SOUVIELLE'S SPIROMETER GIVEN FREE. 1 During the past five years thousands of patients have used my medicines and treat ment by the Spirometer, and the result shows that every one who has properly followed out the instructions has been benefited and a larger percentage gured benefited and a larger perc than by any other treatment known. En couraged by this fact, the great and in-reasing demand for my medicines, and finding that many who could be cured are financially unable to procure the Spirometer, I will give the Spirometer free to any one, rich or poor, suffering from catarrh, catarrhal deafness, bronchitis, asthma, weak lungs or consumption who will call at 173 church street, Toronto, will call at 173 church street, Toronto, and consult the surgeons of the Interna-tional Throat and Lung Institute, the medicines alone to paid for. Everyone can now afford to take the treatment, and the prejudiced or sceptical can afford to test the merits of the Spirometer and medicines prescribed by the Surgeons of the Institute, which we claim is curing more diseases of the air passages than any other treatment in the world. Those who cannot see the surgeons personally can write to 173 Church street, Foronto, for particu-lars and treatment, which can be sent by express to any address. Dr. M. -There never was and never will be a uni-versal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other differently seated discases rooted in the system of the patient—what would relieve one ill, in turn would aggrevate the other. We have, however, in Quinine Wine, when ob-tainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use the frailest systems are led into convalescence and strength. by the influence which Quinine exerts on nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and by tranquilizing the nerves, disposes to sound and refreshing sleep —imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making ac-tivity a necessary result, strengthening the frame and giving life to the digestive or-gans, which naturally demand increased sub-stance-result, improved appetite.
