A Lady Cured After Physicians Fail.

POSTMASTER VOUCHES FOR THE TRUTH OF EVERY STATEMENT

United States was therefore 61 per cent, of her trade with the whole world; with the British Empire it was 35 per cent." No reference is made or attention directed to the fact that these figures only refer to that proportion of Ontario's commerce which is portion of Ontario's commerce which is

dismissed. When life was fast ebbing away, strength gone, and the grave almost in view, she was persuaded to use Palne's Celery Compound. Mrs. McKay writes as follows about

"I consider it my duty to add my testimonial to those you have already received for Paine's Celery Compound. My case was a very peculiar one. After doctoring for a long time with different physicians who did not understand my case, I gave them up. My strength was all gone, and it was with great difficulty I managed to move around. I had a pain continually low down in my left side. Up to a few years ago I was a fleshy woman and weighed 185 pounds, but, from a continued drain on my system, I wasted away to a mere shadow. I have taken seven bottles of Paine's Celery Compound, and find myself a new woman; I have no pain now and my strength is returning, no pain now and my strength is returning. no pain now and my strength is returning, and I am becoming fleshy again. To Paine's Celery Compound I owe my recovery, and I caunot speak too highly of it as it saved my life. I write this with great pleasure, and highly recommend Paine's Celery Compound to all sufferers."

Mr. J. A. Pennover, postmaster, savs: "I

Mr. J. A. Pennoyer, postmaster, says: "I am personally acquainted with Mrs. Neil McKay, and can vouch for the truth of her statements."

Twelfth Annual Report of Directors of the Company A YEAR OF GOOD BUSINESS.

..\$704.141 26

Intense intense in the made for the machine.

Intense intense intense intense into the marked advances made by our company, as indicated by the reports placed before you from year to year, but on no former occasion have I been able to point you to such a great increase in the income and in the assets of the Company. The report shows a gain over the previous year of more than seventeen per cent. in income and over forty-four per cent. in income and over forty-four per cent. in assets, exclusive of guarantee capital.

four per cent, in assets, exclusive of guarantee capital.

In some previous years a greater gain was made in the amount of our insurance than has been the case in the past year; however, it has been the aim of your Directors for the past two or three years, as intimated in my remarks at our last annual meeting, to encourage an increase in our premium income and a distribution of the company's risk over a greater number of lives by substituting investment insurance in smaller amounts for terminating policies.

In following this course we have added several hundreds to the number of lives insured, without increasing the aggregate amount at risk very much, and have largely increased our income. Regarding the very substantial and commodious premises we now occupy for our head offices, the purchase of which is mentioned in the directors' report, it is needless for me to say offices, the purchase of which is mentioned in the directors' report, it is needless for me to say anything, except perhaps to add that the cost of this property, with the improvements made since its purchase, is much less than that of any equally desirable property within my knowledge bought or built for a like purpose.

Mr. Kearns, Vice-President, on seconding the motion for its adoption, said: It affords me much gratification to join in the submission of the report which has been presented. In addition to what has been said by the President I can assure you that the continued and large growth shown in the resources and solidity of the company enhance the value of its contracts to the insured, whose interests are our first care.

Our Agents, who have been energetic and intelligent in the discharge of their duties, will be strengthened in their work in no small degree and, no doubt, will enable your Directors for this year to afford you even more favorable returns.

With a surplus to policy-holders of \$84.386.36.a

this year to afford you even more favorable returns.

When we affirm that there is intense interest aroused in every part of Canada regarding the wonderful cnres effected by Paine's Celery Compound, it is really giving the truth in a very mild form.

Never before in the history of medicine have our people been so thoroughly aroused as at present. Every day, from all parts of our broad Dominion, glad news is received of lives saved after years of suffering and pain. Physicians stand amazed when they see evidences of the life-renewing powers of Paine's Celery Compound. The quiet village of the content of the company of the medicine have our people been so thoroughly aroused as at present. Every day, from all parts of our broad Dominion, glad news is received of lives saved after years of suffering and pain. Physicians stand amazed when they see evidences of the life-renewing powers of Paine's Celery Compound. The quiet village of the content of the company of the denies of the life-renewing powers of Paine's Celery Compound.
