Billy Carroll is now out as a pedes-trian. He will run a wire in Armory Rink next Tuesday night.

Australia, after the first dose of the fierce mode of milling, has concluded to reduce it a bit. Hereafter it will not abide anything stronger than six ounce mitts and will choose to regard "infight-ing" as an infraction. This will come in the nature of a shock to the herd of U. S. fighters who are now shipping thi-ther via steerage. ther via steerage.

Toronto Star: The Hamilton Spectato will likely give the St. Kitts and Guelph pro. hockey clubs a decent burial.

If Dr.-B. F. Roller, of Seattle, who now has his eye on the title that is held by Jack Johnson, should realize his vaulting ambition, it would be the first time in the history of puglism that the heavy-weight championship had been captured by a bona fide college graduate, a man of intelligence, and a practising physi-cian, says the New York Press. Then if in the course of Queensberry events Thomas Edward Casey, formerly of Villa Nova College, should meet Dr. Roller for the championship, it would be tha first time in puglistic history that two men of unquestioned intellectuality had contested for the chief honors of the prize ring. If Dr. B. F. Roller, of Seattle, who now

in the past. Dr. Roller has all the qualifications for a champion except experience, and his real status will not be known till he has met a man of ability in the ring.

Toronto Globe: Discipline in the Ten-iskaming Professional Hockey League is quite as stern as in the Eastern Pro-fessional Lacrosse League. The case of Harry Burgoyne, the Liskeard player, who assaulted the referee in last Fri-day's game with Cobalt, was taken up at a meeting of the league committee this week, and Burgoyne was reprimand-ed. If he attacks any officials in fu-ture he will be even more severely dealt with. Liskeard announced that the club had fined him, but it is not stated when the fine is to be paid, or whether mining stocks or money will be accepted for it.

It's funny how hard the Marathon bug has bitten everybody in these United States. The old grip germ isn't a cir-cumstance beside the insect that came over from Greece a few months ago. Starting in Madison Square Garden in this fair city of ours it has spread with alarming speed throughout the country. "I've just had a little run through the Western States. Everywhere the devas-tation of the Marathon bug is visible. Ont in California, which used to be the land of rest and leisure, there has been a "fat man's Marathon." San Francisco, Los Angeles, and all the minor towns of "Iat man's Marathon." San Francisco Los Angeles, and all the minor towns o the Golden State have held "Marathons of various sorts. In one Western pape I noticed accounts of a "miner" Marather." I noticed accounts of a "piano playing Marathon" and a "pie-cating Marathon." But, amateur or professional, long live the "Marathon bug." Long distance-running, whether for money or glory, will benefit the people. And who konws what obscure willage "Marathon" may develop the winner of the next great Marathon, held in Greece in 1910; Sher-ring won the last one, nearly three years ago. I have a hunch that the next champion will half from somewhere south of the Canadian line.—R. Edgren, in New York World.

The first game in the City Hockey League was played last night at Port Nelson between the Port Nelson team and the Oxfords, of Hamilton. The game was very fast from start to finish, but the Hamilton team was not in as good condition as they will be later on, and resulted in the score of 8 to 4 in favor of Port Nelson. Woodstock, Jan. 21.—In a junior O. H. A. game last night the locals defeated their London visitors by a score of 11 to 3. The game was fast and the play more even than the score indicates. The local defence proved rather difficult for the London forwards. The fast indi-vidual rushes of the locals were very effective, although combination was fre-quently used near the visitors' net. The score at half-time was 5 to 2. No re-feree turned up and the game was de-layed 40 minutes, YESTERDAY'S SUMMARY.
