

TO ALL JUNIORS

We have received a great number of essays in the prize competition, and we will publish the best of them in the next issue of the Planet Junior, giving the age of the writer and a number to each one. A coupon will appear in each issue, which you may cut out and send to the Editor, The Saturday Planet, 35 Queen Street West, Toronto, Ontario, Canada, with your essay, and we will send you a copy of the Planet Junior, and a number to each one. Should have the prizes. Sign your name here.

LETTERS FROM JUNIORS

Frontenac was the third, and is said to be the best, Governor of Canada. He was a tall, strong, able-bodied man, and a very good one. His real name was Count de Frontenac.

He was very fond of war. He became private in the French army, and fought in many battles. He was a very brave man, and a very good one. He was a very good one.

When Autumn comes, the leaves turn red and yellow. The squirrels run about in the trees, and the birds sing. It is a very beautiful time.

FOR JUNIORS

When the wind whistles round the house, and the leaves are blown about, it is a very beautiful time. The leaves are brown and red, and the birds sing.

The pictures form the pictures fade, and the leaves are blown about. The leaves are brown and red, and the birds sing.

NUTS TO CRACK

My 12345 is in a puzzle, and the leaves are blown about. The leaves are brown and red, and the birds sing.

A vulgar word for common set, and the leaves are blown about. The leaves are brown and red, and the birds sing.

Now, if my first you want to know, and the leaves are blown about. The leaves are brown and red, and the birds sing.

Which satisfies both for a hint, and the leaves are blown about. The leaves are brown and red, and the birds sing.

My first can never, never do, and the leaves are blown about. The leaves are brown and red, and the birds sing.

In my first lies the name of a man, and the leaves are blown about. The leaves are brown and red, and the birds sing.

While my second tells what he, and the leaves are blown about. The leaves are brown and red, and the birds sing.

Now may be, he riddle all who can, and the leaves are blown about. The leaves are brown and red, and the birds sing.

DRESDEN JUNIORS

Dear Editor:—I went to Lumberton last Saturday, and there was ice a quarter of an inch deep. — James McVean.

Miss Lili Fleming returned home last week from Toronto. She has a position in Mr. Switzer's drug store.

Next Thursday is Thanksgiving Day, and I am going to Mr. Switzer's to shoot pigeons. When we can make a pigeon people. — Vern Hart.

My birthday was on Friday. My mother and father came home from the Northwest and brought me a very nice present.

Last Sunday, Thanksgiving, I went out gathering. When we were coming home we saw a large snake. We got home stones and killed it.

A week from Wednesday Roy Ours will be married to Miss Joffe. Miss Joffe lives at 101 Main Street.

Leland Burns was in Tupperville last week. He has been able to work. They have had a nurse from Chatham.

Hallowe'en will soon be here, then we can have some fun. We are all getting ready for it.

...Emily Carter's Party...

An Interesting Story By Elizabeth Flint Wade, Submitted To The Planet Juniors

Emily Carter was going to have a party, but just what kind of a party she was going to have she did not know. All the little girls in her class were invited to the party.

"Everybody is invited," said Emily. "Everybody is invited," said Emily. "Everybody is invited," said Emily. "Everybody is invited," said Emily.

While they were thinking, Emily's Aunt Doris arrived for a visit. Aunt Doris was known as the "real" housewife, and she had a very nice home.

CERTAINLY A RISING STAR

The Chicago drummer who was arrested at the hotel of the South Dakota, and who was arrested at the hotel of the South Dakota, and who was arrested at the hotel of the South Dakota.

Then light a wax taper or candle and hold it under the hole so that the smoke will fill the box.

Now, if you hold the box in one hand, hole uppermost, and tap the bottom, you can cause tiny but perfect and beautiful rings of smoke to shoot out into the air.

Some boys have succeeded in making a hundred rings from one boxful of smoke.

What Does the Goose Weigh? There is an old catch question that never fails to mystify half the people who hear it. Perhaps it may be known to many of our boys and girls.

Here is the form in which it is usually put: If a goose weighs ten pounds and half its own weight, how much does it weigh? The answer is twenty pounds, for if a goose weighs ten pounds, and weighs half its own weight, it must be ten pounds.

Why does a dressmaker never lose her boots? Because she has an eye on each of them.

What is the difference between an old time and a new penny? Nine cents.

HOW TO MAKE AN AQUARIUM

Do not use sea shells or coral in a fish tank, as they will injure both fish and plants.

Make the home of new fish, etc., conform as nearly as possible to the natural conditions to which they are accustomed.

Any tank and globe you wish to use in all sizes and at all prices.

Flat, shallow vessels are the best, because the greater surface of water exposed absorbs more of the oxygen from the air.

Any handy water tank covering a space of glass as to the outside of the tank, for the purpose of passing out the air, and the outside of the tank.

FAMOUS PEOPLE BY FANNIE M. LOTHROP

SIR WILLIAM VAN HORNE

The Builder of the Canadian Pacific. Sir William Van Horne, Chairman of the Board of Directors of the Canadian Pacific, is a man of many talents.

He was born near Joliet, Ill., in 1843, a lineal descendant of one of the founders of New Amsterdam, the germ from which the great city of New York has evolved.

At fourteen the death of his father made it necessary for him to secure his own support. He was educated at the University of Michigan, where he remained six years, leaving to be train dispatcher of the Michigan Central.
