

RESTORED BY PE-RU-NA

To Health and Usefulness Were These Two Grateful Women.

MISS FLORENCE MILLER.

Women, Consult Dr. Hartman.

Advice Free.

Miss Florence Miller, 492 Alabama street, Buffalo, N. Y., writes:

"I am proud and happy that I am able to praise Peruna as it deserves, as the best medicine for the ill so many women suffer from and do not know which way to turn for help. If all women who suffer as I did with periodic backache, headache, and that all worn-out feeling would take Peruna, they would soon find that it put new life into the body and took away all the aches and pains and weariness."

—Miss Florence Miller.

MRS. E. VON STIEAU.

Perfect Health Regained.

Mrs. E. Von Stienau, 322 Fifth street, Milwaukee, Wis., writes:

"I feel it my duty to write and tell you how much good Peruna has done me. I have been a sufferer for years with female trouble, causing backache and at times terrible headaches. I had also complications from indigestion and heart trouble, so that I often had to lie down. A friend advised me to try Peruna. I had little faith in any medicine, as I had tried so much without getting any relief, but to please her I gave it a trial. After three days' use I felt so much better that I decided to continue its use and by the time I had taken six bottles, I was in perfect health, in fact my health is now all that I could wish. Peruna is certainly an estimable medicine, and not worthy of praise."—Mrs. E. Von Stienau.

Women are subject to pelvic catarrh. This condition has been called all sorts of names and is often referred

to under the general phrase, female diseases.

Peruna cures these cases. Peruna cures them because it cures catarrh wherever located.

The nature of most of these ailments is catarrh.

Catarrh is liable to attack any organ of the body.

It is especially liable to attack one or more organs of the female pelvis. No wonder women talk about Peruna. No wonder they think it is the greatest medicine in the world.

Peruna cures the catarrh wherever located.

Peruna is not a guess nor an experiment—it is an absolute scientific certainty.

Peruna has no substitutes—no rivals.

Insist upon having Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

LOUNT WILL MISSING

Strange Disappearance of the Late Judge's Papers.

Toronto, May 7.—"We have found the judge's gown, but the will and policies are still missing," said A. H. Marshall, former partner of the late Mr. Justice Lount, in explaining the disappearance of the valuable documents. The gown had been loaned. The whereabouts of the papers is a mystery. There are two life insurance policies missing, and not a receipt to trace them. Not even the companies are known. The missing will, which deals with the disposition of these, was, it is thought, made shortly before the late judge went to Bermuda. There is another will made six years ago and a third policy which counsel have.

GRANTON MAN'S GAIN

John Fletcher Found Dodd's Kidney Pills and Lost His Lumbago and Kidney Disease.

Granton, Ont., May 4.—I am glad to let the public know that Dodd's Kidney Pills have cured me of Lumbago and I am now perfectly sound. Such is the statement of John Fletcher of this place, and there is no uncertainty about it. And Mr. Fletcher has more to say:

"I had been troubled for a year with Lumbago and Kidney Troubles. My urine was a very bad color and I could get nothing to help me.

"One lucky day I decided to try Dodd's Kidney Pills. From the first they gave me relief and now my Lumbago is gone; my Kidney Complaint is gone and Dodd's Kidney Pills did it all."

Lumbago is caused by uric acid in the blood. If the kidneys are right they will extract the uric acid from the blood and there can be no Lumbago.

Benjamin Hobbs, of Springfield, Mass., is the oldest active armorer in America. He has been in the Government's employ for over 30 years.

NOTHING LOOKS more ugly than to see a person whose hands are covered with warts. Why have these disgusting growths on your person, when a sure remover of all warts, corns, etc., can be found in Holloway's Corn Cure?

It is estimated that the recent increase in the pay of railroad employees throughout the United States affects 600,000 men, involving a cash outlay for 1903 of \$38,350,000.

NO BRICKS FOR GOTHAM

Employers Begin a Lockout to Prevent Unionism.

