SARNIA BUILDING IS SETTING BRISK PAGE

Will Pass Million Mark If Present Progress Continues.

SARNIA, June 1.—If the record set up for the first five months of the year is maintained Sarnia's building total for the year will pass the million mark. To June 1 the register of Inspector Walton shows a total of \$899,047. In May 84 permits were issued, amounting to \$587,331, including permits for the new Collegiate Institute and Technical School.

Taxes and interest and water rates and tapping charges collected by the city during May totalled \$25,285.16, according to Tax Collector William Nick. The total of the taxes and tapping charges total exceeds the taxes and interest total last month, as revealed by the following figures, giving the distribution of the collections: 1921, taxes, \$4,922.89; 1920, taxes, \$2,202.95; interest, \$134.13; 1919, taxes, \$1,656.55; interest, \$85.55; 1918, taxes, \$228.46; interest, \$26.43; 1916, taxes, \$162; interest, \$9.17; 1921 water rates, \$14,117.25; 1921 tapping charges, \$812; 1920 charges, \$158.62; total taxes and interest, \$10,317.29; total water rates and tapping charges, \$14,917.80.

CHILDISH PRANK CAUSES ACCIDENT

Four Hurt At Sarnia When Auto Crashes Into Tree.

SARNIA, June 1.—Following an auto accident on the London road today Mrs. Gordon G. Geddes, two Geddes children and Mrs. Peter Paton are confined to their homes, suffering from shock and injuries received when the motor driven by Mrs. Geddes swerved from the road and crashed into a tree. Driving her machine slowly, Mrs. Geddes was proceeding along the London road, when one of the children playfully touched the steering wheel, with the result that the machine, a sedan, and its occupants were instantly hurled against a tree on the side of the road. Mrs. Geddes and Mrs. Paton both received a number of cuts from broken glass, and the children were also shaken up and bruised.

PLANS TO FLOAT \$20,000,000 FOR ONTARIO

Provincial Treasurer Has To Provide For Many Big Obligations.

TORONTO, June 1.—Hon. Peter Smith, provincial treasurer of Ontario, in two or three weeks expects to float one of the biggest loans the province has ever made. It is estimated that from \$20,000,000 to \$22,000,000 will be needed to carry the administration for the balance of the provincial year, which ends on October 31. The great bulk of the funds to be secured by the big loan will be used for hydro-electric power commission purposes. Hon. Mr. Smith intimated this evening that it was probable he would find it necessary to go to New York for the loan, as the home money market has not entirely absorbed the last provincial loan, and city of Toronto bonds are in the market.

POLICE SEARCHING FOR MURDERER OF DR. RAMSEY RANKIN

Two Women and Two Men Are Being Held by the Officials.

MONTREAL, June 1.—(By Canadian Press).—The inquest into the death of Dr. Ramsey David Rankin, who died early this morning at the Western Hospital of wounds suffered during a fight in an apartment house at 624 St. Catharine street west, will take place tomorrow morning before Coroner McMahon. Chief of Police Pierre Belanger stated tonight that the detectives were still looking for the man who is stated to have caused Rankin's death, while Chief of Detectives La Page said that his men rounded up all the witnesses and persons implicated in the case.

Chief La Page said in this connection that two men and two women, supposed to have been in the apartment house at the time of the tragedy, were being held. The women lived next door at flat No. 12, the glass in the door of which had been broken as well as that in No. 12, occupied by James Brown Gunn, where the fight started.

Information was given the coroner today in preparing for the inquest, to the effect that the party had consisted of four men. Dr. Rankin and one of the other members of the party had come a few days ago from Stratford, Ont. As far as could be learned, Dr. Rankin had spent yesterday in driving around in automobiles, and at 4 in the afternoon the party went to Gunn's apartment and sat there drinking until the tragedy occurred, shortly before 11.

An argument started between Rankin and another of the party, Roy McEachren, according to information given by the neighbors today. The argument was over cards and general personalities. This led to a scuffle in which Rankin fell against the glass in one of the doors in the apartment.

McEachren, who had come from Stratford with Rankin, is then alleged to have run away, and was later found at his room at the Windsor Hotel by detectives. He is said to be one of the four witnesses held for the inquest. Gunn is also stated to be held.

HAD BEEN IN WEST.

STRATFORD, June 1.—Dr. J. P. Rankin, father of the late Dr. Ramsey Rankin, who was killed, either accidentally or by foul play in Montreal, and Mayor W. H. Gregory, who is a cousin, left tonight for Montreal to arrange for the disposal of the remains. The late Dr. Rankin had been practicing in Saskatoon, Sask., for some time. He returned to this city over a week ago, and had gone to Montreal to arrange to take an examination for a license from the Dominion Medical Association.

Under the terms of his degree he could practice medicine only in the province of Saskatchewan, and he wished to obtain a license to practice in any province in the Dominion. It was to arrange for an examination on the subjects to complete the requirements of the association that Dr. Rankin was in Montreal.

ICE CREAM VENDORS MUST NOT SELL TO PICK AND SHOVELMEN

Warned To Keep Away From Laborers During Working Hours.

ST. THOMAS, June 1.—Ice cream cones may not be taken with shovels and pickaxes, is the latest mandate of the board of works. And to make this inhibition the more effective, Health Inspector Shaw has given official notice to the itinerant ice cream vendors not to sell any cones to the city laborers during working hours. This order was given by direction of the city engineer, who found that the cones and laborers' implements make unhealthy mixtures, and the luxury of it gets the men far apart from the prosaic sewers and limped ditches and means a loss of so much per hour to the unsentimental corporation.

Making History.

INFANT MORTALITY in past ages has been something frightful, something almost beyond belief, and even today it occupies the time and the mind of leading physicians in all countries. The death rate among infants is being gradually reduced through new methods of hygiene, new preventatives and new remedies for infants. This reduction in the death rate has NOT been accomplished by adapting the precautions taken and remedies used by adults. Rather has it been to keep clear of the old methods, and choose after long research the precautions and remedies specifically applicable to infants.

This being so, is it necessary for us to caution mothers against trying to give her baby relief with a remedy that she would use for herself? Will she remember that Fletcher's Castoria is strictly a remedy for infants and children?

Children Cry For Fletcher's CASTORIA

Of Course You Love Your Baby.

You love it because of its very helplessness, because it can't tell you what is the matter when it feels bad. It can only cry and look to you for help. But the more you love baby, the more you want to help baby, the more you ought to realize what a wonderful remedy Fletcher's Castoria is. It has been used for babies' ailments for over thirty years.

An experienced doctor discovered Fletcher's Castoria especially for babies' use. It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. Doctors who know what is safe and best for babies have only good to say of it.

Don't neglect your baby. Get a bottle of Fletcher's Castoria and give baby a few doses of it. See how the little one smiles at you as if trying to thank you for helping it. Soon you will learn to depend on Fletcher's Castoria, made just for Infants and Children, and of course you would not think of using anything for them that was not prepared especially for Infants and Children. So keep it in the house.

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher.
