

THE ACADIAN

WOLFVILLE, N. S., AUG. 1, 1890.

Maritime Province Men. The recent changes in the Baptist educational institutions at Toronto have led, according to published statements, to the promotion of two well known Maritime Province men. It is stated that Prof. T. H. Rand, D. C. L., formerly superintendent of education in this Province, is to be principal of McMaster's University Arts Department, and Rev. Dr. Goodspeed is to have charge of the Theological College. Rev. Dr. Welton has for years held a leading professorship at Toronto. Principal Grant, of Queen's University, and Sir William Dawson, of McGill, are Nova Scotians. There are other educationalists of note who hail from the provinces by the sea now engaged in responsible posts in the Upper Provinces. In the Dominion Cabinet the portfolios of Finance, Justice and Marine are held by men from these provinces. It is pretty clear that we do not suffer, in comparison with other parts of Canada, for want of public men of ability. But it is to be regretted that we have to lose so many men whose powers would be so useful in developing our own resources and life. These changes, however, help to promote a unity in our nation and to blend the interests of all parts of Canada.

The Pictou News and Mr Foster. A writer in the Pictou News says the ACADIAN "attempts a rejoinder to our recent criticism of Hon. Geo. Foster." Now we made no reference whatever to the Pictou News. We gave our views of an article in another paper, but we made no mention of the Pictou News. Our contemporary should be more careful in its statements. We may now refer, however, to some of the remarks of the Pictou News. It says: "Our statement was that Hon. Geo. Foster was dishonest in that having been elected as a Prohibitionist he speedily broke faith with his constituents and with all the friends of temperance who were looking to him as the Joshua that was to lead the temperance army to victory." Now this is strong language and should not be used unless it can be justified by facts. We respectfully ask for the facts. It is said Mr Foster was elected as a Prohibitionist and broke

ask, when Mr Foster even nominates, not to speak of being elected, by any temperance body? When and where did any Lodge, Division, Alliance, Convention or any temperance body of any kind whatever, nominate Mr Foster or put him before the electors as its candidate? Show us the record on this point. Where is it to be found? If no such action by any body claiming to represent temperance principles and men ever came forward to endorse Mr Foster what sense is there in talking about his being elected as a Prohibitionist? Neither the Third Party nor any other temperance party has ever put Mr Foster forth as its candidate. Now if so such compact as the News refers to ever existed how can it be shown that Mr Foster has broken it?

When our contemporary has done with the foregoing we ask it to state on what occasions Mr Foster has spoken and voted against temperance legislation? The Parliamentary records are published and the News claims to be well posted on Mr Foster's record. Will it please to refer to the bills against which he has voted, giving dates and references, and to whatever else in Parliamentary deliberations it knows of, in which it founds its strong charges. Let us have the records. We shall await the answer of the News with interest. Vague statements that men are dishonest are not nice things to make; facts should be given.

The News thinks the Mackenzie Government deserving of great praise for passing the Scott Act. Well the temperance people did not ask for that; they asked for Prohibition through petitions and delegations, and instead of receiving from the Government what they asked for they got what has been not a brilliant success. And even now the Liberal leaders will not come out in favor of Prohibition. Does the News think it all right to glorify the leaders of one party who will not adopt Prohibition as one of the planks of their platform and to vilify the leaders of another party who have done more for temperance, inside of Parliament and out of it, than all the slashing critics like the News have ever thought of attempting? Is that the way to promote temperance?

We are not much concerned lest the News should drive Mr Foster into oblivion. He has been before the electors of his county four times, and his majority has steadily increased. He has no particular need of endorsement from us as far as his election is concerned. But we think it a pity that temperance men of prominence should be unrec-

sarily assailed and that Temperance suffers severely when its best friends in high places are misrepresented on the score of their temperance principles. The result of such criticism will be to lessen the number of public men who will have anything to do with temperance questions.

Excursion--Base-ball Game.

