Germans Given Another Month to
Fulfil Conditions--Surprise Elec-
tion Results in Ireland---C. P. R.
Liner Corinthian Total Loss.

9.00 A. M.

A LENGTHY PROCEEDING.

(COPENHAGEN, Dec. 15.)—(Via Reuter's Ottawa Agency.)—The court-martial proceedings at Copenhagen, Dec. 17 and onwards, four large transport steamers will ply between Copenhagen and Leveer, and twenty smaller steamers will be continually employed repatriating prisoners of war from Germany. Two steamers, with British troops aboard, arrived yesterday.

SENTENCE REMITTED.

(LONDON, Dec. 14.)—The Home Secretary, after consultation with the President Judge of the Court of Criminal Appeal, has agreed to remit the sentence of death pronounced yesterday on two Canadian soldiers, named Thomson and Caba.

REGULAR REPATRIATION.

(BERNE, Switzerland, Dec. 13.)—(Via London, Dec. 15.)—Regular repatriation of German prisoners of war has begun to-day. Four ships leave daily for France, each carrying from 700 to 900 prisoners. It is estimated that there are 75,000 German and British prisoners to be repatriated. The prisoners in Germany and Central Germany will be repatriated by a more direct route.

FINLAND'S POLICY.

(LONDON, Dec. 15.)—(Via Reuter's Ottawa Agency.)—The Finnish Government, after consultation with the President Judge of the Court of Criminal Appeal, has agreed to assume his new office. Inter-acted by Reuter's correspondent he has terms possible with the Allies, to secure the recognition of the independence of Finland by the powers, and to establish a de-facto form of government, based on co-operation of all parties. He conferred with the leading states-men of London and Paris, and was satisfied with his reception. It was a part of his policy. He agreed to a rapprochement with Fin-land's Scandinavian neighbors, and to good relations with the Allies, and in the meantime he was in great need of food, the Allies had arranged to send him monthly shipments of food. He believed all German troops had now left Finland. The material treaty concluded between Finland and Germany had been can-celled a few days ago.

FLARE UP IN MEXICO.

(NEW YORK, Dec. 15.)—A brief battle between American gunners and a party of Mexican

Customs Guards at Tampico, on Nov. 28, the Americans shot and killed the captain of the Mexicans, and mortally wounded another Mexican. It was feared to-day, upon the arrival here of the Ward Line steamer Monterey, upon which the navy gunners are stationed, that the Mexican authorities at Tampico demanded the surren-der of the American gunners. The Mon-terey captain refused. According to the ship's passengers, the Mexican authorities had agreed that the in-cident was one which required diplo-matic settlement.

ARMISTICE PROLONGED.

(PARIS, Dec. 14.)—The complete texts of the amend-ments to the German armistice, which were signed this morning in Marshal Foch's railway train at Tervoy, fol-lowed by the duration of the armis-tice, concluded on Nov. 11, is pro-longed one month, until the 17th of January, 1919, at five o'clock in the morning. This extension of a month will be extended until the conclusion of preliminary talks to a peace, subject to the consent of the Allied Govern-ments. Second, the execution of the conditions of the agreement of Nov. 11, such as are not completely fulfilled, will be followed and completed in the period of the extension of the armis-tice, after regulations fixed by the in-ternational armistice committee, ac-cording to instructions of the Allied high command. Third, the following conditions will be added to the agree-ment of Nov. 11: The Allied high command reserves the right to begin, meanwhile, if it thinks it wise, in order to secure new guarantees to occur, by the neutral zone on the right bank of the Rhine, to north of the bridge-head of Cologne, up to the Dutch frontier. This occupation will be announ-ced by the Allied high command, by giving six days' notice.

OCCUPYING COLOGNE.

(LONDON, Dec. 14.)—British troops are rapidly complet-ing the occupation of the Cologne Bridgehead, and east of Cologne City, they have occupied the station of Ol-pew, according to an official statement issued to-night.

"CORINTHIAN" TOTAL LOSS.