New York, May 7.—All the brick-yards of the city today began a lockout against their drivers, and a decision of the city council to start a similar lockout this evening is announced. This means that no brick or lumber will be delivered after today and the building trade disturbances are settled. Efforts to unionize the drivers are given as the cause of the lockouts. Thousands of men may be thrown out of work in all parts of the city.

THE BURDICK CHILDREN

Court Rules That Mother May Have Their Custody.

Buffalo, N. Y., May 7.—Mrs. Alice Burdick will get the custody of her children, despite the will of her husband, under the guardianship of his executor. Surrogate Marcus today decided that clause null and void. If she wishes to manage their property she will have to ask the surrogate to appoint her their guardian. This may be done at a later date.

Under the heading "A New German Industry," German papers state that the manufacture of quartz glass is rapidly developing in that country. Quartz glass consists essentially of melted quartz and is perfectly translucent.

LABOR TROUBLES

WERE DISCUSSED

At Wednesday's Session of the Dominion Parliament.

MR. MULOCK'S BILL UNDER WAY

Good Offices of the Government in the 'Longshoremen's Strike at Montreal Refused.

Ottawa, May 6.—In the House this afternoon, in replying to Mr. Wilson (Lennox), Sir William Mulock stated that 130 immigrants were refused admission into Canada in 1901-02, and 147 from July 1, 1902, to April 1 last. The reason of rejection was either poverty or physical unfitness.

Mr. Monk (Jacques Cartier) asked what steps the Government had taken to put an end to the longshoremen's strike at Montreal.

The Premier replied that the Government had nothing to do with the strike, which was occurring within the limits of a city.

Mr. Bickerdike (Montreal) said everything possible had been done to settle the difficulty. Today there was a practical agreement between the parties, with the exception that the employees refused to recognize the labor union. The leader of the organization was a citizen of the United States.

Mr. Charlton (North Norfolk) charged that Canadian strikes were being fomented by American agitators. He denounced these agitators as a menace to the commerce and peace of Canada. He understood this was the way the Montreal strike had been organized.

Mr. Puttee (Winnipeg) said the Montreal strike began before the arrival of the American labor officers, who came to tender their good offices for the settlement of the strike.

Mr. Ralph Smith (Vancouver) defended the right of labor organizations to avail themselves of the services of alien organizers.

Sir William Mulock said the strike had been brewing for some time. Both sides were organized. The Government had privately used all the influence and pressure possible for putting an end to the dispute. The good offices of the Government had been deliberately refused.

MR. MULOCK'S BILL.

Sir William Mulock moved the second reading of his bill to aid in the settlement of railway labor disputes. He explained that this is the same bill introduced last session, except that it proposes to precede arbitration by attempts at conciliation. The bill applies to all railways and street railways. It makes strikes and lockouts illegal. If attempts at mediation fail, compulsory arbitration will be resorted to by the Government. He hinted that if the bill passed as introduced in operation as was hoped it might be made applicable to the whole labor world.

The leader of the Opposition, Mr. Borden, could not see that the bill could accomplish any good results. He thought it would stand in the way of obtaining a settlement of strikes by other means.

Mr. Puttee thought the bill was a useful extension of the conciliation act. He thought the bill should provide for the recognition of labor unions.

Mr. Gallihier (Yale and Cariboo) supported the bill.

Mr. Borden (Toronto) condemned the bill as effeminate and ineffective. He condemned labor unions as cowardly.

Mr. Sproule opposed the bill, as did also Mr. Monk and Mr. Bickerdike.

The bill was read a second time and the House went into committee on it. Objection was made to the third section, and Sir William Mulock consented to the committee rising and reporting progress, and the House adjourned.

RAILWAY COMMITTEE.

The railway committee took up the Great Northwest Railway bill, asking for an extension of time. The road, after being in the hands of a receiver, passed into the hands of the C. P. R., who have built 60 miles of line. Mr. Creighton pointed out that the charter had not yet expired, but that the line was a live railway. Mr. Walter Scott wanted the company to its programme for the year. The bill was amended, and reported, after which the next bill, the Manitoba and Northwestern Railway bill, was taken up. The bill was under discussion when the committee adjourned.

