The Northwest and the Ontario Farmer.

A gentleman largely engaged in farming said yesterday to the World: "If Mr. Van Horne had known more about the relative cost of agriculture he could have sold the Northwest farmers that it was absurd for them to grumble at 40c a bushel for wheat when many Ontario farmers had been obliged to put up with 55c. The price is, proportionately to the cost of producing the grain, better than what is to be seen in Ontario. Beginning with interest on the cost of clearing and fencing an arable acre in the forest down to the cost of manuring the Ontario acre heavily for wheat, there is more loss in 50c here than in 40c there. The reason our farmers grow wheat is they thus divide the labor of the year. They plow in midsummer and sow wheat in September, which relieves them of exactly so much plowing and harrowing next spring. What is also the best vehicle for grass seed. Nobody ever believed that wheat growing in the Northwest could go on as a permanent and perpetual business. The farmers there, as a rule, study the advantages of mixed husbandry. The day will come when a farmer in Europe or some other part of the world will give them a boom in wheat, but considering the cheap price of land, which they boast has only to be felled with a plow in the spring to yield a smiling harvest in the fall, and their immunity from the expense of manuring, the wheat crop elsewhere will have no more reason to bewitch than their co-laborers here."

GRAND COUNCIL OF THE P.P.A.

Annual Convention of the Order in Session in Hamilton, Jan. 23.—The annual grand council of the P.P.A. began today at 2 o'clock in Association Hall. There are not more than 900 delegates in attendance. Each lodge is entitled to send two, and there are about 450 lodges.

THE HAWAIIAN QUESTION.

Two Phases of the Question Discussed by the Senate. The Hawaiian question presented itself today in the Senate in two separate and distinct phases. It came up first in connection with a resolution proposed by the Committee on Foreign Relations declaring it to be unwise and inexpedient, under any project of annexation of the Hawaiian territory to the United States; that the Provisional Government of the Hawaiian Islands is the highest international authority, and that the highest international authority requires that it shall preserve its own line of policy, and that foreign intervention in its affairs is unwarranted and should be regarded as an act unfriendly to the Government of the United States.

TECHNICAL SCHOOL BOARD.

Technical School Board, 23rd Jan. 23.—The announcement that the Board had met last night at the Yorkville Hotel has been received. The board has agreed to accept \$500 for the purchase of the building at the Yorkville Hotel, and to accept \$250 for the purchase of the building at the Yorkville Hotel.

THE WABASH RAILWAY.

The Wabash Railway has now on sale winter tourist tickets at the lowest rates ever made to Old Mexico and California. Tourist rates are available for the great winter fair at San Francisco. The winter tourist ticket is the great trunk line that passes through six states of the Union and was the most successful magnificient train in America.

DISABLED BY A TIDAL WAVE.

New York, Jan. 23.—The Normannian, which has returned to this port disabled, was struck at sea by a tidal wave, which swept away some of the deck and part of the promenade deck and injured seven men, including the second officer, who will die. All the injured are Germans. The waves during the hurricane completely wrecked the ladies' parlor, the music room, the main saloons, both upper and lower, and flooded the staterooms. The 120 first-class passengers were thrown into a panic when the immense wave boarded the ship.

THE GUNION LINE.

The Gunion Line (owned by East). New York, Jan. 23.—The Gunion Steamship Company, which, next to the Cunard Line, is the oldest trans-Atlantic steamship line entering this port, has practically ceased to exist. The last boats, Arizona and Alaska, which it merely leased, have been transferred to the Anchor Line.

THE HAPPAHANNOK STRANDED.

WASHINGTON, Jan. 23.—The steamer Happaannok from Newport News for Liverpool has stranded near Cape Henry, Va. The crew of 22 men are on board and the vessel has also been boarded by the life-saving crew.

THE QUESTION OF THE DAY IN CANADA.

The question of the day in Canada centres round the farmer. In the Northwest he has been getting 40 cents for his wheat and in Ontario 60 cents. It is admitted the farmer cannot make a decent livelihood by selling wheat at these prices, and the question that is bothering the farmer, the thinkers, the press and the politicians of the country is how the farmer's condition can be ameliorated. Mr. Braithwaite, the mouthpiece of the Manitoba Patrons, calculates that 100 acres of land in the Northwest will produce 1400 bushels of wheat, which, at 38 cents, amounts to \$532. When all expenses are met it is quite evident the farmer will have little left for himself and his family. Mr. Braithwaite summarizes the farmer's expenses as follows: Now he must pay \$100 for help and binding twine, \$100 for threshing, and \$50 for breakages, etc. This needs an outfit worth at least \$150, which will require an outfit of at least \$150 to keep up, which is averaging the life of the outfit at six years, which, I think, is fair, thus leaving the man the princely sum of \$132 on the whole, to feed himself and his family that is if he is out of debt and his land clear.

SUGAR MADE FREE.

The Hawaiian Question From Two Points of View—The Attitude of Congress.

WASHINGTON, Jan. 23.—The sense of the House in the matter of free sugar was again made manifest when the amendment of a number of members with protectionist proclivities, while that of Mr. Robertson (Dem. La.) amendment putting a tax on sugar, was defeated, thus leaving all sugar free.

DEFENCE OF THE BRITISH EMPIRE.

Mr. A. J. Balfour Discusses the Subject at the House of Commons.

LONDON, Jan. 23.—Mr. Arthur J. Balfour, leader of the Unionists in the House of Commons, spoke at length last evening before a meeting in Manchester on the subject of imperial defence. This subject, he said, was at present of paramount interest. Any nation or combination of nations which was able to treat Great Britain her supremacy of the sea could bring her to her knees without landing a single soldier on English soil.

HOOPER TO BE TRIED IN JUNE.

Brought Up for Preliminary Examination by the Crown.

THREE RIVERS, Jan. 23.—The Hon. constable and his deputy went to Juliet's at 4 p.m. yesterday by the C.P.R. to bring down a criminal case against Hooper, who is to be tried in June next. Hooper was brought for preliminary examination before Judge Barthelemy this morning and remanded until Tuesday next.

PUNISHING THE ABOR TRIBES.

Capt. Maxwell Captures a Village With 1000 Inhabitants.

CALCUTTA, Jan. 23.—A despatch from Gowhaty, Assam, states that the British expedition under Capt. Maxwell, sent to punish the tribes who have been committing depredations in the province, had an engagement with the tribesmen on Sunday, the 19th inst. The British forces were victorious and the tribesmen were killed and several wounded.

A RENEGADE RED.

Tells How the German Police Bribed Him to Inform.

BELMONT, Jan. 23.—Two thousand of the unemployed workmen of this city are expected to meet at the Germania hall to-day. Three hundred police were present to preserve order. The anarchists spoke in accordance with the promise to produce proof that the police arranged in advance for the outrages which they committed last week in dispersing the crowd near the Koenigsplatz. A man named Brabant told the police he was a German and that he was a renegade.

STEPS BE TAKEN TO CHECK BUYERS.

INGERSOLL, Ont., Jan. 23.—Checks buyers are to be taken advantage of the gathering of many of their number at a meeting of the Association here to-day. The Association here to-day to ventilate and if possible remedy grievances against sellers. It is complained that sellers make a market and then dispose of their goods by private sale. The board at London appointed a committee from Woodstock, Brantford, Ingersoll and Listowel to consider and report on the matter.
