The fifteen minute sermon, adopte by the Rev. J. J. Ross, during the heat ed term, is worthy of much commenda tion and more imitation. The best result will be an increase in attendance at the Baptist church during the

NEED SWIMMING BATHS.

There is nothing that Chatham needs more than swimming baths. The swarms of lads to be found play-

the baths would be well patronized. By the way, the police should look subdue the forests, and then again by after the boys who are bathing in the business elements which found in Canriver within the city limits. The by- ada the opportunity to establish manlaw says that no person shall bathe in ufactures and open marts of trade and the river within the city limits till commerce. Canada is, therefore, part after sundown, and then trunks must of the progress of the past century in be worn. This civic enactment is, the development of North American however, being boldly violated. All civilization-progress in education, in day long boys are swimming within arts and sciences and in unfolding the the city limits, many of them with no natural resources of a rich and fermore covering than nature furnished tile country. Canada's building, which them with. One citizen complains that his wife and family cannot sit out on the lawn in the evening because of the nude bathers and the vile men and her intelligent people. And language that emanates from them her progressive efforts in all induson the shore opposite. It is not our trial pursuits and applied sciences purpose to blame the boys for bathing. This is an essential part of their life; but they must be blamed for exposing themselves ungarbed and for change in the manner in which Ameriusing bad language.

The best remedy is, perhaps, the most difficult to secure; yet, it should not be, in this city, at least. Public swimming baths are what is needed, and what at some future time this this city must have. Why not build them now? Surely, even if the City Council will not provide the money, there are enough public spirited citizens willing to furnish the necessary

REVISION OF THE VOTERS' LIST.

The municipal voters' lists in the various municipalities throughout the province are being issued more promptly this year than upon any previous occasion. The greater part of the revision, however, will be done within the next four weeks, and every Conservative candidate should provide for having the work carefully done and every loyal Conservative should nterest himself in seeing that his name is on the voters' list. The present month affords this opportunity and a little time and energy expended now will mean much on election

The court of revision has to complete its duties by the first of July and five days after that are allowed for receiving appeals to the judge from the decisions of the court of revision. The voters' lists then have to be printed and Friday was the last day for receiving such appeals.

In this city, they are already in the printer's hands, and City Clerk Merritt expects to have the voters' list for this city in about two weeks. After he receives them, copies have to be sent to the postmasters, the public school teachers, the county judges, the sheriff, the clerk of the peace, the treas urer and the mayor and all the aldermen. Notices that the list is complete has also to be posted in the daily pas pers and all appeals have to be in within thirty days of the time that such notice was first published.

The time for receiving such appeals will close about the middle of August so that it behoves all Maple City Conservatives to at once interest themselves in seeing that the list of voters for this city contains the name of every Conservative entitled to cast a ballot at the coming Provincial elections, which cannot be long

delayed. The voters' list for 1901 for the city of Chatham will be obtainable in at least two weeks. Let every Liberal-Conservative secure a copy and see that all the names of voters are correctly entered and that none have been left off.

The members of the Legislature and the candidates at the last or lapproaching election are no doubt in position to supply all the local workers with the necessary instructions and forms for perfecting organization and for revision. It is well to bear in mind that the law has been changed with reference to age, so that now "anyone who will be of the age of twenty-one years within thirty days from the day fixed for hearing appeals to the County Judge" can be placed on the list, providing he is otherwise qualified.

A GOOD IDEA ENDORSED.

Blenheim Tribune. Rev. J. J. Ross, pastor of the William St. Baptist church, Chatham, last Sunday announced that during the summer 15 minute sermons would be the order. If all preachers would adopt the same policy, we think the congregations generally, would be well pleased with the arrangement.

Why, it may fairly be asked, should an election in a city like Hamilton cost some \$10,000? Is it any wonder that Mr. Wood is kicking; if he has already paid \$7,000 and is now asked for \$3,000 more, making a total of \$10,000? and that, too, after being defeated? But that sum, you know, whispers the printer's devil, who is waiting for copy-this is the precise sum asked from Cook for a seat in the Senate, and Wood got it, you know!

THE FLAGS AT BUFFALO.

