Guelph Evening Mercury

SATURDAY EVENING, SEPT. 13, 1873. Town and County News. HIGH CONSTABLE KILPATRICK, of Berlin, is distinguishing himself. He has just broken up an organized gang of burglars by a clever capture of a retained penitentiary bird named George Jones. CHILDREN'S NEW VOLUMES. - Kind Words, Little Folks, Chatterbox - the child's own magazine. A big and cheap stock of children's books at Anderson's Cheap Bookstore. GREAT. - We call attention to Mr. Hefernan's big advertisement to-day. He did not go to Europe for nothing, as anyone can find out by making a call and inspecting his pile of dry goods. MR. WM. STURTEVOX, of Peel, was hurt in the face and breast on Thursday, near Mills & Goodfellow's Foundry, by being knocked down and run over. He was able to make his way home shortly afterwards. THE VERDICT at the inquest held by Dr. Tuck, coroner, on the body of the boy Brown, was one of Accidental Death with a recommendation that the Town Council should have some protection placed on the bank of the river at the place where the accident occurred. THE Essex Times is a new and well printed candidate for public favor. No 5 has just reached us, and, oddly enough, it contains the opening salutatory of the editor. He announces the politics of the paper as being uncompromisingly Conservative; and if he only does all he says in that salutatory, the Times will be one of the finest papers in the Province. CHANGE OF TIME. - On and after Wednesday last, the Express Train due to leave Harrison at 4.30 a. m. for Ferguson and South, and the Accommodation Train due to leave Ferguson at 9.05 p. m. for Harrison, was discontinued. The Express will start on Monday at 4.30 a. m. and the Accommodation will stop at Ferguson at 9.25 p. m., thus saving the time card of the 7th of July. FIRE. - A fire broke out on Thursday morning in a pile of some three or four hundred cords of wood, belonging to the G. W. B. Company, lying beside their tracks between Drayton and Alton. A number of men were employed during the whole day in endeavoring to extinguish the flames and save the track, in which they were successful according to the latest advices. A HIGH OLD TIME. - At Orangeville, last week, an interesting and novel ceremony took place on the roof of the new block just erected on Broadway, on the site of the late fire, being nothing less than the baptism of the new block. Mr. Bennett called upon the Rev. Mr. McCordy to perform the ceremony, which he did by giving the name of the "Union Block." A number of toasts, speeches, and songs followed. Y. M. C. A. - The Committee having charge of the refreshment booth would again request all the friends of the Association to render every assistance that lies in their power. Subscriptions of provisions of every kind will be most acceptable, as they are required, and can be left at the Y. M. C. A. room, or will be collected by members of the Committee if notified by the donors. THE Vote on the By-Law. We are glad to have to-day to announce that the Central School By-Law was carried by a large majority, so that this vexed question is now at rest. The following are the figures: -

The Great Balloon. A Collapse. Swindling Somewhere. New York, Sept. 12. - A great crowd assembled at Brooklyn to-day to witness the departure of the balloon. The inflation continued steadily until 10 min. past four, when the balloon suddenly swayed to the north, ripped half way round, with a great tearing sound, and fell flat upon the ground. The immense volume of gas, nearly 400,000 feet, which had been pumped into it, escaped at the same moment, nearly suffocating those who stood beside it. Inspector Folk, Mr. Goodsell, and Police Commissioner Briggs had but an instant before shifted their positions to the eastward, and thus escaped being buried in the netting and canvas. The crowd made a general rush over the ropes with the intention of tearing up the balloon into small pieces, and carrying them off as mementoes; but the strong force of police on the ground charged and drove them back, but not before many succeeded. Mr. Steiner, who had contracted to fill the balloon, said it would be all folly to attempt another inflation, as the bag was not made of proper material, so the enterprise