The private bills committee unanimously threw out Mr. Morrison's bill to incorporate the Dominion Institute of Animate Engineering, on the ground that it would encroach on the usefulness of the Canadian Society of Civil Engineers, incorporated in 1887.

JAILED AND FLOODED

A Sarnia Scoundrel To Be Severely Punished.

Sarnia, Ont., May 7.—Albert Wannemaker, who was before Judge MacWatt for trial on Friday and found guilty of criminally assaulting a 4-year-old girl, pleaded guilty to the charge, and was remanded for sentence until Wednesday. He appeared yesterday before his honor, who, before delivering sentence, referred to Wannemaker's bad record. He had been committed for a similar offense in March, 1897, for which he served a term in the penitentiary. The judge remarked that imprisonment did not appear to be adequate punishment in his case, and in addition to a term in prison he resolved to give the prisoner a taste of the lash and try its efficacy as a deterrent. The sentence was that the prisoner, Albert Wannemaker, serve a term of two years' imprisonment and receive ten lashes in 30 days after sentence, ten lashes in six months and ten lashes in one year—30 in all. On a charge of assaulting the chief of police, while in the execution of his duty, Wannemaker was sentenced to imprisonment for one year. The sentences are to run consecutively, making the term of imprisonment three years in all.

BUFFALO SUICIDES

Three in a Single Night by Means of Carbolic Acid.

Buffalo, N. Y., May 7.—Three suicides have occurred here since Tuesday evening. Charles Fox, a traveling salesman, Mrs. Helen Oatman and Mrs. Anna Woodman, all died from the effects of carbolic acid poisoning. Mrs. Woodman came here from Cleveland several months ago, and was in poor health. No cause is known for Mrs. Oatman's act. Fox was despondent, being out of work.

Weak Men

Cured Free.

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous for Life.

INSURES LOVE AND A HAPPY HOME.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses.

Health, Strength and Vigor For Men.

varicocele, etc., and enlarge small testicles to full size and vigor. Simply send your name and address to Dr. Knapp Medical Company, 774 Hull building, Detroit, Mich., and they will gladly send the free recipe with full directions, so any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail show what men think of their generosity:

"Dear Sirs.—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test, and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy, and you cannot realize how happy I am."

"Dear Sirs.—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs.—I was received, and the doctor has been ill for six months, and improved in size, strength and vigor. All correspondence is strictly confidential, mailed in plain sealed envelope. The recipe is free for the asking, and they want every man to have it."

DR. BRIDGELAND DEAD

Liberal Member for Muskoka Passes Away at Bracebridge.

Bracebridge, Ont., May 7.—News has been received from Bracebridge of the death there of Dr. Bridgeland, member of the Legislature for Muskoka. The doctor had been ill for six months, and was removed home a few days ago. The cause of death was Bright's disease. He was 55 years old, and a graduate of Queen's University. He was first elected to Parliament in 1898, and was a supporter of the Ross Government. He leaves a widow and three daughters.

ENGLAND IS SURPRISED

Bourassa's Criticism of Dundonald Something of a Shock.

London, May 7.—The outspoken criticism of Lord Dundonald in the Canadian House of Commons causes surprise here. Sir Wilfrid Laurier, in saying that Mr. Bourassa was within his rights in criticising Lord Dundonald, has been from sixth to fifth class. The answer declares that the commission has no right under the constitution to interfere with the company's classification of hay.

The Interstate Commerce Commission brought suit against the Lake Shore and Michigan Southern, the Cleveland, Chicago, Cincinnati and St. Louis, the New York Central and Hudson River and the Boston and Maine Railroad Companies to compel them to obey the law relative to its classification of hay, straw and wheat. The action was brought because of the complaint of the National Hay Association that the railroad companies have raised the classification of hay from sixth to fifth class. The Boston and Maine Company admits the charge, but claims that the commission has not the power to dictate as to how it shall classify hay.

HOUSEHOLD PACKAGES DYES.