Montreal Star. "Flag'incidents" are beginning to lose the element of novelty. The latest is a yarn from Buffalo to the effect that the directors of the Ethnological building had pulled down 24 British flags placed over the Ontario Provincial exhibit. Pending further information, the story had better be received with a grain of salt. There is no bigger fool than the fool who tries to get cheap glory by pulling down or insulting flags. And we have no reason to believe the Pan American authorities would put in a responsible position a chump who would be likely to go out of his way to insult people whom they expect to patronize the exhibition by hundreds of thousands.

Ridgetown Dominion! Mr W. J. Hanna, of Sarnia, has been nominated for the Ontario Legislature by the Conservatives of West Lamoton and they have great hopes of redeeming that old 'Liberal riding. Mr. Hanna is a clever land popular gentleman who came near carrying West (Lambton for the Dominion house last November. The ridings are not quite the same, but the municipalities that compose West Lambton for provincial elections gave Mr. Hanna in November a majority of 282. Mr. F. F. Perdee, "the son of his father."

Speedway circles were shocked last evening when they learned of the unusual conduct of Miss Florence Mc-Shane, a young person, who, so far as has been learned, was neither an actress, a singing soubrette, a typewriter, nor a member of the Professional Woman's League.

Casting to the winds the rules conduct that govern that pretty stretch of roadway which skirts the left bank of the Harlem River, Miss McShane, whose address is named as 317 West 134th Street,, not only rode a horse astride, but rode that way in garments not intended for the saddle, and circumstances neither delicate nor graceful. But, according to all accourts she rode the animal well, and perhaps, for this reason Speedway folk will palliate her offense.

LOOKED COOL AND DAINTY. Arrayed in cool and fluffy garments and looking as dainty as Aurora, when the sun catches her taking the dewey Kneip cure, Miss McShane went driving as the guest of Charles Lawrence Finkler, a real estate purveyor, of

236 West 114th street.

The horse was a speedy chap, well stocked with oats and nerves. It drew light two seated wagon, which ran on rubber-tired, ball-bearing wheels. Altogether an unobjectionable addition to the Speedway contingent.

Having touched at Durando's for refreshments, the couple were coming down the Speedway at a smart pace, Mr. Finkler more intent on the beauty of his companion than on the horse when a launch in the Harlem suddenly shrilled a whistle. The horse sprang forward in affright. Mr. Finkler hauled on the reins with sudden fury until one of them broke and then the horse was master of the situation. Possessing no gallantry, the animal bolted, and the Speedway at once warmed to unusual life and ac-

Spectators turned aside their faces as the entrancing vision of silken hosiery and fluttering lingerie flashed by them. They admitted that riding man fashion had its pardonable features, but Miss McShane was interest to the control of t tent on more serious things. She seized the broken reins as skillfully as if she were a cowboy, and speedily brought the animal to a standstill.

As quickly as possible thereafter, she slid from her perch, arranged her perterbed garments and her feelings, and, after weeping a little to show that a heroine was none the less a woman, she was driven home by the

Thomas Harrison, of St. Mar N. B., Might Have Been Operated on for Appendicitis.

is Case Was Wrongly Diagnosed-He Mealized the Fact in Time -Dodd's Kidney Pills Probably saved his life.

St. Mary's, N. B., July 5 .- (Special) Thomas Harrison, of this place, considers himself a fortunate man that he is alive and well to-day. For months he was suffering, as every-body thought, with appendicitis. That's what he was told, and that's what he was being treated for, But he grew worse in spite of the efforts ex-

erted to help him.
In appendicitis it is generally thought necessary to perform an oper-ation. That Mr. Harrison was not required to undergo the surgeon's knife and that for a disease he never had, is in all probability nobody's fault but his own. For it was not appendicitis that afflicted Mr. Harrison. It was stone in the bladder, and it was Dodd's Kidney Pills that restored him to the perfect health and strength he

enjoys to-day. "About a year ago," he writes, "I began to suffer from pain in the tack accompanied by a lethargy impossible to overcome. I employed a physician who named my disease appendicitis, but in spite of his treatment, I grew worse and began to pass bloody urine.

"About this time an anxious friend advised me to use Dodd's Kidney Pills and by the time I had used the first passed a stone of unusual size which is now in the doctor's possession "I began at once to feel better, and you may judge of my gratitude for my escape thus promptly and safely. Having taken only three boxes I am happy to state I am absolutely cured, with no sign of the return of my old trouble.