is abandoned for the present. Those having charge of the undertaking have made a great deal of money out of it. The balloon proprietors claim that Wise broke his contract by agreeing to carry passengers for \$500, payable three days before the ascent, and understood that part of the money has already been paid. The proprietors believe Professor Wise did not intend to go. Donaldson says he did not see Wise for three days. It was finally determined not to permit Wise to go even if he wanted to, and when he appeared on the ground he took no hand in the preparations for the ascent. The proprietors say the bursting was occasioned by the enormous pressure of wind on so immense a balloon, and not from inferior material. Ten minutes after bursting the proprietors promised Donaldson to construct him a new balloon of silk if he would go in it. Donaldson accepted the offer. A meeting is to be held to-day to make arrangements. It will probably be ready by the middle of October. In an interview with Wise he stated that his son was excluded from the circle, and he refused to go unless his man had been ruled out and another substituted. Wise asserts that the balloon was rotten. A Washington despatch says the Commission to enquire into the depredations along the Rio Grande border, are endeavoring to create the impression that their investigation had better be discontinued. They show that the damages in the counties they visited amounted to nearly as much as the entire personal property of the whole State of Texas. New York, Sept. 13. - Weather damp and cloudy, heavy fog on the bay and river, wind south-west. A Great Sale. The entire herd of short-horned cattle, owned by Samuel Campbell, of New York Mills, was sold at auction at Utica on Wednesday. Buyers were present from England, Canada, and all parts of the United States. One hundred and fifteen cattle were disposed of. The total receipts were about \$850,000. The highest figure was \$40,600. Mr. John Stone, of Moreton Lodge, Guelph, was present, and has favored us with the following list of sales: - 8th Duchess of Thorndale, bought by C. F. Wadsworth, price, \$450; 2nd Maid of Oxford, A. W. Griswold, \$6,000; 3rd Maid of Oxford, T. J. McGibbon, Ky., \$9,000; 7th Lady of Oxford, Ezra Cornell, N. Y., \$400; 12th Duchess of Thorndale, A. B. Conger, N. Y., \$5,700; 8th Duchess of Geneva, R. P. Davies, Eng., \$40,600; 2nd Countess of Oxford, W. W. Griswold, Vt., \$2,100; 13th Duchess of Thorndale, A. B. Conger, N. Y., \$15,000; 10th Duchess of Geneva, Mr. Halford, Eng., \$7,000; 1st Duchess of Onida, Lord Skermersdale, \$30,600; 3rd Duchess of Onida, Mr. Halford, Eng., \$15,600; 3rd Countess of Oxford, A. B. Conger, N. Y., \$9,100; 4th Duchess of Onida, E. G. Bedford and G. J. McGibbon, Ky., \$25,000; 7th Duchess of Onida, A. J. Alexander, Ky., \$19,000; 12th Maid of Oxford, Col. L. G. Morris, N. Y., \$6,000; 8th Duchess of Onida, Mr. Berwick, Eng., \$15,300; 9th Duchess of Onida, Mr. Berwick, Eng., \$10,000; 10th Duchess of Onida, A. J. Alexander, Ky., \$27,000; 2nd Duke of Onida, T. J. McGibbon, Ky., \$12,000; 4th Duke of Onida, A. B. Cornell, N. Y., \$7,500; 7th Duke of Onida, A. W. Griswold, Vt., \$4,000; 10th Earl of Oxford, A. B. Cornell, N. Y., \$3,500; 6th Lord Oxford, S. Beattie, Ont., \$1,900. The Missing Polar. We take the following from the New York Tribune: - U. S. Steamer Janina, St. John's, N. F., Sep. 10. - The Tigress, which we left on the 25th of August at Disco, brings important intelligence respecting the missing Polar. On the 11th of August Commander Greer started with his little vessel for the locality in which the Polar was reported to have been last seen by Tyson's party, between Northumberland Island and the coast of Greenland. No trace was found of her here, but a Littleton Island, lat 78 deg. 25 min., the Tigress came upon the remains of a camp, and learned that in June Capt. Boddington and his companions had abandoned the ship and gone southward with two boats which they had constructed. The Polar is still at the time of their departure. The Tigress made a careful search for the boats abandoned, but to no purpose. She sailed again from Disco on the 25th and nothing further has been heard from her.

The Letter Investigation.

