DR. J. H. MACDONALD ADDRESSES KENTVILLE ROTARY CLUB

KENTVILLE, Nov. 18.—Rev. J. H. MacDonald, D.D., of Wolfville, was the guest and special speaker at the Rotary Weekly Luncheon, Monday, November 16, at the Locarno Hotel. His subject, "The Locarno Pact," was an interesting one and was dealt with in an able manner. He stated that this pact has been described as one of the momentous events of history. Europe, for the past seven years, has been in a most restless condition; and this was to be expected after the tremendous convulsion of four years. He compared Europe to a patient recovering after a major operation. There is now a good prospect of the nations returning to normal. Germany came to the Conference on an equal footing with her former enemies.

Some results of the agreement as stated in part by Dr. MacDonald are: At the outset Germany voluntarily surrendered Alsace Lorraine to France; then France, Belgium and Germany guaranteed the inviolability of each other's frontiers, the other nations guaranteeing to aid the nation whose territory is violated. One of the greatest achievements of the pact is that Germany agreed to enter the League of Nations. There seems to be secured in Europe: Unbroken Peace, Sense of Security in Europe, Disarmament of the Great Powers, Demon of Fear Driven Out, and according to German and French Publicists a splendid prospect of a United States of Europe for the purpose of commerce. But above all else the spirit of good-will prevailed. To maintain this is the task of the world. Nothing, only Belgium can give and maintain this spirit of peace.

The thanks of the Club were tendered Dr. MacDonald by Chairman Herbert Oyer at the close for his intensely interesting address, and the appreciation of the Rotarians was shown by enthusiastic applause.

CONCERT IS GIVEN IN AID OF ACADIA

Acadia, Montreal and Kentville Artists Contribute to Fine Program at Kentville

KENTVILLE, Nov. 13.—The Acadia concert, given in the Baptist church on Thursday evening, in aid of the Acadia Forward Movement, was well attended, every number of the excellent program being a real delight to the hearers. The Acadia artists were Miss Beatrice Langley, the talented instructor at Acadia Conservatory of Music, who charmed all with her selections—"Loure" (Bach), and "Allegro from Sonata in D" (Handel); Miss Vera Rupp and Miss Vera McEachern, senior pupils in the Department of Expression at Acadia Ladies' Seminary, their readings being received with hearty applause—"The Kitchen Gods" (Guillemette), and "School Days" (Joseph Lincoln), by Miss Rupp; and "Scraps of College Lore" by Miss McEachern.

Mr. Champion, of Montreal, who is spending the winter in town, was heard to advantage in his solos—"As Deep as the Blue Sea" (H. W. Betrie), and "There's a Land, Dear Land" (Francis Allits).

The other numbers on the program were given by local artists including a violin duo, Largo Movement and the Final Movement from the Violin Concerto, by Bach, played by Miss Langley and Miss Joyce Clark; piano solo, "Scottish Tone Pictura" (MacDowell), Miss Alice Lamont; vocal trio, "Twilight" and "The Locarno Pact," by Mrs. Mabel Nichols, Mrs. B. W. Roscoe and Mrs. Gordon Embree; and two selections, "Come Ye Fairies" (Lynes) and "Daffodils" (Hall), sung by the Ladies' Chorus, composed of Mrs. H. M. Chase, Mrs. D. G. Ross, Mrs. Roscoe, Mrs. Embree, Mrs. H. D. Thompson, and the Misses Helen Blanchard, Dorothy Lloyd, Mabel Nichols, and Clara Blanchard.

Encores were graciously given by the artists. A vote of thanks, moved by H. G. Harris, seconded by R. H. Lamont, was, on behalf of the audience and of the women's organizations of the church, extended by Rev. D. G. Ross to the representatives of Acadia, to Mr. Champion, and to the local artists for the excellent program presented, and for the spirit of willingness which led them to co-operate in the concert. Mrs. J. D. Clark and Miss Viola Bishop were the accompanists of the evening.

At the conclusion of the program the artists were delightfully entertained by Rev. and Mrs. D. G. Ross at the parsonage.

ELOQUENT ADDRESS AT ST. ANDREWS CHURCH

Rev. Dr. Wilson, of Toronto, who has been spending some time in the Maritime Provinces in the interests of the United Church of Canada, was the speaker at St. Andrew's last Sunday evening. There was a large congregation present which listened attentively to his earnest and most eloquent address. The task of the local church he declared to be to make the community one where the noblest and highest ideals may be maintained. He stressed the present need of the United Church and the undertaking which it had set itself to accomplish, the raising of a budget of four millions of dollars to provide for contemplated operations. "A new spirit is abroad," remarked the speaker, "and each one is going to do his part." The amount allotted to the Wolfville church is \$1800, for which a canvass is soon to be made.

