Brockville's Greatest Store  
**When you buy a carpet,  
 buy a Good carpet**

There are good economic reasons for buying the better grades of carpet. You don't buy one often—you are selecting something that is to last for years, so it pays to get a quality that will keep its appearance and not get shabby in a short time. Each year more people

### The Horse Market

Montreal Gazette: The condition of the market for horses at present is strong and the prospects are that high prices will rule for them this summer, as recent sales of high action driving horses have been made at from \$400 to \$450 each, and good, plain, sound driving beasts are worth from \$175 to \$350 each; good express horses, \$185 to \$215, and heavy draught, \$225 to \$275, while saddle horses are difficult to obtain at any price.

### Strength and Endurance

Are factors of the greatest success. No person can do full justice to himself without them. In no season of the year are they more easily exhausted than in the spring. We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.