(ST. JOHN, N.B., Dec. 15.)—The C.P.R. liner Corinthian, 7,322 tons gross register, which sailed from this port on Saturday morning, at 7 o'clock for Glasgow, with a large car-go for the British Government, struck before three o'clock Saturday after-noon on Bolton's ledge, Brier Island, commonly known as North West Ledge, and according to a message from the captain is a total loss. Capt. David Tanneke and his crew of 86 were all rescued to-day by the Gov-

ernment steamer Aberdeen, and the patrol boat Festubert, of the Canadian naval service, which were despatched from this port soon after the distress signal was received, and fishing craft which put out from Freeport, and Westport, and took off a few of the men. It is understood the steamer is grounded bow on.

REFORM OF LORDS.

(LONDON, Dec. 14.)—(Via Reuter's Ottawa Agency.)—The reform of the House of Lords will be one of the tasks undertaken by the Coalition Ministry. It returned to power in the election taking place in the United Kingdom, to-day Chancellor Bonar Law announced at Glasgow, yesterday, Mr. Law said that he be-lieved a second Chamber, with ade-quate strength, was necessary in any democratic country, but it was not in-tended that it should be a hereditary chamber. The Chancellor further stated that the Coalition Government intended to give the new chamber the strength that could come from direct access with the people. Mr. Bonar Law said in his previous announcement that the Government would see that the Empire's naval safety was not imperilled at the Peace Conference, and said that he was afraid of Bolshevism in the United Kingdom.

CONFERENCE RESUMED.

(PARIS, Dec. 14.)—The preliminary diplomatic con-ference among the Allies, which was suspended temporarily pending the ar-rival of President Wilson, will be re-sumed early next week, according to Le Journal to-day. David Lloyd George, the British Prime Minister, and A. J. Balfour, the British Foreign Secretary, are expected on Monday or Tuesday, the newspaper states, while Premier Clemenceau, and Foreign Min-ister Sonnini of Italy, will arrive, with King Victor Emmanuel, on the coming Thursday. While no names are men-tioned in connection with the appoint-ment of German Peace Delegates, it is known that the Government has the subject under discussion. The ap-pointment of Maximilian Harden, Editor of Die Zukunft, as special advance delegate, appears to be much in vogue. The editor's admirers are even urging him to go to the United States.

FRENCH DELEGATES.

(PARIS, Dec. 14.)—The Echo De Paris says that French delegates to the Peace Conference will be Premier Clemenceau, Marshal Foch, Foreign Minister, and Leon Bourgeois, former Premier. It adds that Captain Andre Tardieu, head of the General Commission for Franco-American war matters, prob-ably may be named.

NATIONALIST LEADER DEFEATED.

(BELFAST, Ireland, Dec. 15.)—The feature of Saturday's elections in Ireland was the strength shown by the Sinn Féin. It is reported here that Cardinal Logue and Archbishop Walsh, both supporters of the Sinn Féin, the defeat of John Dillon, the Irish Nationalist Leader, in East Mayo, is anticipated when the results of the election are announced. The Sinn Féiners polled a heavy vote in the County and City of Dublin, and in Cork and the North-west of Ulster, and Sinn Féiners will carry the City of Derry, three seats in Donegal, and South Fermanagh, and Northern Tyrone. The Unionists ex-pect to retain all their seats in the North. Joseph Devlin, Nationalist for West Belfast, has been elected by several thousand votes.

WILLIE RAN FOR HIS LIFE.

(AMSTERDAM, Dec. 15.)—A crowd of women from Amsterdam recently went to the island of Wier-ing, and made a hostile demonstra-tion against the former German Crown Prince, who there interned. The police, according to a report published by the Telegraaf, Frederick William, it is alleged, saved himself from the hands of the women by flight. The police force on the island later took action, which resulted in a German Baron, who was staying at a hotel there, start-ed from the airfield near Ipswich at

NOON.

BERLIN STRIKE SERIOUS.

(LONDON, Dec. 15.)—(British Wireless Service.)—The strike in Berlin has reached serious proportions, according to a despatch received here from Amsterdam. Only two newspapers are being published, and these are small leaflets. It is said that 250,000 workmen are out.

THEIR EFFORTS WILL FAIL.

(NEW YORK, Dec. 15.)—"There are not wanting those who will endeavor both by the subtlest and grossest means to destroy the mutual confidence established during the war between Great Britain and the U.S.A.," declared Sir Henry Babington Smith, acting British High Commissioner, in an address here to-night. Speaking at a meeting of the Artists Society, as a social organization, comprising em-ployees of the various departments of the British War Mission. Sir Henry asserted that although the larger part of the British Mission is now in course of dissolution, efforts to overturn its work of achieving harmony between the two great English-speaking na-tions will fail.