BAD FIRE NARROWLY AVERTED AT KENTVILLE

Kentville came near having a bad fire on Monday evening. With a terrific gale blowing, at 8:30 o'clock, an alarm was sent in for a fire at the home of Kenneth Sharp. Responding promptly the firemen with their chemical apparatus soon extinguished the blaze, which is thought to have been occasioned by the exploding of a lamp left burning during the temporary absence of the family. The house is situated on a hill overlooking the town and in close proximity to a number of other dwellings, and had the fire gained headway, under the condition which existed, the result would have been disastrous. Mrs. Sharp, fortunately, returned in time to find the kitchen filled with smoke, the table consumed and a hole burned through the floor. She immediately rang in the call.

NEW STUDENTS AT ACADIA GIVE SPLENDID ENTERTAINMENT

The First Year Students' entertainment, which is one of the events of the first semester at Acadia, was held Wednesday evening, Nov. 11th, in University Hall, in the presence of a large audience. A bouquet was presented by J. Stubbs Findlay, representing the Sophomore class, to J. Wilson, President of the Freshman class. It was composed of a long fish, with a ruff of green lettuce leaves. The class in unison sang a group of College songs entitled: "Down to Sunny Wolfville"; "Fighting, Fighting, for Acadia"; "Where, Oh Where are the Verdant Freshmen?"; "It's a Way we Have at Acadia"; "My Gal's a Hullu"; "We'll Yell for Acadia".

A men's quartette was composed of J. Chisholm, J. Colwell, J. Linton and B. Blois. The following took part in a colored farce which afforded much amusement: C. Cay, F. A. Munroe, C. O. Lefurgy, F. King, B. Linton, W. Jones, J. Baker, Miss Virginia McLean.

FARMERS OF CANADA ENRICHED BY MILLIONS

Dairy Production Has Increased Fifteen Millions, the Value of This Year's Crop of Potatoes Has Doubled, and the Wheat Yield in the West is Enormous.

OTTAWA, Nov. 17.—Canada's wealth this year will show a remarkable increase as a result of expanded production on the farm. A tremendous jump in grain, principally the wheat yield, the potato, and turnip harvest, and a notable growth in the dairy industry all contribute a highly satisfactory position for primary producers. It was estimated today by Dairy Commissioner J. A. Riddock, that the dairy production for this year would be approximately \$300,000,000, and the exports would amount to about \$55,000,000. This represents an increase of \$50,000,000 in the total value of production.

A preliminary estimate, issued today, of the yield and value of the potato root and fodder crops shows potatoes at 44,497,000 cwt., from 545,891 acres, as compared with 55,648,000 cwt. of 1924, but the value of this year's crop is estimated at \$24,486,000 as compared with \$47,956,000 last year. The value of the crop in New Brunswick, a large potato producer, is valued this year at \$7,525,000 as compared with \$5,000,000 last year.

The value of the combined yield of other roots, such as turnips and mangolds, for Canada is estimated for this year at \$27,950,000, as compared with \$17,884,000 last year. The value of hay and clover shows a drop of about \$5,000,000.

Added to this farm wealth is that produced by this year's record-breaking yield of grain. Wheat this year for the whole Dominion is estimated at 422,327,000 bushels, as compared with 262,000 bushels last year, oats 321,922,000 bushels, as compared with 405,976,000 bushels; and barley 113,118,000 bushels. There is reason to hope, too, that with lighter yields in other big grain producing countries the prices for Canada will be high in proportion to the yield.

CHILDREN'S AID SOCIETY OF KINGS COUNTY

Holds Annual Meeting at Wolfville—Much Good Work Done During Year—Officers Elected

The annual meeting of the Children's Aid Society of Kings County was held at the Council Chamber, Wolfville, on Thursday evening of last week. There was a fairly good attendance, although not as large as was hoped for, the various sections of the county interested, not being so well represented as they should have been. The minutes of the last annual meeting and also of a special meeting held at Berwick were read and confirmed.

Mr. C. A. Patriquin presented the financial statement of the treasurer, which indicated that during the year about seven hundred dollars had been expended by the society in addition to grants from the government and municipalities for the maintenance of children placed under its care. At the end of the year a deficit of about two hundred dollars was reported, which it is expected will be taken care of by the same generous contributions as have been made by the public in former years.

Mr. Herbert Stairs, the efficient and devoted agent of the Society, read his annual report, which while not as full as usual showed that a great deal of good work had been done. During the year twelve children had been made wards of the Society. Rev. Mr. Archibald, of Canard, moved the adoption of the report and spoke in appreciative terms of the splendid service rendered by Mr. Stairs and of the beneficial results to the county coming from the operations of the Children's Aid Society. The motion was fittingly seconded by Rev. Dr. Hemmeon and passed unanimously.

Rev. Dr. Hemmeon reported respecting the movement launched at the last meeting to secure better conditions for the deserving poor, the feeble-minded adults and children of the same class. A co-operation between the municipalities of Kings, Hants and Annapolis, and the incorporated towns included, is proposed and that the existing county homes be utilized for the purpose of segregating these classes and furnishing them with proper care. Representatives had been appointed by the town and county councils and at a meeting of these held at Berwick in June, a committee had been appointed to take the
