daily News today publishes an editorial article on the Chinese situation, which reads in part as follows:

"It would not be easy to parallel such demands from one power to another as Japan has made to China. In many respects they are more stringent than the Austrian demands upon Serbia which led to the European war and China has done nothing to incur such a penalty. She is wanted only to enjoy her own liberties in her own way."

"If China had been a military nation she never would have been thus challenged. She has neither the power to take an unfriendly nor the power to take a friendly powerful neighbor, and it is grotesque to suggest that she is responsible for the crisis."

"It will be the last and the most bitter tragedy of this war if one of its consequences be an unfriendly nation, whose independence and integrity the Anglo-Japanese alliance has guaranteed, is to be despoiled by one of the signatories of that alliance."

Mukden, via Peking, May 6.—The Japanese consular orders issued May 3 resulted in a general flight of Japanese from Mukden the following day. The value of gold increased thirty cents and a rich harvest was reaped by exchange brokers. All Japanese civilians except a few bankers and railway officials now have left the city.

All classes of Chinese viewed the exodus with stolid indifference, not insulting or molesting in any way the persons leaving the city. Although the natives are deeply perturbed, the city remains absolutely quiet.

Japanese troops occupy strategic positions in Mukden while Chinese soldiers are reported to be moving into position to the south of the city. Many of the residents in that district are coming north.

BARACK'S PREPARING.
Hankow, via Peking, May 6.—The Japanese barracks here have been prepared for a siege. Following the consul's advice many Japanese have left the city, although the Chinese appear wholly indifferent. Several prominent native residents were entertained at dinner last night by some of the leading Japanese citizens.

ULTIMATUM PRESENTED.
Peking, China, May 8, 15 p.m.—The ultimatum of China to Japan reached the Japanese legation today. It probably was presented to the Chinese government this afternoon.

Another loan of \$500,000,000 is to be issued within a fortnight in Russia. It is to bear 5 to 6 per cent. at five-years. Russian banks have already subscribed \$300,000,000.

COWS MILK PRIMARILY

is an animal food, intended to nourish the young animal. The digestive system of a calf is strong. It is preparing to eat hay and roughage.

The digestive system of the human being is far more delicate. It requires more delicate food. It refuses to handle rough fodder or raw material.

Our system of Clarifying and Pasteurizing milk refines the product. We furnish you with a finished article, a Human Food. Pure, wholesome, clean milk is very pleasant to the taste. It tastes like MORE.

Do not expect the kiddies to assimilate raw material. Get the refined product from us, and thus conserve their Health and Vitality.

IN PARIS

A Special Series of Addresses to be Given.

Paris, May 5.—For the first time in the history of the Catholic Church in Paris, a special series of lectures, continuing every night for one week, will be given for the special benefit of those who are not members of the Catholic congregation. From time to time, the present pastor, Rev. G. L. Cassidy, has spoken to mixed assemblies upon matters pertaining to religion, patriotism, or the moral welfare of the community, and the non-Catholics of Paris are by no means strangers in the beautiful Catholic Church.

But Father Cassidy now has made special arrangements with Rev. James G. Gillis, a member of the well-known society of "Paulist Fathers" of New York, to give a connected course of lectures, to which the Protestant people and non-Catholics generally, are specially invited.

It might be imagined that such a venture would arouse feelings of antipathy, for it is a matter of experience that people feel more deeply upon religion than upon any other topic, not excepting politics or patriotism.

London, May 6.—A Reuter's despatch from Sofia says that two Armenian journalists who have arrived there declare that Armenians are being arrested in large numbers in Turkey. The reason for this as given by Talat Bey, the Turkish minister of the interior, is that the Armenians in Van are urging the population of the town to revolt.

ARMENIANS SUFFER
London, May 6.—The Turks considerably reinforced, attacked the allies' camp at Pashia early Tuesday morning, but were repulsed leaving 1,500 dead, according to advices from Mitylene received by the Exchange Telegraph Company from its Athens correspondent. The allies have advanced into the interior the despatch says and now occupy positions of great strategic importance.

A report from Tenedos says that British warships continued yesterday their bombardment of Turkish positions in the Dardanelles and also of Smyrna.

DEFEAT IN CAUCASUS
London, May 6.—A Petrograd despatch to The Reuter Telegraph Company says:

"Details have been received here of the defeat by the Russians of a Turkish army corps in the Caucasus. An effort was made by 30,000 Turks under Edward Pasha to enter the Dikman-Khoris region, which the Russians occupied.

"The entire Turkish force was hurled against the Russians' positions, but the Moscowites, although numerous, held their ground. Each successive attack was repulsed at the bayonet point. The Russians then began a general counter-attack and completely routed the exhausted Turks who retired in disorder. The prisoners include the famous Kurd Leader Simko."