USED MINISTERS IN U. S. A.

(WASHINGTON, Dec. 14.)—The story of how enemy propaga-nists used German Lutheran Pastors to preach love for the Fatherland, and devotion to its cause, and tried in vain to stir up negroes in the United States, with reports that if Germany con-stantly of this country would be assigned exclusively to them, was told to-day by the Senate Committee, investigating enemy propaganda, by Capt. George B. Lester, of the Army Intelligence Service.

PANKHURST, FIRST LADY MIN-ISTER.

(LONDON, Dec. 15.)—(By the A. P.)—Considering the novel condition under which yester-day's elections were held, and the nec-essity of waiting for a fortnight be-fore the ballots are counted, there is very little indulgence in speculation as to the result. It is universally admitted to be almost a foregone con-clusion that the Lloyd George coaliti-on has been victorious, and will prob-ably have some four hundred members in the new House of Com-mons. While it is believed that the

women of South England, mainly, have supported coalition candidates. It would be no surprise if it is found that in the Midland and Northern in-dustrial counties the women's vote largely supported labor. Labor par-ties have to win over one hundred seats, but it is believed that had the treaty of peace been signed, that party would have scored at least two hundred. Political speculation is chiefly concerned with the recon-struction of the cabinet after the elec-tion. One rumor credits Premier Lloyd George with favoring the ap-pointment of the first woman minis-ter. The name of Pankhurst is men-tioned in this connection.

SAILORS WANT CONTROL.

(COPENHAGEN, Dec. 16.)—Control of the Merchant Marine is demanded by a Sailors Council, formed at Hamburg, according to a Berlin despatch to the Berlin Gazette. "Denke of this city. The Council threatens to sink all the ships if the demand is not complied with. The Council insists that the financing be borne by the ship owners."

LATEST!

NOT LYNCHED AT ALL.

(LISBON, Dec. 16.)—The man arrested following the as-sassination of President Pava yester-day, wore a cloak peculiar to the in-habitants of the Province of Alemtejo, in the southern part of the country. He had a revolver in his pocket when arrested, and asked the police to save him from being lynched, because he had important revelations to make. An extra edition of the Official Journal has been published, and contains a proclamation announcing that the cabinet will remain in office.

ANOTHER LINK GONE.

(AMSTERDAM, Dec. 16.)—Poland has severed relations with Germany, according to a telegram received in Berlin from Warsaw.

AMERICA'S NEW RESPONSIBILITY.

(LONDON, Dec. 16.)—(By the A.P.)—President Wilson's reception at Paris is made the main feature of the day's news by London Journals, which have filled their col-umns with detailed descriptions of the official and personal activities of Mr. and Mrs. Wilson, and the scenes in the Paris streets. Editorial comment re-peating British satisfaction over Wil-son's arrival, and dwells on the mag-nitude of the event of American par-ticipation in the politics of the old world and the tremendous responsi-bility that nation has undertaken.

REVENTLOW'S OPINION.

(By the A.P.)—Discussing President Wilson's trip to Europe, Count Von Reventlow, chief editorial writer of the Tage Zeitung, says, "The German people must pay any price, no matter how high the United States names a condition for the resumption of their position and relations with the world." Count Von Reventlow believes that Mr. Wilson's consent to the armistice con-conditions imposed on Germany, is bound to prove inimical to the influence of the United States in Europe and among its associates.

EX AMERICA.

(NEW YORK, N.Y., Dec. 15.)—A demand that any agreement, reached by the Peace Conference, af-fecting any nationality be submitted to a plebiscite of that nationality for approval, or rejection, was contained in a cablegram sent to President Wil-son in Paris to-night by the second annual Congress of the league of small and subject nationalities. While the cablegram was addressed to Presi-dent Wilson, it was said copies of it would be sent to the Premiers of Eng-

WILSON, MEDIATOR.

(HAVAS.)—Pope Benedict may re-quest Wilson to consent to act as me-diator in an effort to reach a recipro-pal pact which will solve the dissen-tion which has existed between the Quirinal and the Vatican, according to the Popolo Romano. This question, the paper states, will in no case be brought before the peace conference.