The fine weather on Monday last attracted a large number of people to take advantage of the excursion to Parrsboro on the steamer Acadia. The boat was soon filled to the limit allowed her by law and several who had failed to secure tickets were unavoidably left behind. All those who went report "a good time," and certainly enjoyed the delightful sail to the full. The day was a perfect one, the boat was not crowded, and to judge from the pleasant faces which filled off the boat on their return to Wolfville, there was absolutely nothing to mar the enjoyment of the trip. On the arrival of the boat at the Pier, the excursionists scattered, some going to Parrsboro village and others to the beach and woods, where they discussed the good things contained in heavily-laden baskets.

In the afternoon a base ball match between the Wolfville and Springhill teams was played on grounds belonging to Dr. Townshend, and was witnessed by a large number of people, both citizens and visitors, while the proportion of ladies present was decidedly encouraging to the players. The game began at about 1:30, and, although a little one-sided at first, was an exceedingly interesting contest. As may be seen by reference to the score the Wolfville team scored heavily until the end of the third innings, when the Springhill boys settled down to work, and in the next six innings only one run was scored, showing sharp, in fact, almost league work, by both teams. Murphy, catcher for Springhill, did some fine back stop work, getting two put-outs on throws to second. Richmond played an excellent game at first, and Paul, short-stop, made the catch of the day, taking a hot liner with one hand without apparent effort. The field work was good all around and with practice in base running, and a better knowledge of the points of the game, the team will be a strong one.

For the Wolfville team Munro pitched a fine game, at one time striking out three men with nine balls. Herbin at first held everything sent to him. Some very good work was done by all and some loose fielding showed lack of practice by the nine. Messrs Heffernan, of Springhill, and Wallace, of Wolfville, umpired very satisfactorily, and the game throughout was noticeable for the absence of disputes and wrangling. It is together again at no very late date. The hearty thanks of both nines are tendered to Dr. Townshend for his kindness in allowing them to use his field. Following is the score:--

Hallfax News. The chief subject of conversation in the city this week is the proposed movement of Her Majesty's troops. The Grenadier Guards, owing to their refusal to obey their Colonel's orders to parade on a recent occasion, are now being expelled from England for an indefinite period to do service in the colonies. Part of the regiment goes to South Africa and part are now on the way to Bermuda. This is said to be the first regiment in the British service and has for a number of years done duty as the Queen's Household troops except when they volunteered for service on the battle field during the Crimean and Egyptian wars.

The 17th Leicester Regt., now at Bermuda, will embark for Halifax to make room for the Grenadiers, the West Riding Battalion now here and which it was expected would remain until next year, will go to Barbadoes and Trinidad to relieve the regiment now stationed there, who will be called home.

The steady spell of picnic weather was broken last night by a refreshing down-pour of rain, which continued for a time to-day, disappointing the juveniles of Rosebud Band of Hope (some 650 children) who were to picnic at Princes Lodge to-day.

The strawberry season is over. About 150,000 quarts were received from King's and Annapolis counties during the season. The number of crates received was about 4000. Kingston sent the greatest number, 930. Berwick comes second with 830 and Waterville third with 815. All other stations between Lawrenceton and Kentville send part of the balance. ANON. Halifax, July 30th '90.

Teachers' Examination.

The examination of candidates for license to teach in the public schools was held last week throughout the Province. Colin W. Roscoe, Deputy Examiner, assisted by Miss F. A. Roscoe, conducted the examination at Kentville station, in the Academy building. The following is a list of those examined in King's county:--

- GRADE A. Morley D. Hemmeon, Harry S. Shaw. GRADE B. J. Edmund Barrs, Bessie M. Carter, Josephine Eagles, Geo. T. Grierson, Geo. E. Higgins, Charles S. Lyons, Annie M. McLean, M. Haddon McLean, C. E. Seaman, Howard M. Shaw, Percy J. Shaw.

- GRADE C. John P. Anthony, Ellen C. Begg, Mildred Bolser, Naomi Borden, Cassie Caldwell, Jennie A. Calkin, Ella J. Coffill, Etta M. Copeland, Charles W. Dunham, Ivy M. Eagles, Jennie M. Hall, Mary A. Hird, George S. Huntington, Minnie A. Loomer, Lalla Mahoney, Harry McNeil, Henrietta Kirkpatrick, Maggie E. Mosher, Iola J. Porter, Prim G. Reid, Bertha Sanford, Ila F. Seaman, Annie M. Shaw, Arthur M. Shaw, Rowena S. Spinney, Hattie B. Strong, Mary A. Strong, Jessie E. Taylor, Mary S. Taylor.

