One of the most terrible warnings against cigarette-smoking was given not long ago by a choir-boy in one of the Brooklyn churches...

"Why," I asked him, "did you not stop when you saw what it was bringing you to?"

"Oh, I could not," he replied. "If I could not get to smoke I almost went wild. I could think of nothing else."

"There is no other form of tobacco so dangerous as cigarettes, because the nicotine in the smoke is not absorbed in the lungs, but is taken undiluted into the blood."

"A good deal is written about the impudence of physicians in prescribing morphine, but not half as much as should be," said a veteran Welsh physician.

"The Annapolis Valley stands alone in the fact that the province is the only one in the world where the control of a body of men who have this work at heart and who are best qualified to guide it in the lines that will be the greatest assistance to the province and it was a great credit to the Provincial Government that they have seen the necessity of a school of this kind."

"Among the many subjects of importance to your profession to be introduced at this session is the establishment of a Chemical Cold Storage warehouse for the preservation of fruits and all perishable food products and the same for transportation by rail or steamboat."

DROPPED ON THE STREET.

Known Resident of Union, P. E. I., Who Has Been in Declining Health.

A little over a year ago the reporter of the News while standing in front of the office, before its removal to Union, noticed four men carrying Mr. A. P. Davis, the well-known florist and gardener into the Conventy House.

"Yes," said Mr. Davis, "I did have a pretty tough time of it. I was troubled with my heart, having frequent severe spasms, and shortness of breath, and the doctor was unable to give me any relief."

"I had also a swelling of the feet, which was said to be gonorrhea. Two years ago I came up from Nainaimo and took the Harvey ranch hoping a change would do me good, but in this I was disappointed, and seemed to be steadily growing weaker."

"After resting with me 40 street, and those who were about me thought I was dying. After that I was taken to take Dr. Williams' Pink Pills, and almost from the onset they helped me and after the use of about half a dozen boxes I was as well as ever."

"I had a severe attack of dizziness, and a feeling of faintness, and I was unable to stand. I had a severe attack of dizziness, and a feeling of faintness, and I was unable to stand."