TURKISH DELIGHT
Constantinople, May 5.—via Berlin, and London, May 6.—The following official statement regarding the operations in the Dardanelles was issued this afternoon by the Turkish war office:

"The unfavorable situation of the enemy in the Dardanelles remains unchanged. Reports from Athens regarding the occupation of Gallipoli and Nagara by landing forces are untrue.

"The Gallipoli peninsula is entirely at our disposal for military movements. The enemy holds only two points on the coast, Seddul Bahr and Ariburup, thanks to the constant firing of his ships. The enemy is unable to make any moves against the Turkish encircling forces.

Turk Regiment is Wiped Out--Allies Advance Again.

By Special Wire to the Courier.
Paris, May 5.—A despatch from Mitylene to the Hava Agency says that a regiment of Turkish troops was annihilated during fighting at the Dardanelles and that the allies transported 1,000 more prisoners to Tenedos and Moudros.

The despatch also says that a squadron of warships of the allies again bombarded forts at the Dardanelles and Turkish encampments on the coast.

Nuptial Notes

LEGGAT-KNOWLES
A very pretty, quiet wedding took place in Dundas when Hazel Craig, only daughter of Lieut.-Col. and Mrs. Knowles, became the wife of Mr John Leggat, Hamilton. The Rev. Walter Nichol performed the ceremony. Only a few immediate relatives were present. The bride entered the drawing room on the arm of her father, who gave her away, and met the groom under a bower of smilax and roses, wearing a beautiful wedding gown of French crepe charmeuse draped in duchesse lace. Her long court train was trimmed with old Brussels point lace, and the same pretty flowers decorated the veil of French tulle, which fell to the end of the train. The bride and groom were unattended, except for little Jane Leggat and Jim Park, who were daintily attired in pink and white. The bride travelled in a grey suit with hat to match. She is a niece of Mrs. T. S. Wade of this city and Mr and Mrs Wade were among the guests.

CADETS HELD CREDITABLE DRILL LAST EVENING
Boys Are Being Handled With Considerable Skill.

The Cadet battalion made up of the city schools held their weekly parade on the Dufferin Terrace and in the immediate environs of the Armories. Lieut. T. Bingle of the Dufferin Rifles was in command, and the lads showed considerable steadiness in behaviour, though at times juvenile inattention would wander from the matters in hand. Victoria school showed a lively enthusiasm, moving to the commands with precision born of good and efficient leadership, and while Dufferin was handled by the splendid, able young sub., a greater attention to parade formations was evident in the leading platoons. King Edward and Central looked if anything somewhat younger than the rest, but the boys were physically good and only require further drill to increase their mobility under command.

Taking the day all through it reflected considerable credit on the parade officer Lieut. Bingle, who has a difficult task in the handling of much raw material and his ability to do it is a distinct quality in itself, being decidedly scarce. Boy work requires much more of instructors than seniors in the same line.

The parade state was as follows, total 400, made up of subjoined units: Victoria—Capt. N. Anders; Lieuts. G. Bonny and H. Shepherd.

Dufferin—Capt. L. Watt and Lieuts. H. Mathers and R. Sutherland.

Alexandra—Capt. B. Scanlon and Lieuts. L. Fowler and A. Hall.

Central—Capt. R. Field and Lieuts. C. Cockshart and M. MacBride.

King Edward was with Central—Lieut. Drake.

Trades and Labor Council Held Meeting

The regular meeting of the Trades and Labor Council took place last night, Delegate Moore in the chair.

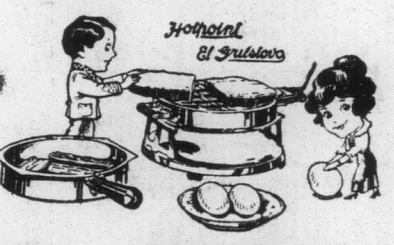

A communication was received from the Ontario Labor Educational Association re the annual convention to be held this year on May 24th, in the city of St. Catharines. On motion, Delegate Symons was unanimously chosen to represent the council at this convention.

A communication was also read from the Hydro Electric Association of Ontario, asking the council to con-

cur in a petition to the local Legislature urging a grant to electric railways. After discussing the matter the council went on record as approving the scheme, and the petition was ordered to be endorsed and sent to the proper authorities.

The proposition which the C. P. R. has made to the city regarding the Grand Valley Railway from Paris to Galt, came up for discussion, and the council went strongly on record as against giving over that portion of the line to any private corporation without receiving adequate compensation and also the consent of the electorate.

There was a fair attendance of the delegates present, and keen interest was taken in the several matters which came up for their consideration. Reports regarding the new labor paper were held over until the next