The letter investigation was continued at Montreal on Friday. Messrs. Boner, Roy, and G. Fisher, agent for the Mail newspaper, were examined, but reporters were excluded. However, the counsel for the prosecution stated that a clue has been obtained to the party who stole the letter. A reward of \$500 has been offered for the arrest and conviction of the thief. The detectives are now on the alert. THE Commission. FIFTH DAY. Ottawa, Sept. 9. The following is the report of the proceedings of the fifth day which was crowded out. The Commission resumed at noon. Judge Courso, Senator Leblanc, and J. B. Beaudry were in attendance as witnesses. Hon. B. Foster was called but did not appear. Mr. Dakers deposed: I reside at Montreal. I am Secretary of the Montreal Telegraph Co. I know Sir Hugh Allan; don't know McMullen. Have no knowledge of any agreement between Sir Hugh Allan and McMullen, nor with the Government. A great many messages pass through our office which I never see. The messages of August, 1872, are all destroyed. I have never seen a message addressed by Sir John Macdonald to Mr. J. J. Abbott, at St. Anne's, dated 27th August, 1872, asking for \$10,000. Never saw a message from Abbott telling Sir John to draw for \$10,000. The name and address of messages passing between those gentlemen of the date of 25th August appears in our books, but their contents are not stated. It is a regulation in force for a long period to destroy messages after one year. About a year ago the time was reduced to six months, at my suggestion. It had nothing to do with election matters. Judge Courso deposed: I reside at Montreal. Am Judge of the Sessions in question, and Commissioner of Police for the Dominion. I was Mayor of Montreal in 1868. I know nothing of any arrangements between the Government, Mr. Abbott or Sir Hugh. I have no knowledge of Sir Hugh advancing money to aid Ministers at elections. I only know of a sum of \$300 or \$400 given by a friend towards Sir George's election. I don't know why my name was put on Mr. Huntington's list of witnesses. I met Mr. Huntington on the street the other day and asked him why. He said he could not tell what evidence I would be required to give. Sheriff Leblanc next deposed: I have been Sheriff of Montreal for nine months. I know Sir Hugh; I do not know Mr. McMullen. I know of no arrangement between them concerning the Pacific Railway. I don't know of any arrangement between the Government or any member thereof by which Sir Hugh was to advance money to aid Ministerial elections. I was a member of Cartier's central election committee. There was money furnished by Cartier's friends to aid his election. Don't know what the committee said they had plenty. I heard Sir Hugh subscribed some money. Don't know of a receipt to Sir Hugh from Starnes and others. The money was spent for Montreal election purposes. Some of it may have been spent outside of the city. J. B. Beaudry was next called, and gave his testimony in French: Was not a member of any election committee; knew nothing of matters contained in the charge. Jackson Rae, on being sworn, deposed: He resided in Montreal. Was manager of the Merchants' Bank, of which Sir Hugh was President. Was no relation of Sir Hugh. Never heard of McMullen till the publication of correspondence. Knew nothing of any negotiations referred to respecting the Pacific Railway or elections. Had no personal knowledge Sir Hugh and Abbott undertaking to furnish election funds; only knew by rumor about funds provided for election purposes. Believed the rumors were true that Sir Hugh subscribed. Judged so by remarks made by Sir Hugh to others. Had seen no cheque. They did not necessarily come under his notice. Had no means of knowing how much Sir Hugh Allan had subscribed. Knew nothing about the expenditure of election funds. Sir Hugh had a private account in the Bank and a general business account. In reply to Sir John the witness said he was not Sir Hugh's political agent nor railway agent. Knew nothing about his plans. Upon the conclusion of Rae's evidence the Court adjourned till 4 p.m. TEMPERANCE AMONG THE INDIANS. - The Parry Sound Courier says on Wednesday last the ceremony of organizing an Indian Temple of I. O. G. T., for Christian Islands took place in the lodge-room of the Parry Sound Temple, under the management of Bro. Wm. Beatty, T. D. Twenty-four out of the twenty-six individuals who, on this occasion, signed their names to the Templars' Obligation, as members of the new Temple, were Indians; and nearly every individual of the twenty-six wrote his or her name in calligraphy that would put to the blush numbers of whites whose advantages had been greater. After some little deliberation among the candidates the name "Nebec," signifying pure water, was chosen as the name of the Temple. HOW TO MAKE MONEY. - A horse dealer residing in the vicinity of Keypont, N. J., and who buys up horses for the New York market, purchases Darley's Condition Powders and Arabian Hemi Remedy by the dozen and feeds it to his horses; he says it is superior to anything that he has ever used as a condition medicine, that the horses are so much more improved by its use as to sell more readily and command higher prices. Two other horse dealers, one residing at Huntington, the other at Glen Cove, L. I., also purchase it by the dozen and for the same purpose; these men, as well as many others, similarly engaged, know too well the value and importance of this medicine ever to be without it. - Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicinal dealers. THE St. Catharines Times advocates the erection of a Poor House for the County of Welland.