The latest and most improved dye in the world. Have no equal for strength, simplicity, penetration or fastness. In thirty minutes they make suits, dresses, blouses, ribbons, etc., like new. All colors, at Calumet and Lawrence's, 216 Dundas street; H. J. Childs', 632 Dundas street; T. H. Jones', Wortley road.

Wood's Phospholine.

The Great English Remedy, is an old, well established, reliable preparation. Has been prescribed and used over 40 years, all drug stores in the Dominion give it. It is the only medicine of its kind that cures. It promptly and permanently cures all forms of Nervous Weakness, Dizziness, Spasmodic, Impotency and all effects of abuse or excesses; the excessive use of Tobacco, Opium or Stimulants, Mental and Physical Exhaustion, and all the ailments of the Nervous System. It is a safe and reliable remedy for all the above ailments. Price 3/- per package and 6/- for 12 packages. Sent free by post. Address The Wood's Dispensary, Windsor, Ont., Canada, or Wood's Phospholine, sold in London by C. McCallum & Co., and Anderson & Nettles, druggists.

FATHER AND SON

BOTH CURED OF KIDNEY TROUBLE BY

Doan's Kidney Pills.

Mr. Benjamin Brooks, a well-known farmer of West Cape, P.E.I., tells of how his son was cured of Kidney Disease, and how he was cured of Backache.

The First Sign of Kidney Trouble.

He says: "Our little boy was troubled with kidney disease. We had tried many kinds of kidney pills but they only helped for a time. I got Doan's Kidney Pills and one box effected a perfect cure. About six weeks after this I caught a very bad cold that settled in my kidneys. My back was so sore I could hardly walk. I went to the drug store and got a box, took them according to directions and the result was that my back was completely cured. I believe they are the best kidney pill on the market to-day."

There is not a kidney trouble from Backache to Bright's Disease that Doan's Kidney Pills will not relieve or cure. The price is 50 cts. per box, or 3 boxes for \$1.25 and may be procured at all dealers or from

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

REPEAL OF THE CEREAL DUTIES

Agricultural Chambers Talk of Its Effect on Canada.

HOPE TAX MAY BE RETAINED

Premier Balfour Hints That It May Be Reinstated in the Near Future.

London, May 7.—The agitation in favor of the retention of the grain duties has not been ended by the announcement of the Chancellor of the Exchequer in the House of Commons yesterday.

The Morning Post, commenting upon Tuesday's meeting of the Associated Chambers of Agriculture, points out that as the abolition is not planned to take effect until July 1, there is yet time for repentance.

Rt. Hon. Henry Chaplin, M. P. for the Sleaford division of Lincolnshire, and a former Conservative Minister of Agriculture, was most outspoken at the meeting. He declared that he "would support the interests of agriculture against all the premiers in the world."

Rt. Hon. James Lowther, M. P. for the Isle of Thanet, said that the Government's act in repealing the grain duties was cowardly and contemptible. Canada's disappointment at the repeal of the cereals duties was constantly referred to at the meeting. The Duke of Rutland, an old pillar of the Tory party, wrote declaring the abandonment of the duty must be regarded as a great disaster by those here and in Canada, who anticipated happier fiscal relations with the colonies. Lord Henetge and other speakers declared the repeal an act of political cowardice.

The Pall Mall Gazette tonight warns the ministers that they have imperiled their own position, and shaken the loyalty of an important section of their followers. Nevertheless, the Government had better stick to the repeal for the present year at least.

Premier Balfour's recent speech seems to suggest that the Government might possibly be led to contemplate the reinstatement of the duty next year under the stimulus of definite colonial proposals.

A resolution was passed censuring the Government for the proposed remission of the duty on corn.

CLASSIFYING HAY

Railroads Object to Ruling by Interstate Commission.

Cleveland, Ohio, May 7.—The Boston and Maine Railroad Company has filed its answer in the United States Circuit Court here to charges by the Interstate Commerce Commission. The answer declares that the commission has no right under the constitution to interfere with the company's classification of hay.
