CLOTHIERS and FURNISHERS,

Saturday Evening,

A CARAQUET MAN

Ovide Landry, 24 Years old and Unmarried, is the Unfortunate

A shocking accident occurred ou Saturday afternoon, by which Ovide Landry 24 years of age, a native of Caraquet, N, B, who lived at 2019 Notre Dame street, mer a violent death in the Ewart Ice Company's storchouse, at 138 Murray street.

The deceased fell a distance of 50 feet, his skull being fractured,

rades hoist him up in a sling. He was holding to the rope with both hands and had reached the top, when his hands were crushed in the pulley. In endeavoring to save himself he made a dive for the loophole. He was unexcessful and fell head first to the ground His fellow employees tried to catch him and if possible, break the fall but it was impossible, as the descent was made with great force and expired a few moments later. The Notre Dame Hospital ambulance was called, but medicial and was of no avail and the body was taken to the morgue, where an inquest was huld.

The victim of the accident was Miller

Another Accident on Locomotive No 239

I. C. R. locomotive No 239, the unlucky, hoodooed, haunted engine, which has gone through so many wrecks and smashups, and is now being repeared since her latest escape, was the scene of another accident in the I. C. R. shops this morning.

Shortly after the wreck at Oxford Junction, when Driver McAuley lost his life, and his engine No 239 was badly smashed up, the unfortunate locomotive was placed for repairs in the I. C. R. shops. This morning, Mr Charles O'Neil, boiler-maker, assisted by helper Hilaire LeBlanc, was taking some rivets out of the boiler. In this conception, a heavy sledge hammer was Wm Murray operation, a heavy sledge hammer was being used, operated by LeBlanc. Sud denly the heavy hammer head became detached from the handle as LeBlanc MeNair Miles denly the heavy hammer head became detached from the handle as LeBlanc swung it through the air, and flew directly for Mr. O'Neil, striking him a heavy blow on the forehead.

The unfortunate man was rendered unconscious, and a bad-wound inflicted He was conveyed to his home on Foundry street and Dr Myers sunmoned Several stitches were put in the

moned. Several stitches were put in the wound. No serious results are an. ticipated.—Transcript

Catarrh Is Certainly Curable In fact it is one of the most curable diseases if fragrant healing Catarrh-ozone is used. No matter how long you have suffered with Catarrh you can be perfectly cured by inhaling the antiseptic vapor of Catarrhozone, which strikes at the foundation of the trouble

and establishes such a healthy condition in the system that catarrhal germs simply can't exist. "I suffered from simply can't exist. "I suffered from catarrh of the nose and throat for years." writes S. H. Downie of Plattsville. "My nostrils were always stuffed up and I had a most disagreeable hacking cough. Catarrhozone cured me complete y." Catar hozone never fails. Two months treatment \$1.00;

trial size 25c.

N. Company's Steamer A Ready for Launching.

DECEMBER 21ST.

This Week From the Glasgow Builders.

Those interested in the Inter-Saturday evening in the C. C. Rink provincial Company, and the some time ago a meeting of citizens when a large number donned the citizens generally will be glad to was held at which it was decided to creanize a Board of Trade for steel blades to enjoy the first skate hear that the work of constructing to organize a Board of Trade for of the season under cover. The ice was in good condition and the work of constructing the town of Campbellton and the was in good condition and the cory rapidly. Word was received this week that the boat will be tawn for registration. Recently the corridate of registration. ed on being the first risk in the ready to put into the water on the the certificate of registration was province to secure ice this season. 21st of this month. This is received and a meeting was beld The nights fixed upon for skat- certainly rushing matters along at on Friday evening last for the purand his legs and arms broken.

Death was instantaneous.

Landry in order to reach the top of the ice house, had his comrades hoist him up in a sling. He hights fixed upon for skat—
