FIGURES DO LIE.

Prices are only Relative

REGAL ENGINES are the highest

priced engines, yet they are the cheap-

est.

They are the highest priced engines

because they cost more to build.

They are the cheapest engines, be-

cause they will last twice as long as

any other engine.

They are also the cheapest engines

because they save your time, and

"Time is money."

If you shut your eyes to this real

bargain in engines, you will be the

sorriest fisherman who ever signed an

order.

You will lose more money than you

can afford to lose, and your oil bills

will be twice as large.

REGAL ENGINES use less oil, have

more power, run with less trouble and

give more genuine satisfaction than

any other engine on the market.

We are, in the near future, going

to ask all cash for REGAL ENGINES,

so buy one before we make this

change, as we intend to make them

the "Hall Mark" engines of Newfound-

land.

We ship REGAL ENGINES complete

with full book of instructions, and

when once installed in your boat, any

child can run one.

REGAL ENGINES are higher priced

than other engines, but are the cheap-

est in the long run, because they run

the longest.
