FELL FROM ROOF OF POWER HOUSE

James Lawlor Receives Painful Injuries by Fall Thursday Morning

James Lawlor, of Redbank, while working at the wireless Thursday morning, had the misfortune to fall from the roof of the power station to the ground, lighting upon a pile of stone, shattering the bone of the left leg above the ankle in a most painful manner.

The unfortunate man was tenderly conveyed to the wireless office, by the kindly assistance of Thos. Jeffrey, a member of the St. John Ambulance Association, who furnished a stretcher upon which the injured man was placed and taken to the office, and later conveyed by Str. Miramichi to the Hotel Dieu, Chatham.

Drs. McGrath and Desmond were summoned and dressed the injured man's leg enough to allow of his being removed to the hospital.

Workmen who saw the accident say that Lawlor was walking up a ladder on the roof, which was supposed to have been fastened by a rope to another ladder on the opposite side, and when about three-quarters of the way up the ladder began to slide down the roof, which was covered with snow, and came with such speed that ladder and man cleared the staving, and the unfortunate man coming down feet first fell in an upright position onto a heap of stones below, with the result that the left leg was broken above the ankle, the bone protruding through the side.

Another workman, on the staving seeing the man fall, became faint and fell himself in a heap on the staving upon which he was standing, and only by a miracle he remained there until assistance came, instead of there being a repetition of the accident of only a few moments before.

Dr. McGrath drove to Chatham after the injured man was taken to the boat and dressed the injury at the Hotel Dieu. It may be necessary, we hear, to amputate the leg.

Mr. Lawlor was held in high esteem, both by the officials at the wireless and by the other workmen, and much sympathy is being expressed in his behalf.

The world of music—what a gift
Suppose you should wake up Christmas morning to find that some one had put the world of music in your stocking. That's precisely what you can do for any member of your family, or any of your friends, if you give an Edison Phonograph

The new types, without horns, are especially popular just now. They are made in artistic designs from a variety of beautiful woods. The one shown here is extremely moderate priced. It is called the Amberola VI. It plays the new Edison Amberola records, with all their remarkable beauty of sweetness and volume, with all their range of program. It is found with the diamond reproducing point that never wears out and never needs changing. An Edison is a permanent gift—one that will be a lasting pleasure for years to come. Can you imagine a more practical gift—one that will bring most real delight to those you love?

Our Job Printing Department

There is a difference between plain Job Printing and the kind of Printing that draws business. At one time any kind of a printed letter-head or envelope would do so long as the work was done by a printer. Good paper and high priced ink, the customer did not know enough about to be fussy. It is not so now. The customer to-day figures these items into his contract for printing the same as he does the quality of the goods he purchases to carry on his business.

This is the class of customers who have their printing done at The Advocate Job Dept. Only the best lines of writing paper are kept in stock and the highest grade of inks used for all work. There is not a CHEAP line in our office, for experience has taught us to carry only the best and the most serviceable.

People who leave their order for printing with this office, have that inward feeling of assurance that they are going to get just the kind of a job they want. They do not speculate—they know, and they are never disappointed. We spare no pains to give our customers just what they want, and that is one reason why this office has gained the reputation it has for turning out the highest class of Job Printing only.

If you are not yet a customer, join our list and have your letter heads and envelopes, or whatever nature your work may be, printed in an artistic manner. It does not cost any more for good printing than it does for the cheaper kind, and a small order is given as good care as a large one.

We are now in a position to handle all kinds of

CATALOGUE PRINTING

and would be pleased to quote prices for this class of work at any time. We guarantee strict satisfaction in all cases.

Remember that this office is in better shape to handle your Printing than it has ever been before, due to the fact that only competent printers are employed and the most modern machinery used.

TWO WEEKS HUNTING TRIP

American Hunters Return from Successful Hunt at Bald Mountain

Messrs. Thos. T. Firth and Thos. Berger, of Germantown, Phil., with Guides Peter Brock and Allan Menzies and Cook L. R. Johnson, returned on Friday night, from a very successful hunting trip at Bald Mountain.

Mr. Firth got a very handsome caribou head with 32 points, and two deer, while Mr. Berger got a small moose with a 42 inch spread, two deer and a caribou with an 18 point head.

The hunters saw plenty of game, but took the pick of the best. They also report seeing a large number beaver, with their houses built about the dams, making the hunters take a round about way to get to a certain point.

They all had a very enjoyable trip, and left for home Friday night. Their game will be shipped later.

SAD DEATH OF MRS. JAMES COOK

The sad death occurred on Saturday at St. Margarets of Mrs. James Cook, leaving a husband and seven small children to mourn the loss of a loving mother and help mate.

It will be remembered that on Sunday morning, Nov. 16th, fire destroyed Mr. Cook's house while he was at church, and his wife who was in a delicate state of health had to be hurriedly removed to a neighboring house. This augmented her illness and no doubt contributed to her death which occurred a day or two after giving birth to an infant.

The funeral was held Monday morning requiem mass was said by Fr. Doucett.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Livers and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a will barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.
