An anonymous cor. prime of life, leaving behind an example There are no justifying circumstances, respondent in the Globe strives to orable career, which will be kept green in the and nothing but Riel's execution will satisfy the great majority of the people asserts that at a recent Conservative of Canada. Let the gallows be erected meeting one of the speakers abused Mr. on Friday, and let the murderer swing Anglin. Such tactics as these is a for the shedding of innocent blood and strong confession of weakness. the spoliation of the country. The argument of the Grit press is peculiar. The Halifax Recorder asserts that what in the Province, outside of St. John to ever Riel's fate, the Government will observe, is the enthusiasm with which paper remarks, that "if the Government Local Government, and their supporter, hang Riel, they will execute a man Mr. Stockton, have thrown themselves against than sinning; if they commute party. The Local Government hates demned before the country." Will these that may have some influence in next gentlemen tell the public and the Gov- years' general election. ernment just what course would satisfy them? The fact is every Grit in the country is fervently praying that Riel getting their deserts. On Saturday Big may escape the gallows. With them it Bear was found guilty and sentenced to is not that the ends of justice may be three years in the Penitentiary. served, or that the innocent may not suffer, but that the Government may be

embarassed Incidents of his visits described to Since the above was written, an Ottawa telegram has been received which says that Riel's Counsel have given notice to the Governor-General of their appeal to the Privy Council in England, and that under these circumstances the judge who tried the case will as a matter of course postpone the car-ber limits connected with them, on being in-wring out of the sentence until the final terviewed by the FARMER, regarding Ottawa, rying out of the sentence until the final court is given by the judicial committee.

## Grit Telegramists.

If there is anything more unreliable than the editorials of the Grit press, it is the continuous flow of falsehood continuous flow of falseh tained in the Ottawa political telegrams ford a cooling shade in the hottest sumthat find their way into Grit newspapers. For example, the other day, the Telegraph published an Ottawa despatch, which alleged that a certain Mr. McDonnell of Toronto, who was termed "notonell of Toronto, who was termed "notoderictor, but he was so eadly changed, that I
did not recognize him. He seems to be much County Court Judge in Ontario. The same telegram was published also in the Halifax Chronicle, and the Chronicle took occasion to particularize. It represented McDonnell as a worthless character of the commendation of the seems to be much town in the last quarter of a century. The York is yery well represented in Ottaws, by Mr. Temple, whom I met daily, He was fell destroyer was Mr. Freenan H. Todd, promptly on hand when anything was to be done, and the expression of his views commands the respect and attention of the years provious to his decease, Mr. Todd had seems to be much the commercial prosperity and growth of the town in the last quarter of a century. The town in the last quarter of a century. The town in the last of these to succumb to the touch of the promptly on hand when anything was to be done, and the expression of his views commands the respect and attention of the years provious to his decease, Mr. Todd had sented McDonnell as a worthless character, who, while in a state of intoxication had insulted Mr. Huntingdon in the Commons Chamber. It turns out, how-rare thing is a politician.

In the interest of his County, whether they old see weakened his physical frame and the voted for or against him, and does not allow party feelings to interfere with his duties, a less desirable than it otherwise would have been. A severe illness prostrated him last been. A

fortunate. Instances have not been wanting in New Brunswick, of demoralization of public men by drink, but we have yet to hear that such a weakness was heralded abroad in the press opposed to the victim. The veil of charity and concealment in such cases is preferable to exposure and public comment. Mc