- GRADE D. Susie J. Carey, Cassie Frany, Alonzo Howell, Blanche Huntly, Maggie M. Jackson, Ella McAuley, Julia North, Ethel Orr, Lena D. Woodruffe. Those marked \* already hold license and have written for a higher grade. The candidates for Grade D were required to write seven sessions, or 24 days, for C, nine sessions or 24 days, for B, 12 sessions or 36 days, and A, 15 sessions or 45 days. The two in the foregoing list for Grade A, being graduates of colleges, were exempt from all except the work peculiar to A.

To Our Subscribers. The special announcement which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. Kendall Co., of Knobsburgh Falls, Vt., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work free by sending their address (and enclosing a two-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of the opportunity of obtaining this valuable work. To every lover of the horse it is indispensable, as it treats in a simple manner all the diseases which afflict this noble animal. Its phenomenal sale throughout the United States and Canada, make it standard authority. Mention this paper when sending for "Treatise."

Swimming Tournament. The second swimming exercises by the young men of the town will take place on the creek on Tuesday afternoon at 3 o'clock sharp. It is expected that this tournament will be more successful than the last, and it is hoped that the public will again avail themselves of the opportunity to witness the sports. The events will be: 1. Fancy swimming, boys under 17. 2. Tub race, boys under 15. 3. Long race, boys under 17. 4. Barrel race. 5. Men's fancy swimming. 6. Men's long race. 7. Tug of war, 2 minutes. In Nos. 1, 2, 4, 5, contestants must be decently clothed from shoulder to knee. List open at Patriquin's, where all entries must be made by Monday 6 p. m.

The Dominion Illustrated. The last issue of this fine pictorial paper is up to its usual standard of excellence--no slight praise. The scenes depicted, as usual, represent a considerable variety. One of the attractions of Montreal, Schermer Park, with Lavigne's Orchestra, comes in for a good deal of attention and the illustrations are all worth examining. This park is a relic of old Montreal modernized by enterprise into a delightful place of recreation. The Great West is represented by Mount Burgess and Lake Emerald, a most effective picture, after one of Notman's photographs. "The Kitten," by F. Vine, is a fine example of that artist's happiest style. The engraving is well worth preserving. The Ste. Anne's Regatta Scenes are opportune at this season. Altogether a fine number. Address: Dominion Illustrated, 73 St. James Street, Montreal.

The August time table of the Minas Basin Steamers comes to hand too late for publication in to-day's issue. It will appear next week.

Look on this Picture.

The watering cart was put on duty Wednesday morning and since then the streets have been kept clean. It takes Kentville to keep her streets in good condition. Down in Wolfville the dust is about as deep as it can be and almost suffocates a person passing through the village. The side-walks of that modern Athens are also in a wretched condition, grass and weed grown, bordered by dilapidated fences. Wolfville has her college, seminary, graded school etc.; Kentville has a watering cart and good street authorities, no honors are more than even.--New Star, July 18th.

AND ON THIS. When are those lovely looking places in our streets going to be looked after. We will call attention to them a few more times before giving up.--New Star, July 29th.

LOWER ECONOMY, JUNE 25th, 1890. Mr J. B. Morton, Eridgetown, N. S.: DEAR SIR,--I hereby certify that I was troubled with Chronic Diarrhoea for five years, which was brought on by liver and stomach trouble. During that time I had treatment from five doctors and a month's medicine from Pierce's Institution, Buffalo, all of which did me little or no good. Last November I commenced taking Dr Norton's Dock Blood Purifier, at which time I was unable to work and all of my food went to water, dare not eat any meat of any kind and had given up to die. I only used two bottles of the medicine and am now well and strong, and would highly recommend it to all who are affected as I was. Yours truly, CHARLES W. McLELLAN.
